The sinking of the Japanese ship Hirano Maru, and the Dublin mail boat Leinster, are incidents of a new submarine campaign, which the Germans launched about ten days ago, according to the Mail. It adds, that at the time, renewed submarine activity became evident in various directions, notably along the routes followed by steamers carrying American troops. It is reported that the new U boats are much larger and more heavily armed than any which have been sent out praviously by Germany. Among the missing from the Leinster is Lady Alexandra Phyllis Hamliton, daughter of the Dowager Duchess of Abersorn.
