

Face to Face.

If my face would only promise that its color would remain...

If my trembling hand were steady, if my eyes spoke not so plainly of the tears they shed...

If the melody of spring-tide awoke no wild refrain, if the autumn's golden burthen awoke no living pain...

If my woman's soul were stronger, if my heart were not so true, I should long have ceased remembering the love I had for you...

"The Last Time."

"Come, George, have a drink?" said a young man, stepping into the bar of the palace-like room...

He was very young, but there was a firmness about his finely-cut mouth, and a truthfulness in the clear, brown eyes...

The other was in the prime of life, his blood, fair forehead stamped with a noble intellect, giving promise of a bright future and a life of usefulness...

The brow of his companion flushed for an instant, as he answered firmly: "No, thank you; I have pledged myself this day by all that is dear to me, never again to drink of that deadly poison...

There flashed through the mind of the first speaker the vision of a beautiful wife, to whom he was more than life, and the pleasant fireside where her dainty hands would make ready what most would please his fancy...

The last time! Oh! vain man. No other life in which to clear your sullied name, to cleanse your perjured soul...

The last time! Oh! vain man. No other life in which to clear your sullied name, to cleanse your perjured soul...

We are all passing through this life for the last time. Oh! let us strive so to live that when we have greeted our friends here for the last time, and looked our last upon earthly things, we may go hence in peace, having the testimony of a good conscience free from all that can hurt or harm the soul and in favor with God and man...

WHAT YOUR FRIENDS AND NEIGHBORS SAY ON A MATTER OF VITAL IMPORTANCE

Below will be found a sample of the multitude of letters of encouragement Messrs H. H. Warner & Co., of Rochester, N. Y., daily receive. The subjoined unsolicited testimonials are from your friends and neighbors, ladies and gentlemen you know and esteem for their honor and straightforwardness, and who would scorn to be a party to any deception...

International R. R. Dining Saloon, AMHERST, Nova Scotia, Jan., 1887.—In October, 1884, I was taken down with bleeding from the kidneys, or some of the arteries leading from them. One day, while lifting, I felt something giving away in the region of my left kidney and immediately after I commenced to pass blood in my water. Three doctors could not stop the flow of blood. I got "Warner's Safe Cure," and began taking it unknown to the doctors, and began to get less, and in two or three days the dropsy began to set in my legs and feet. By this time I was reduced to a mere skeleton, suffering from cramps in my legs, feet and hands, also the hiccoughs. My flesh became like a piece of white, unpolished marble, cold and no signs of any moisture. I here wish to say that I did not take any of "Warner's Safe Cure" from the 20th of December until March following. They tried all they could to check the dropsy, but had to resort to tapping at last, which was done every thirteen or fourteen days until the 23d of March. Then I was given up as hopeless, my spiritual director giving me the last dying rites of my church. I told them, fear not, I would, with the help of God and "Warner's Safe Cure" come out all right. I then began taking "Warner's Safe Cure" every three hours, night and day, and "Warner's Safe Pills" also, and dieted as directed, and to the surprise of the doctors, my family friends and the public, I was able to get out by the first of May for a short walk or a drive. I still continued to take "Warner's Safe Cure," and now I feel as well in health as I ever did. No more trouble with dropsy, cramps, hiccoughing, or kidneys, and consider myself a sound man again. The catarrh in the head, of which I was badly affected, also disappeared. These are all the facts of my case, as hundreds can tell you who know how low I was. As a reference I will mention the name of Mr. J. Rogers with the firm of Emanson & Mason, of Montreal, who knows my case in full.

A large trade is being done in shipping live lobsters from the southern part of Nova Scotia to Boston. They are gathered by a schooner, which is fitted with a tank containing salt water into which the lobsters are turned as they are collected from the boats that attend the traps. They are then packed in crates, 50 in each, and shipped by steamer to Boston. The business is said to be a paying one.

Messrs C. C. RICHARDS & Co. Gentl.—Having used MINARD'S LINIMENT for several years in my stable, I attest to its being the best thing I know of for horse flesh. In the family we have used it for every purpose that a liniment is adapted for, it being recommended to us by the late Dr. J. L. R. Webster. Personally I find it the best allayer of neuralgic pain I have ever used.

What the Offer Means. The reader of proprietary medicine ads. often wonders what reply is given to the surviving victim who makes bold to go to the medicine man and demand the \$500 reward for a case we can't cure. This is how one of them came out. The medicine was in Buffalo and the story is vouched for as true. "Doctor," complained the patient, "I've swallowed your cure for five years, and here I am, not cured a bit." The doctor looked at him pityingly, as one who had not at all comprehended the spirit of the offer. "Five years! My dear sir, you've only just got started. Come to me after, say, twenty years and I'll talk with you."
