THE MARKETS.
STOCK MARKETS.
H. C. Beecher, broker, Bank of Commerce
building, received the following by
private wire from Bartlett, Frazier & Co.
today:

New York, June 26.—There was again heavy trading in Pennsylvania and about the same figure as yesterday. There were large supporting orders at 125, about 90,000 shares being wanted at that figure. The rest of the market was extremely dull, and during the first hour prices changed but little; after that there was an upward movement, in which the western roads were the leaders. The advance was thought to be due to the receipt of dispatches from the west stating that weather conditions were more favorable for the growing crops. Money was in slightly better demand and loans were made at 2 1/2, whereas 2 1/4 was the prevailing rate yesterday. Sentiment on the floor among the traders is in favor of higher prices. Sales to noon, 125,000 shares.
