Keep Your Display Windows Free from Frost.

For preventing the Frosting of Display Windows in winter time there is nothing simpler or more effective than

The Air Blast of an Electric Fan directed against the glass.

The philosophy of the thing is plain. The evaporative effect of the air current simply prevents condensation of moisture upon the window and affords relief from the annoyance which is generally sought but only imperfectly attained through various awkward means.

"Keep Your Figure Youthful!"
There is nothing more alluring, nothing more fascinating about a woman than a youthful figure. Grace and harmony of line, style and beauty do not lie in exquisite gowning. They are the result of proper corseting. The "SPIRELLA CORSET" makes every woman look and feel her best.
