SUFFERED FROM Catarrh of the Stomach For Thirty Years.

Catarrh of the Stomach is generally caused from some interference with the action of the liver, and is a malady that affects the whole body.

Some symptoms are burning pain in the stomach, constant vomiting, abnormal thirst, incessant reaching, etc. On the first signs of any of these symptoms Milburn's Laxa-Liver Pills should be taken. They are a specific for all dis-orders arising from wrong action of the liver.

Mr. Michael Miller, Ellerslie, Alta., writes:—"I take pleasure in writing you concerning the great value I have received by using Milburn's Laxa-Liver Pills, for catarrh of the stomach, with which I have been a sufferer for thirty years. I used four vials and they completely cured me."
