

THE CONCEPTION-BAY MAN.

or is he haunted by the ghost of monopoly? that monopoly whose unwholesome carcass has been shovelled out of sight for ever.
Yours, respectfully,
CHIPS.

The late Fire.—It will be observed that Charles Fox Bennett, Esq., has offered a large reward for the discovery of the person whom he believes perpetrated the atrocious crime, of firing his Mill Establishment on Saturday week. The facts stated are strong enough to convince any one that the fire was certainly not an accidental one, and we are not singular in the opinion that the Executive would evince a due regard for the public good if it manifested a desire to bring the culprit to punishment, by offering a suitable inducement to that end.

If the fact be as Mr. Bennett states, that the "rabble" took the hose from his men and destroyed the hydrant, and this, too, in the middle of the noon day—what does such a circumstance illustrate?—Where was the Inspector Mitchell, and his embroidered police? They were so where, and the country has to pay for toys instead of practical and efficient peace officers.

It is on occasions when large bodies of people are called together that the efficiency or otherwise of a Police force is manifested. In all communities there exist lawless characters, and it would be miraculous if ours was an exception to the whole world. It is for the wholesome restraint of such ill-educated persons that Policemen are a necessary evil; and it is our duty now to enquire why the Police did not interfere to protect the well-disposed from the annoyance to which, it is said, they were subjected on the occasion of this fire? Why, the immediate answer is, that the Police force is inadequate to its duties; and we can very readily believe it. The force numbers but ten men and their Inspector—a body whose weakness would rather incite to vexatious annoyances than repel them. It is sufficient to cause the astonishment of strangers that we have so remarkably peaceful and creditable a community without a police worthy the name.—*Patriot.*

An inquest was held yesterday, on view of the bodies of David Barry and Patrick Quigley, two boys who had been killed a short time before, by the falling of a chimney on the ground lately devastated by fire, and a verdict of "accidental death" was returned.—*Post*, November 15.

We learn, on the authority of the *Aberdeen Herald*, that Sir RICHARD BANNERMAN, (a native, we believe, of Aberdeen, and of whom our readers, for the most part, cannot but have some knowledge) has been appointed to the governorship of Newfoundland.—*Times*, Nov. 15.

We understand that the election of Mr. Buchanan as President of the United States was announced here by telegraph yesterday.—*Id.*

DIED.—On Saturday morning last, after a long and protracted illness, borne with Christian resignation to the Divine will, Mr. F. Dancey, aged 37 years, leaving a widow and five children to mourn their irreparable loss.

At St. John's, on Thursday evening last, after a short illness, Tryphena Eliza, daughter of J. C. Withers, Esq., in the 5th year of her age.

A MARVELOUS REMEDY FOR A MARVELOUS AGE.
HOLLOWAY'S OINTMENT.
The Grand External Remedy.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part.—Disease of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas and Rheumatism, Scorbatic Humours.

No remedy has ever done so much for the cure of disease of the Skin, whatever form they may assume, as this Ointment. Scurvy, Sore Heads, Scrofula, Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health. *Sore Legs, Sore Breasts, Wounds and Ulcers.*
Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.

Piles and Fistulas.
These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs, Bad Breasts, Burns, Bunions, Bite of Moschetoes and Sand Flies, Cocco-bay, Cheigo-foot, Chilblains, Chapped hands, Corns, (soft) Cancers, Contracted and Stiff Joints, Elephantiasis, Fistulas, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Scalds, Sore Nipples, Sore Throat, Skin-diseases, Scurvy, Sore-heads, Tumours, Ulcers, Wounds, Yaw.
