### Solemn Function at St. Patrick's

Bishop Power Celebrates His First Pontifical Mass - Societies and School Children Present Gifts and Addresses.

At 10.30 a.m. yesterday St. Patrick's Church was filled to the doors with a large and devout congregation. His Lordship Bishop Power celebrated his first Pontifical Mass and the church and altar were beautifully decorated for the ceremonial. His Lordship was assisted at the Thron by Revs. Fathers Joy and Sears. St. George's as chaplains of honor. Revs. Fathers Phippy and Kelly officiated respectively as deacon and sub-deacon of the Mass, with Rev. P. McDermott as High Priest and Rev. Dr. Greene as Master of Ceremonies. The officers of the various Catholic societies of the city were present, and when the Mass had concluded the united Catholic societies' address was presented in the sanctuary by Hon. J. D. Ryan, President of the Benevolent Irish Society. The address was as follows:

To the Right Reverend M. F. Power, D.D., Bishop of St. George's, Newfoundland:

My dear Lordship,—

On behalf of the various Catholic bodies mentioned hereunder, we extend to you our sincerest and heartiest congratulations upon the very great honour that has been conferred upon you by our present saintly and illustrious Holy Father in elevating you to the Episcopacy.

Of this great dignity, you are in every way most worthy. In the tender years of earliest boyhood, like the

rosebud of the dawn of spring, you gave promise of a beautiful life, impregnated with the aroma of virtue. For as the rosebud unfolds its petals, assisted by the gentle persuasion of the glowing sunbeam and the grateful breath of Heaven, it sheds around about it a beauty and a perfume that rejoices all nature; so, too, as time passed on its way beckoning you from boyhood to youth, and from youth to man's estate has your life, moulded after the fashion of Him whom you so faithfully serve, stood revealed, and crowned with the brightest gems of virtue—simplicity of heart conjoined with profound humility, and wedded to a soul endowed and adorned with sweet talents—a life more than fulfilling its early promise—breathing forth a living and eloquent sermon to all with whom you came in contact.

With keen interest have we watched your career in the past—a career marked with a restless zeal and an unostentatious charity, linked together with the lofty ideals that are ever the predominant traits in the character of the "Sogaarh Aroon";—and with the same interest shall we watch that career in the future. We look to the future with confidence, and feel that under the guidance of one endowed with such God-given gifts as you are, the Church and our grand old Faith will flourish on the western shores of our dear Terra Nova; as Wisdom, Piety, and Patience are seed that produce luxuriant and abundant harvests in God's vineyard—and your Lordship is possessed of all three in a prominent degree.

We humbly beg of you a memento in your Holy prayers, and we in turn shall ever pray to God for perpetually bless, assist and protect you in the high and holy office to which He has appointed you.

J. D. RYAN, President Benevolent Irish Society.

The coming day the very hills rejoice. For he who sits in Peter's throne has seen his children here the Continent's between. Strive to be faithful to the Church's voice, And sent thee, therefore, thou wert welcome thrice. How truly glad the people's hearts have been. Thine eyes beheld, thou knowest well I ween. Their faith a pearl is beyond all price. For many a year thy memory shall remain. For many a year we'll look for thee. And even if we see thee not again. We'll watch thy name amid the Court of Rome. The attention of the City Council's Impounder is called to some cattle that are lately seen wandering about on Harvey Road and Military Road. Last Wednesday four cows entered the grounds of St. Patrick's Hall and had free pasturage. The B. I. S. members are afraid the cows will destroy the building and destroy all the trees that they have taken so much trouble to cultivate.

### To-night's Meeting.

To-night the Regatta Committee will meet in the T. A. Armoury to finalize matters for Wednesday. All the crews who did not enter on Friday night must do so to-night without fail. ### Monarchist Tactics.

Special Evening Telegram. LISBON, To-Day. The monarchist invasion of Portugal from the north, to be followed by a peasant rising, which has been expected daily, has not yet materialized. Monarchist agents permit information to the effect that first one day and afterwards that another has been fixed for the outbreak, to fall into the hands of the Government. The provisional administration is thus kept in a state of uneasiness and obliged to maintain expensive means of defence, and commercial and financial interests are kept worried, not knowing the hour when the projected counter-revolution will begin.

### To-Night's Football.

To-night the Cadets and Highlanders football teams meet on St. George's Field in the Inter-Brigade series of football matches. Received a Dangerous Wound.

Yesterday at 10.30 a.m. a man named Edward Lang was passing down Water Street near Pitt's office, he was suddenly seized with an epileptic fit, and falling heavily, his head hit the pavement. He received a cut in it about two inches long and very deep, was unconscious for half an hour and lost much blood. People who saw the accident feared he had been killed, and Const. Leo, who was quickly at his side, rendered every assistance. When he revived the officer took him to Dr. Tall's surgery where several stitches were inserted in the wound. Later the injured man went to the S. A. Food Depot.
