**TO-DAY'S MESSAGES.**

**AT OTTAWA.**

OTTAWA, May 10.—The Opposition in the House of Commons, this afternoon, moved an amendment to the Budget Bill, brought down yesterday. The amendment urged economy, and attacked the budget on the ground that no provision was made for a reduction of the tariff.

**ACCEPTED IN FULL.**

BERLIN, May 10.—Germany has accepted the Allied ultimatum. The Reichstag, to-night, by a vote of 221 to 175, yielded to the final demands of the Allied Powers, and in so doing agreed to fulfil terms of the Treaty of Versailles to the capacity of the nation to do so. Dr. Wirth, Centrist leader, finally succeeded in forming a Coalition Cabinet, composed of Centrists, Majority Socialists and Democrats, which, confronted by grave necessity, speedily decided the acceptance of the ultimatum was the only course. In making this announcement to the Reichstag, the new Chancellor asked for an immediate decision by that body, and in the voting which followed, the Government was sustained. The Allied ultimatum required a definite reply, based "yes" or "no," no conditional reply would be entertained, and the ultimatum was formulated to expire on the night of May 12. The total sum, which Germany is called upon to pay, is \$750,000,000 pounds. Disarmament must be carried out by Germany in accordance with provisions of the treaty, and trial of War Criminals must be put into effect. Numerous other important terms, in which Germany has been in default, will be enforced. Non-compliance with Allied ultimatum would have subjected Germany to occupation, by Allies, of Ruhr Valley, and whatever other military and naval measures were deemed advisable.

**ANOTHER SPLUNGE.**

ESSEN, May 10.—The United Workmen's Union has placarded walls, urging all workers to resist the demands of lying agents of "Entente capitalists." These posters also appeal to all native born Silesians to join Silesian police being organized at Hagen to "save Upper Silesia."

**BOLSHEVISM IN IRELAND.**

LONDON, May 10.—A despatch to the Times from Hel-singfors says it has been learned that a telegram, sent to Max Litvinoff, Russian Chief of Legations abroad, on March twenty-ninth, establishes the existence of "Bolshevik" organization in Dublin, engaged in fostering the Irish Republican movement.

**WRIGGLING ALREADY.**

BERLIN, May 10.—The new Cabinet is generally regarded as makeshift, largely unrepresentative, but good enough to accept the Entente ultimatum, and thus avoid a French advance into Ruhr. While the Cabinet obtained a comfortable majority in the Reichstag, it has the unaided support of only the Majority Socialists and Clericals. The members of the other parties, it is declared, have given it support as a makeshift, but are not pledged to give it parliamentary support.

**THE CHANCELOERS SPEECH.**

BERLIN, May 10.—In his speech in the Reichstag, to-day, Dr. Wirth said, "our task in this grave hour is to obtain the decision of the Reichstag with regard to the ultimatum of the Allied Governments. In protracted, detailed negotiations you have formed an opinion of the contents and significance of this ultimatum. In view of the termination of time limits, I must ask you to express your opinion by an immediate decision. There is no possibility for it other than acceptance or rejection. The victors have so decided, and acceptance means that we declare our readiness to bear in voluntary labor the heavy financial burdens demanded year by year. Refusal would however, mean surrendering the basis of our entire industrial activities, and as a consequence the disarmament of our economic body, already so greatly weakened, and the hacking of our entire industrial life."

**GREENWOOD OPTIMISTIC.**

DUBLIN, May 10.—Sir Hamar Greenwood, Chief Secretary for Ireland, expressed himself to-day as extremely hopeful that present peace negotiations will bear fruit. "The trouble in Ireland arises through century long dissension among Irishmen," he said, "but as soon as they get together, and stay together on a common-all-Ireland policy, the Irish question will be settled. Up to the present Irishmen have been fighting each other."

**PROCEEDING SMOOTHLY.**

LONDON, May 11.—Negotiations for settlement of the Irish controversy are proceeding smoothly, according to the Daily Mail, which says that accredited representatives of Sinn Fein have been in London this week and brought certain proposals to the Government's notice. "It is understood," the paper says, "that there have been interviews with the Premier. He certainly has been made acquainted with Eamon De Valera's views, and an optimistic

feeling prevails in Government circles."

**LAFOLLETTE IN THE LIMELIGHT.**

WASHINGTON, May 11.—A resolution, condemning President Harding's action on the appointment of U. S. representatives to Allied Councils in Europe, was introduced in the Senate yesterday by Senator LaFollette, Republican, Wisconsin.

**DELIVERED BY MINISTER.**

LONDON, May 11.—Germany's unconditional acceptance of the Entente Reparation terms was delivered to Premier Lloyd George by Dr. Sthamer, German Minister to Great Britain, here to-day.

**IMPORTANT DISCUSSION.**

PARIS, May 11.—Premier Briand, the Ministers of war, Finance, Marine, Public Works and Liberated Regions, Marshal Foch and General Weygand met with President Millerand this morning to discuss measures necessary for the execution of demands prescribed in the Allied ultimatum to Germany on May 5.

**STRIKERS ATTACK WORKS.**

BALTIMORE, May 11.—Mobs of striking seamen, numbering upwards of 1,500 desperados, made several fierce attacks upon Non-Union workers, principally negroes, yesterday. Some dozen men were badly beaten up, and nearly one hundred strikers were arrested. Many of the strikers were armed with pistols and seamen's knives.

**Broke Articles by Refusing Orders.**

The five sailors of S.S. Rosalind who were discharged for refusing duty were not reinstated despite the efforts of the L.S.P.U. delegates and others to settle the affair. Yesterday afternoon the Delegates waited on Captain Mitchell and informed him that the Longshoremen refused to discharge the steamer's cargo until the seamen were reinstated. They were told the latter had refused to open the ships hatches when ordered to do so. The articles under which the men signed were read to the ship's company and the delegates who, seeing that the Captains position was correct there was nothing to do but allow the ship's cargo to be landed. Five men to replace the discharged sailors signed on to-day.

**Costs and Wages.**

The cost of living seems to be steadily coming down. One year ago potatoes sold for \$1 per peck, and to-day they are going begging at \$1 per barrel. Flour was worth \$17 a year ago and to-day it is selling at \$11. Sugar a year ago sold at double the price which it brings to-day and the same is true with regard to eggs. Clothing and cotton goods are also much cheaper than they were a year ago. Under the circumstances demands being made to-day by employees for increased wages, owing to the high cost of living, do not seem to be reasonable.—Fredericton Mail.

**Merchant and Newspaper.**

Merchants and newspapers would get together more quickly than is usually the case if they could reduce their relations to a common denominator. The merchant thinks of space in terms of cost per line or inch; the solicitor thinks of the store's need for space in terms of so much a week or month or other period of time. The merchant ought to think of newspaper space in terms of the stimulative and creative value of the circulation; the space salesman ought to think of it in terms of individual lines of merchandise rather than in terms of the whole store.—Advertising Ideas.

**Selling at a Loss.**

Birch billets of good size were sold to-day at 30 cents per hundred from a schooner belonging to Bonaville Bay. That such lumber is still selling for \$15.00 per M. and inch board at \$30.00, 5 foot palls were sold at Brownings' Cove this morning at \$4.00 per hundred. At these prices the owners say they are losing money, as the freight per schooner is \$6.00 per thousand board measure.

**Drilled Unlocked Safe.**

Though their safe has not been locked for two years, Smith Bros. grain dealers, Whitty, discovered this morning that "yegg men" had gone to the trouble of drilling holes at either side of the combination. Evidently they had been disturbed before they had a chance to use the "soup." Last summer burglars, not so skilled as the last visitors, pounded the knob off the combination without attempting first to open the door. Only books and papers are kept in the safe. So that they will not be put to the expense of repairing the work of "yegg men" every few months, Smith Bros. decided to-day to paint the following sign on the door: "This safe is not locked. Turn the handle and open the door. Please don't try to break it open."

**Sailing Delayed.**

The S.S. Rosalind, which was scheduled to sail this forenoon, has been delayed, but gets away at 4 o'clock this evening. Quite a quantity of freight, about 400 tons, was offered this morning, consisting mostly of fish in casks, and it was in order to get this on board that the ship's sailing time was extended.
