SAILED FOR EUROPE.—Hon. Geo. Brown and family sailed for Europe from New York yesterday. Mr. Brown's absence will be short.

THE THEATRE TO-NIGHT.—As will be seen by advertisement, the talented Townsend family appear for the first time before a Guelph audience to-night in the Town Hall. Mr. John Townsend, the manager, is a distinguished actor, who has excelled for himself a high reputation both in England and in Canada. The different members of his family are also clever and accomplished players, and form a company which for versatility and his trionic talent is seldom met with in this province. The pieces for to-night are Shakespeare's immortal play, "The Merchant of Venice," Mr. Townsend performing "Shylock" and two capital farces—"The Two Lawyers," and "The Think Lover." The pieces will be put on the stage with all the accessories of scenery, splendid costume, &c. Such an attractive bill, and such an excellent company, will doubtless crowd the Hall to-night with a large and delighted audience.

Puslinch Ploughing Match.

The West Puslinch Ploughing Match was held on the farm of Mr. John Marshall, near Morrison, on Saturday last. The day being fine and pleasant, there was a large turnout of spectators, especially in the afternoon, who seemed to take a lively interest in the match. The field was good, except one ridge on the west side, and two or three on the east side of the field. It cut well considering the dry weather. The ploughing was excellent, and very creditable to the competitors. There were 12 entries in all, viz: 4 in the boys' class, and eight in the men's class. The Judges, directors and spectators, but the competitors were hospitably entertained during the day and after the match, by the host and hostess, who supplied the good things of life in abundance. Great credit is due to the directors for getting up the match. The Judges were Messrs Adam Oliver, Dumfries; Jas Shaw, Waterloo; and John Perry, Puslinch. The prizes were awarded as follows:—Mens' CLASS.—1st, Jas McEwen (Gillies plough); 2nd, Henry McLaren (Gillies plough); 3rd, John McDiarmid (Banantyne plough); 4th, Chas. Cockburn (Stephenson plough). Boys' CLASS.—1st, Hugh Clark (Gillies plough); 2nd, Hugh McDiarmid (Gillies plough); 3rd, Alexander Marshall (Banantyne plough); 4th, Charles Cowan.

The Bank of Montreal.

Probably the meanest and most treacherous thing Mr. King, the Manager of the Bank of Montreal, has yet done to injure other banking institutions was to direct the agents of that Bank in London, Belleville, and other towns, to refuse the bills of the Royal Canadian Bank, a new and perfectly sound institution. Mr. King has denied that he issued such orders to his agents, but he certainly amounted to the same thing. He ordered his agents to receive the bills "only for collection," which was clearly intended to impair confidence in the Royal Canadian, cause a run upon it, and thus cripple it, if not compel it to suspend payment. It is quite evident that unless some legislative restriction be imposed upon the Bank of Montreal, it will be a great monopoly, usurping the power which should belong to the Government only, and using it for the destruction of all rival institutions. The people of Canada feel deeply interested in this matter, and they should make their voices heard upon it in the Legislative halls.—Hamilton Times.

A WOMAN FOUND DEAD ON THE CARB.

On Tuesday afternoon as the day express train going east arrived in London, a lady, whose name would be better known if 60 years, was found dead in the ladies' coach. A brakeman on board the train states that he saw deceased shake hands with a person at the Windsor station, named Mrs. Crowe, and having entered the car, was observed to be weeping bitterly. Shortly after the train was in motion the old lady left her seat and went into the closet, and did not come out until the chief of London police, with an assistant, carried her out, and placed her in the baggage room, a corpse. The coroner was soon on the spot, when an inspection of her baggage took place. She had on the train with her a carpet bag and two baskets, containing sundries. On her person was found about \$400 in currency, and a small sum in silver. She had a ticket for Detroit to New York, and a check for a trunk with the address "Mrs M. Gallagher, East Larned street, Detroit." The chief of police telegraphed to Detroit, and no doubt the body will be sent to that city for interment.

EXPERIMENTS IN VENTILATION.

An English paper says that the Abyssinian expedition produces no other satisfactory result, it will be the means at least of furnishing us with some useful facts as to the best practical modes of obtaining ventilation. The hospital ships which left London, Sept. 27, have been provided with various contrivances for the admission of fresh air, and the removal of foul air. The relative advantages of these different methods will be tested by surgeons who have been specially trained at the Netley School, and who have gone out in charge of the ships. These gentlemen are provided with thermometers, anemometers, and all the accessory apparatus requisite to test thoroughly the efficiency of ventilation, &c., and will furnish the elaborate report to the Army Medical Department.

South Riding Turnip Match.

REPORT OF THE JUDGES.
To the President and Directors of the South Riding Agricultural Society of South Wellington Township.

GENTLEMEN—Your Committee, appointed to examine into, and report upon the merits of the different lots of Turnips (nine) offered in competition for the very liberal prize offered by the Messrs. Sharpe, and also for the prizes offered by the Societies that you represent, having finished their labors would report as follows:—That after a careful examination of the various lots, your committee awarded the first prize to Evan McDonald, Guelph; the second to Joseph Parkinson, Eramosa; and the third to Charles Head, also of Eramosa. Your committee believe that whilst awarding the prizes as named

Erin Ploughing Match.

The annual Ploughing Match, under the auspices of the Township Agricultural Society, was held on Wednesday, the 23rd inst., on the farm of Mr. Robert Kennedy. There were 11 entries in all. The day being pleasant, there was quite a large assemblage of spectators, who manifested a deep interest in the proceedings. The field was well adapted for the purpose, and the work was of a superior character, and very creditable to the ploughmen. Indeed the ploughing in the second class was scarcely, if anything, behind that done by competitors in the first class, and the judges had no easy task in making the awards. Mr. and Mrs. Kennedy hospitably entertained the officers and ploughmen during the day, and after the match was over Messrs Leeson and Higgins, hotel keepers, Bristol, provided an excellent dinner, which was done full justice to by the company, who spent a very pleasant evening at the house of their entertainers. The judges were Messrs, Alex. Kennedy, Acton; Wm Tolton, and James Bolton, Eramosa; and Aaron Abbott, Erin. The prizes were awarded as follows:

MEN'S CLASS.—1st, Ephraim Barbour (McMillan plough); 2nd, Donald McKechnie (Milroy plough); 3rd, Colin Campbell (Milroy plough).

SECOND CLASS.—1st, Robert Evered, 2nd, James McArthur; 3rd, John D. Currie; 4th, Geo. Hurd; 5th, Chas Ferguson. [All these used the Milroy plough].

BOYS' CLASS.—1st, Colin Campbell (McMillan plough); 2nd, Ira Graham (Milroy plough); 3rd, Hugh R Smith, (Milroy plough).

Halfon County Ploughing Match.

The above match took place on the farm of Mr. Johnston Harrison, in the immediate neighborhood of Milton, on Tuesday last. Only seven competitors entered the lists. The ground was all that could be desired, only too dry, nevertheless the work was very well done. The ploughmen were hospitably treated at the house of Mr. Harrison. The following are the names of the successful competitors, those in the second class being men who never took a County prize:

MENS' CLASS.—1st, Jonathan Fetherston (Stephenson plough); 2nd, Henry Rydal (do do); 3rd, Jas. Jervis (do do).

SECOND CLASS.—1st, Dines (Stephenson plough); 2nd, Thomas Wright (do do).

BOYS' CLASS.—1st, Arch. Jervis (Stephenson plough); 2nd, — Wilson (Naggs' plough).

SOMETHING OF A NOVELTY.—Sir Robert Napier, of the Abyssinian expedition is a practical Engineer. It is possible that officers have before been taken from the Engineer corps, and elevated to the position of Commander-in-Chief, of an independent expedition, but Sir Robert is a rare case. Indeed so rare that the present elevation of Sir Robert Napier is considered an innovation. The rule has always been to choose Generals from the officers of the scientific corps. But the principle is a bad one, and the disregard of it in the appointment of Sir Robert is regarded with great satisfaction. Infantry or Cavalry officers have always hitherto directed the armies of England, but it would be impossible to give a valid reason for the practice. In fact the scientific service ought to produce the most accomplished and efficient officers of any branch of the Military department.

Vienna letters describe M. de Buns as being much harassed by the hostility of the feudal and clerical parties in the Empire. He has gone to London to see Lord Stanley, with a view to a common understanding between Austria and England on the Eastern question.

LATEST FROM ITALY.

GARIBALDI SHELLS ROME

PROBABLE DEPARTURE OF THE POPE.

Italian Soldiers Deserting to Garibaldi by Thousands.

French Troops Landing AT CIVITA VECCHIA.

Bismarck promises to Interfere in Italian Affairs.

(MIDNIGHT DESPATCHES.)

Paris, Oct. 29, 10 p. m.—The insurgents in Rome are active. An outbreak is momentarily feared. Garibaldi is six miles away organizing. Orsini shells are being fired into the city. The French fleet has arrived at Civita Vecchia and is unloading. The Pope was expected there.

Florence, Oct. 29.—Communication with Rome is cut off. The national diet will soon meet. It is rumored the Italians have crossed the frontier.

Florence, Oct. 28.—The new Cabinet formed by General Menabrea is organized as follows:—Marine and Foreign Affairs, Gen. Menabrea; Home, Signor Qualtero; Finance, Signor Cambury; Commerce, Signor Digny; Works, Signor Contelli; War, Gen. Vale; Justice, Signor Mari.

Paris, Oct. 28, evening.—More ships have left Toulon for Civita Vecchia. The entire press laud Victor Emmanuel for his proclamation. Garibaldi holds his position. France will attack the insurgents, and as they over the border, the Italians will disarm them.

Paris, Oct. 29, noon.—Menabrea is pledged to accompany the French. M. de Moustier has issued a note, justifying the French expedition. Italy having failed to protect the Pope, the honor and opinion of mankind impel the Government to this course. When the rebellion is crushed, France will retire and ask a conference.

Paris, Oct. 30.—Garibaldi is at Monte Mario. The General at the head of the Italian troops passing the frontier bids Garibaldi disarm.

Florence, Oct. 28, evening.—The deputies Nicotera and Mosto are reported to have been badly wounded during the recent engagements.

The sales of the church lands have commenced, and promise to add largely to the revenues of the Italian Government. General La Marmora has been sent on a mission to Paris.

Paris, Oct. 29, evening.—The municipality of Paris gave a grand banquet to their imperial Highnesses the Emperor Napoleon and the Empress Eugenie and their guests, the Emperor Francis Joseph of Austria. The banquet took place in the Hotel de Ville, which was splendidly decorated for the occasion. The Emperor of Austria, in the course of the evening, made an eloquent and feeling speech. He returned his thanks to the Emperor and Empress, to the municipality of Paris, and to the people of France, for the noble hospitality with which he had been received, and solemnly invoked a closer amity between the Empires of France and Austria. In this grand spectacle of international hospitality and friendship he beheld a new pledge of peace for Europe, and a fresh guarantee for the progress and prosperity of nations. The speech of the Emperor was received with profound emotion by the distinguished company present. During the progress of the festival the Hotel de Ville, which was brilliantly illuminated, was surrounded by a vast assemblage of people who repeatedly cheered for Emperor Francis Joseph, and the Emperor and Empress of the French.

Boys' CLASS.—1st, Colin Campbell (McMillan plough); 2nd, Ira Graham (Milroy plough); 3rd, Hugh R Smith, (Milroy plough).

Advices from Civita Vecchia announce the arrival there of the fleet of transports and report that the French troops have disembarked, and are now occupying the city. Large bodies of troops have embarked in the vicinity of Toulon, ready to embark for Italy, and their numbers are increasing.

Berlin, Oct. 29.—Prussia declines to receive Bavaria into the Zollverein on the terms proposed by Bavarian government. Edinburgh, Oct. 30.—A public dinner was given by Hon. Benjamin Disraeli, the Chancellor of the Exchequer, yesterday, at Edinburgh. Mr. Disraeli, in answer to a complimentary toast, rose and made a characteristic speech. He gave a history of the Reform question, recounted the action of the different political parties in England in relation to the subject, and closed with a strong argument in justification of the Tory party for their course in advocating and triumphantly carrying through Parliament the Representation of the People Bill. The remarks of the hon. gentleman were frequently interrupted by expressions of attention and approval, and when he took his seat he was loudly cheered.

Liverpool, Oct. 29th.—This city is now the centre of Fenian panic. Reports of mysterious proceedings among the Irish inhabitants have caused the authorities to take extraordinary precautions among the armories of the volunteers. The gunshops in the city are guarded, and the police patrols have been doubled.

London, Oct. 29.—Digby Seymour, the principal counsel for defence has made another application for removal to London of the trials just commenced at Manchester, on the ground of the hostility of public feeling against the accused in the latter city, but the government refused to grant their request.

Dublin, Oct. 30.—The trial of the prisoners indicted yesterday, will commence before the special commission on Thursday, when the challenging of the jury will commence.

Manchester, Oct. 30.—The trial of Allen is now in progress. The case against him and the others is very strong. There

is much excitement in the city, and the Court building is guarded by national troops. Twenty-six of the prisoners have been indicted for murder.

Paris, Oct. 30.—The Emperor Francis Joseph, on his return to Vienna, will pay King William of Prussia a visit at Berlin. It is reported that the Pope has informed the French government that if King Victor Emmanuel enters Rome, he, the Pope, will leave.

London, Oct. 30.—No further despatches have been received from Italy, and nothing is known as to the future course of Gen. Garibaldi.

To-day's Despatches.

London, Oct. 30.—The London Globe is engaged to a neutral course of policy on the Italo-Roman question. Bismarck has given assurance to the Cabinet at Florence that he will not allow France to make war on Italy on account of the Papal complication.

Florence, Oct. 29th.—The Milan press is engaged in an anxious discussion of the National crisis and the policy of the government. The more moderate papers express approval of the action of the Cabinet towards the Garibaldians, and in the observance of the Sept. Convention. The democratic papers are firm in their opposition to the course of the Executive, and loud in their condemnation of the idea of foreign intervention in Rome.

There is much popular dissatisfaction, produced mainly by the vagueness of the King's proclamation on the subject of the Roman question, and from the fact that the royal manifesto contains no allusion or makes no reference to the matter of French intervention, and how it should be met. The army contingent, as classed in the year 1861, of the Royal troops, has been called out.

Paris, Oct. 29.—The Press of this afternoon says Garibaldi's army is being reinforced by thousands of men who have deserted from the royal army of Italy. Gen. Garibaldi carried Monte Rotondo after a severe fight, and marched direct for the city of Rome. It is believed he is now at the very gates of the city. La Presse says that the Premier and members of the new Italian Cabinet accepted office under two positive conditions with Victor Emmanuel; the conditions are, first, that the king shall publicly disavow all connection with, or in support of, the Garibaldian bands who have crossed and are crossing the frontier into the Papal domain; second, that by a military agreement on the frontier, the Italian will cooperate with the French expeditionary force. The Paris Epique publishes news from Florence, announcing that the Italian troops of the King's army crossed the frontier, and entered the Papal territory to-day.

Paris, Oct. 29.—The news of Garibaldi's victory at Monte Rotondo has been confirmed. Garibaldi displayed great personal daring during the engagement. His soldiers captured all the Pontifical force, made up of Zouaves and gendarmes from Rome, but the Italian government authorities at once released them. La Presse says Napoleon refused to permit the Italian army to co-operate with the French expeditionary force in the operations which may be undertaken in the Roman territory.

In reply to the proposal of King Victor Emmanuel in that direction, Napoleon said that Italian co-operation was unnecessary, as he at present intended to limit the sphere of French action to Civita Vecchia.

Toulon, Oct. 30th.—The second French fleet, which has just arrived from the north, and was driven here by adverse weather, has followed in the wake of the first, and left port for Roman waters. A force of artillery has also sailed. Troops are still pouring in here from all the different military departments.

Toulon, Oct. 29.—The Imperial conscription for sailors for the French navy has been resumed here, and in all the other maritime districts of France. The railways are still engaged bringing in troops from different points to augment the Italo-Roman expeditionary force.

Rome, Oct. 27, p. m.—The Revolutionary Junta is exceedingly active in its operations to promote the advancement of the national cause by a popular movement inside the city, and an uprising against the temporal authority of the Pope is regarded as imminent. Great alarm exists as a number of Orsini bombs have been exploded in the streets last night and to-day.

Brussels, Oct. 29, a. m.—Advices from Paris state that the Pope informed the French minister in Rome that if the Italian troops came to the capital he would leave the Eternal City.

American Despatches.

Cleveland, Oct. 30.—The Phoenix paper mRIs at Congaloid Falls were destroyed by fire 1624y. Loss \$20,000.

Havana, Oct. 30.—Intelligence has been received here that San Domingo has declared war against Hayti on account of the sympathy and assistance given by the Haytiens to ex-President Baez. Baez was at Caracas planning an attempt to return to San Domingo. President Cabrera and Gen. Presiana were on the Haytian frontier with an army of 4,000 men. Ten of the prisoners who took part in the revolt at the penitentiary in Santiago were shot on the 23rd. All the others have been sentenced to ten years of imprisonment.

New York, Oct. 30.—The Herald's Mexican special says Juarez has not yet sent the 2,000 men who were urgently demanded to stop the Indian atrocities. The bands have united. The special says the British steamship Amsterdam from Malaga, loaded with fruit, went ashore last week at Montauk point, and was broken to pieces by the storm yesterday.

The Commercial Bank.—A preliminary meeting of the shareholders of the Commercial Bank, was held in Montreal on Tuesday. It was finally resolved to request Hon. Mr. Holtan, Mr. Alex. Moris, and Mr. Hugh Allan to devise means for continuing the Bank by amalgamating it with some other institution, or forming some other way, and to apply to Parliament at next session for power.

The gold and silver plate in Windsor Castle, for the use of Her Majesty, was nearly thirty tons, and its value has been estimated at £2,000,000.
