DOCTOR SAID HEART AND NERVES WERE RESPON SIBLE.

There is many a man and woman tossing night after night upon a sleepless

Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted and causes nightmare, bad dreams, starting in the sleep, twitching of the muscles, restlessness, etc.

Milburn's Heart and Nerve Pills are a specific for all people troubled in this way. They have a soothing and calming effect on the nervous system.

Mrs. Calvin Stark, Rossmore, Ont. writes:- "About two years ago I began to be troubled with a smothering sensation at night when I would lie down. I got so bad I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb. My doctor said my heart and nerves were responsible. I saw Milburn's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now lie down and sleep without the light burning and can rest well. I can recommend them highly to all nervous and run lown women."
