Marine ENGINES.**

**For  
Pleasure,  
Work,  
Speed.**

Each type of motor boat requires a power plant of suitable style, horsepower and model, according to dimensions of hull, purpose used for and speed desired. The selection of the most suitable motor should not be guessed at, but should be the subject of careful consideration.

We sell the right motor for any power boat, whether used for pleasure, heavy duty purposes or fishing.

Where power and efficiency are of the most importance there you will always find

**DAYTON  
Money Weight Scales!**

After deciding to locate in Newfoundland, we wished to obtain agency for the best computing scale made. We visited all the leading cities of the United States and Canada as far west as Chicago. We visited three computing scale factories, all of which offered us their agency. We talked with hundreds of users of various types of computing scales. The result of our investigation showed us that the Dayton Money Weight Scale was absolutely the best computing scale made, and that it would outwear any two computing scales of the swinging pendulum type.

We therefore closed the contract for the sale of Dayton Scales and have sold a number of them in St. John's and the various outports. Every scale sold is giving perfect satisfaction.

We are also agents for the Dayton Silent Meat Slicer and Dayton Cheese Cutter. If you are interested in the most perfect weighing machine ever devised, write or wire
