Perils of the Deep. GREAT HARDSHIP AND EXPOSURE ENDURED.

CAPT. ADNAH BURNS, OF DAYSPRING, N. S., TELLS AN INTERETTIG STORY FROM HIS OWN EXPERIENCE.

From the Progress, Lunenburg, N. S. Capt. Adnah Burns, of Dayspring,

Lunenburg, Co., N. S, is a prominent representative of a large class of men in Nova Scetia, who during much of the year, follow the dangerous occupation of deep sea fishing. When not at sea Capt. Burns' avocation is that of ship carpenter. He is 43 years of age, and is to day a healthy, vigorous representative of his class. Capt. Burns, however, has not always enjoyed this vigorous health, and while chatting recently with a representative of the Luenburg Press, he said he believed that but for the timely use of Dr. Williams' Pink Pills he would have been a chronic invalid. "From 1895 to 1898," said Capt. Burns, "I was the victim of complication of troubles. I suppose they had their orgin in the hardship and exposure I so frequently had to undergo. My illness took the form of dyspepsia and kid ney trouble. The foods which I ate did not agree with me, and frequently gave me a feeling of nausea and at other times distressing pains in the stomach. Then I was much troubled with pains in the back due to the kidney trouble. Finally I took a se vere cold which not only seemed to aggravate these troubles but which seemed to effect my spine as well, and I became partially rigid in the arms and legs I was forced to quit work, and doctored for a time with little or no benefit. Then I dropped the doctor and began taking other

medicines, but with no better result. By this time I was run down very much, had no appetite, and was depressed both in mind and body. While in this condition I chanced to read in a newspaper the testimonial

of a cure made by the use of Dr. Williams' Pink Pills, which in some respects presented symptoms like my own. The straightforward manner in which the story was told gave me new hope and I determined to try these pills. I sent for three boxes. Of course I did not expect that this quantity would cure me, but I thought it would probably decide whether they were suited to my case. I must say they seemed to act like magic. and before the pills were gone there was a decided improve. ment in my condition. I then got a half dozen boxes more, and before they were gone I was back again at work in the shipyard, and enjoying once more the blessing of vigorous health. This was in the spring of 1898, and since that time up to the present I have not been laid up with illness. Occasionally when suffering fron the effects of exposure of over work I take a box or two of Dr. Williams' Pink Pills and they always put me right. Since my own marvellous rescue from premature uselessness and suffering I have recom-

PROWSE & FERGUSON Are agents for David Maxwell & Sons' celebrated binders and farm ma-chinery. There are probably few classes of binders in the market at the

chinery. There are probably few classes of binders in the market at the present day that give the thorough sat-isfaction that Maxwell & Sons' do, both as to wearing qualities and to the splen-did work they do, while the price has been no mean factor in making the splendid trade enjoyed by this reputable firm. Thoir splendid delivery here a week or so ngo, eclipsing anything of the kind for years past, was the best evidence that the people hereabouts, as almost everywhere else, prefer Max-well's machines and farm implements to all others. Of course, Prowse & Ferguson hustled the business, knowing they were selling machines that were world-beaters. Maxwell's machines have also carried off a number of med-als. Everything in the line of agricul-tural machinery is kept in stock, with repairs for the same. They handle the Chatham wagon, Campbell & Sons' bug-gies, the Maxwell patent churns and the Gockshutt plows of Brantford. When you want anything in their line, give Prowse & Ferguson a call.

J. A. MCKENZIE

J. A. MCKENZIE. Among the numerous places to visit is McKenzie's Art Studio. Mr. Me-Kenzie stands among the best artists of the Dominion. His apartments are equipped with the latest improvements, while his work is unquestionably of a high standard. His large portrait photos are superior to any of the so-called crayon portraits. Mr. McKen-zie brings out the detail of black and white drapery when 'photographed to-gether in an artistic manner. He also brings out the faces of different com-plexions in large groups, for which he is so renowned, and which is so much superior to all other competitors. The permanency of his work has proven itself in the last four years of his stay in Aylmer, and speaks for itself, as none of Mr. McKenzie's work has shown any sign of fading. When you have your next photo taken, try McKenzie, Aylmer.

G. C. BŘIŠTOW. One of the prominent business houses for a state of G. C. Bristow, who con-ducts a general store, dealing in dry goods, gioceries, boots and shoes. Mr. Bristow has been in business here about a year, and he has made a success of his business. The secret of his great success is due to the fact that he has always taken extra pains in making nis purchases, to buy only those classes of dress goods and staple goods that would sell readly in a place of Ayimer's di-man, he has succeeded in placing the very lines of goods that seemingly take before the people here, and he has in consequence established a name for himself, not, only as a com-mon-sense buyer, but as a pru-deral stock of staple dry goods, gents furnishings and ready-made cioth-ging a sheel as boots and snoes. RED STAR GROCERY.

RED STAR GROCERY. Prominent in Aylmer in mercantile circles is the fine grocery establishment of J. G. Heiter, otherwise known as the Red Star Grocery. Only the finest lines of gilt-edge goods are kept in stock. In groceries he undoubtedly car-ries the finest stock here. In canned goods he carries everything-many lines that other stores do not handle at all. By selling only high-class goods and keeping up the standard of excellence, he has succeeded in building up a splen-did trade. Anything you buy there you can depend upon its being of the best. Personally, Mr. Heiter is a most affable and genial gentleman, and his business ranks among the best here.

HOWSE BROS.

The Frost & Wood Company are for-tunate in having such energetic agents, here as Howse Bros. The agents are few and far between who can turn out as many machines each s-ason as they are able to do. One reason, apart from the fact of Howse Bros, being pushing salesmen, is that they represent one of the best makers of binders and agricul-tural machinery in the world, whose machines are invariably warranted to give satisfaction. Another reason is machines are invariably warranted to give satisfaction. Another reason is that they have always done as they agreed to by those who have made pur-chases of machinery from them. This has inspired a confidence in Messrs. Howse Bross, and they have in conse-guence been enabled to do an exten-sive business. All their machinery war-ranted. In this age of keen business rivalry and keen business competition, it always pays to buy the best, where you can secure the best terms and satisfac-tory machinery. The Frost & Wood Company are a purely Canadian com-pany, and they have always had the reputation of making high-grade ma-

There are innumerable windmills made in this country, but there are none that give better satisfaction than the Little Giant. It has less gear to get out of repair; it is made stronger, and, on the whole, gives better satisfaction than any other machine in the market. If you are looking for a first-class windmill, one that you can always depend upon, you will buy a "Little Giant." It has done much to advertise Aylmer wherever in-troduced. As its name suggests, it is a "Little Giant. Write for catalogue to Thomas & Son, Aylmer.
