FISHERY OFFICERS CAPTURE POACHERS

Inspector H. E. Harrison and Assistant Made Haul Near Beeswood—Trial at Woodstock

Fishery Inspector H. E. Harrison, returned to Fredericton last night from a trip over a part of his district in the upper part of the Province. He left there Wednesday morning for Grand Falls, and there in company with Overseer W. L. Mersereau and Warden Russell L. Boyer came down river by canoe. It was the intention of the party to come as far as Woodstock but the lack of time prevented this and they got only as far as Stuckney, a short distance above Hartland. Indications of poaching were noticed below Grand Falls at the mouth of Salmon River, by the officers, and evidence was not lacking that some poaching had been done in that vicinity.

In Carleton County near Beeswood a short distance above Bath further signs were noticed and the party hid their canoe and concealed themselves on the shore. From their vantage point later on in the evening, two men were seen to enter a boat further up river and unaware that they were being watched proceeded to set up their crail or light and, having lighted it, began their search for the hony ones. Their luck was not good, and they drifted down, without suspecting their fate, until they were opposite their watchers. At that time Messrs. Harrison, Mersereau and Boyer left their vantage point, slipped their canoe into the water and rushed out to the boat of the poachers. These gentlemen, being intent on their own business, did not notice the approaching boat until it was within about ten feet of them. The shock must have been great, but they kept their heads sufficiently to down their light and throw their spears away. The "bambeen" was of course lost but the spears were recovered and added to the already large collection possessed by Inspector Harrison.

The names of the two poachers were taken by Overseer Mersereau and their trial will come on in the near future at Woodstock. The names of the unlucky pair are Holmes and Cannam. Frederickton Mail.

Wardens Boyer and Gee caught two men drifting for salmon at Bristol, the nets, fishing equipment, and several salmon were taken.

NEW CHIEF LIQUOR INSPECTOR

Chief Inspector W. D. Wilson has announced the appointment of chief officers for four of the five zones into which the province has been divided for the enforcement of the intoxicating liquor act, 1916.

The fifteen counties of the province are divided into five groups or zones. These will be under the supervision of chief officers who will have above them the chief inspector, who will exercise general supervision. The chief officers will be in charge of law enforcement leaving other duties to the chief inspector.

Allen McLaughlin, appointed chief inspector for Carleton, Victoria and Madawaska.

With regard to the theft of seven cases of alcohol at St. Leonard some time ago, the chief inspector said that there was little new except that he had seen the way bill and the C. P. R. was responsible. The chief inspector said that the owner of the alcohol acknowledged the offense and paid the fine the day the liquor was stolen. Circumstances pointed out conspiracy in the matter.

Asked concerning reports of his resignation, Mr. Wilson said that he was Chief Inspector and would remain such, any change coming in good time.

Former Waterville Man Dead in Maine

William R. Whitney, a former Waterville man, died suddenly of heart failure at his home in Norridgewock Me., a short time ago. He was a prominent potato buyer in that town and formerly carried on a similar business in Houlton, where his first wife and a son lie buried. He was married a second time a year ago.

The late Edward Whitney of Waterville and John Whitney of Avondale were brothers and Mrs. W. J. Davis of Waterville, Mrs. S. E. Bowles, Boston, Mrs. Sarah Davis and Mrs. Mary Tracey of Yarmouthville, Me., are sisters.

UNWISE GREED

Archie Fraser has been in Perth the past few days trying to secure the necessary land about the Tobique Narrows on which to build the proposed pulp mill, but it is understood that the owners have put a prohibitive price

on their property, so much so that other sites are being investigated.

The people of Tobique Narrows have been waiting for a long time for this development and now it is too bad to drive it to the mill, which will inevitably happen unless they sell at a reasonable price.

The very same thing happened when the Fraser Co. went to Edmundston to locate their mill there. The owners of the first chosen site put the price beyond reason, which forced the Fraser Co. to seek grounds in another locality and now the owners of the first chosen site are grieving over their mistake. It is not long since a former property holder of Perth drove a good industry elsewhere by refusing a reasonable price for his land. Why not offer some inducement for a great development rather than push it away?—Victoria Co. News.

NEW BRIDGE PROGRESSING

It is now possible for pedestrians to cross the river by way of Hartland bridge. The N. B. Construction Co., who have the contract for rebuilding the piers and completing the bridge, have for their own convenience constructed a foot bridge from the end of the old bridge across to the western shore and the public is allowed to use it. It is a great convenience and highly appreciated.

The Company is getting well down to work on their job, and have brought five sections of construction paraphernalia here. Workmen are in demand and earn from 40 to 50 cents an hour, according to ability and skill. They work about 12 hours a day.

The N. B. Construction Co. has absorbed the well known contracting firm of Powers & Brewer, and the Messrs. Powers, Grand Falls men, are in charge here. The Company has also several other important jobs on hand. They have rented a portion of H. N. Boyer's building near the bridge for an office.

RIDEOUT-SHAW

A quiet wedding took place at the officiating minister, Rev. M. B. Canon of Woodstock on Aug. 12 at 2 p.m., when Gerald Miles Rideout, son of Mr. and Mrs. Miles H. Rideout of Somerville, and Miss Grace Mabel, eldest daughter of Allison H. Shaw of Middle Simonds were united in marriage.

The bride looked charming in a travelling suit of navy tricot and tailored hat to match. After the ceremony the bridal party, accompanied by Mr. and Mrs. Arnold Rideout, the former a brother of the groom, motored to Fredericton and St. John and other points. They returned home on Saturday.

Motored Here From Boston

Harrie E. Currie and Mrs. Currie motored here from Boston last week and as the guests of his mother, Mrs. Judson Currie, his sisters, Miss Sadie Currie and Mrs. F. H. Boyer, and his brother, Arthur Currie. They left Boston at 8 a.m. on Friday and arrived at Hartland at 5 p.m. the following day. Mr. Currie is doing a splendid business as a public accountant.

UNITED FARMERS IN ROUSING MEETING

Gather at Woodstock Where They Hear Inspiring Speeches and Decide to Branch Out

The first of a series of meetings to be held throughout the province by the United Farmers was successfully carried out on Island Park, Woodstock, on Monday afternoon.

A circular was sent out all over New Brunswick by the central organization asking if the farmers were willing to organize branches. There were more than seven hundred replies in favor, and as a result meetings will be held during the month throughout the province and every county will be organized. John M. Pratt of Winnipeg, O. Gordon Sharpe, Provincial Secretary, Pembroke, and T. W. Caldwell, M. P., Provincial President will be the principal speakers.

Mr. Caldwell has just returned from Winnipeg where the Canadian Council of Agriculture held a convention at which it was decided that every county in Canada should be organized.

The county meeting was held in the grand stand at Island Park in the afternoon. There were 400 men and women present. W. B. Reed of Knoxford, was chairman; C. Gordon Sharpe, central secretary, opened the meeting with an able address dealing with development of the association in New Brunswick and pointing out the need for organized effort. This was well received and followed by an address by Thomas W. Caldwell, M. P.

Mr. Caldwell dealt very definitely with certain phases of the legislation as the last session of parliament, laying special stress upon the Order-in-Council granting credits to Greece and Roumania amounting to \$50,000,000, with which manufactured goods were purchased from government members. Mr. Caldwell said the chances of payment of this amount is very remote, and the chances are that the taxpayers of the Dominion will eventually have to pay for the goods.

These persons sold at wartime prices. Mr. Caldwell also dealt with the ship building programme and showed how credits extended for this purpose amounting to \$20,000,000 probably would eventually have to be paid for by Canadian tax payers.

A FINE PIECE OF SIDEWALK

Hartland town possesses at least one very excellent piece of sidewalk and it has not cost the corporation one cent, and, besides, in its building the street along which it lies was made two feet wider. The walk was built by H. H. Hatfield in front of his fine property on Main street and, five feet wide, extends from the corner of Queen street north a distance of about 150 feet. It is made of heavy concrete on a thick bed of gravel and should well withstand the frost. Mr. Hatfield intends building a stone wall along the front of the lot between his house and The Observer Office, and turning the lot into a decorative flower garden. When completed it will add very materially to the pleasing appearance of the town.

New Goods constantly arriving

at Carr's

Just received from SIMMONS'S Limited, the big manufacturers of Beds and Bedding.

IRON and STEEL BEDS, FABRIC SPRINGS, MATTRESSES, (various makes), COUCHES, DAVENPORTS, STEEL CRIBS, also wood and steel Cots.

For Comfort and Durability we recommend an OSTERMOOR MATTRESS

Who was it wrote—

Ged give me sleep—the night is worn away—
Soon from the East will come relentless day—
Day, that will summon me to strive again
With strong, resourceful, eager, selfish men
I with spent nerves and bra in long robbed of rest
Must face the fight they ent on with zest
Fame, Fortune, all is stake it!—How shall I keep
My foot hold?—Help me, O Lord, I need Sleep!

What he needed was an OSTERMOOR

John T. G. Carr
