That is dyspepsia. It makes life miserable.

Its sufferers eat not because they WANT to-but simply because they MUST.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fulness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowers in perfect condition, gave me strength and energy and made me feel like a new person."

HAY AND SEEDS HAY AND SEEDS. FOR HOUSEKEEPERS.

There was a fair-sized attendance of buyers and sellers at the market here this forenoon. Business on the whole was fair, with a very few changes in prices. A number of the farmers who reside in the adjoining townships have asked our epinion regarding the future prices of hay. There is consumed in this city about \$50,000 worth of hay in a year, at the present prices paid. It will thus be seen that it forms a very important

item for the farmers interested. We might say that after due consideration of the matter we are of the opinion that the prices will range from \$7 to \$8 per ton during the winter. There was a consideralby larger crop of hay cut this season than last year. There have also been about 400 loads of hay purchased for the horses in the fair grounds, which has helped to maintain the present

Butter and Eggs-Butter was in large supply, and prices were a shade easier at 17c to 18c per lb for crocks, and 19c to 21c for lb rolls. Eggs in fair supply and found ready sale at 15c and 16c per doz. by the crate, and 17c to 18c per single

Fruits-Peaches are about at their end. Grapes sold at 20c and 25c per basket. Apples were plentiful at 60c to 90c per bag. A large load of apples of the Baldwin variety were offered in barrels at \$150. They were a fair sample. A few choice hand-picked apples sold at \$2 and \$2 25 per barrel. Chestnuts quiet, but selling at \$3 to \$3 25 per bu; some dealers ask 56 lbs for the bu, others take 60 lbs

Potatoes and Vegetables-Potatoes ere in fair supply. Citizens will begin o lay in their winter supply. We don't think that the prices will be lower than 50c to 60c per bu. Onions sold at 60c to 70c per bu. Other vegetables as quoted. Poultry-A lot offered; no change in prices from those quoted.

Dressed Hogs-Quite a lot in; selling mostly at \$8 per cwt; a few sold at \$8 25. Live Hogs-Mr. D. McIntyre will pay \$5.75 per ewt for choice hogs from here on Monday next. Prices are looking weak and may still go lower. WHOLESALE DEALERS' PRICES.

CURED MR. J. BEECHINOR, OF Spiritualists of Rochester, N. Y., SHILOH, ONT., OF RHEUMA-TISM AND SCIATICA.

It Matters Not How Serious Your Troubles Are, the Great Compound Will Permanently Cure You.

Autumn months bring rapid weather changes, disastrous to all who suffer from rheumatism. Pains and tortures increase seven-fold, and death reaps his harvest from the ranks of rheumatics at this season.

If you are a sufferer from any form of rheumatism, cast aside the medi-cines you have too long experimented with and test the virtues of Paine's Celery Compound, that great specific for rheumatism that has worked such marvelous cures in all parts of our Dominion. Mr. Beechinor, permanently cured after five years of suffering, urges the afflicted to use the remedy that saved his life. He cays:

"For five years I suffered from sciatica and rheumatism, at times being so bad that I could not walk or put my hand to my mouth. If I attempted to do any work I would be crippled for weeks. I took medical treatment, patent medicines, Turkish and mineral TORONTO, Oct. 18.—There was practically no change in the conditions of the cattle market today, except as to hogs, which have now dropped to the level \$6 after using six bottles I feel like a new after using six bottles I feel like a new man, and can do a hard day's work and feel none the worse for it. A Hamilton druggist sells the well known Dyspepsia Remedy. The demand is as steady as for anything

we carry in stock.' When asked who seemed to be the best patrons for it, he replied that Young and old, male and female, seem to buy them. In fact they seem to be in general demand. The advertise-ments seem to create the demand, but their merits back it up. The demand is constant and is constantly increasing. We buy them in hundred dollar lots, and a hundred dollars worth only lasts a short time." Hutch is sold by all druggists or 200 sent for \$1 by The Woodward Chemical Company, Buffalo
