ALLIES HOLDING ALL THEIR GAINS

Violent Battle In Flanders Continues With Front Unchanged.

ALLIES REACH METZERAL

Have Taken Prisoners and Large Quantity of War Materials.

PARIS, June 18. — While it is believed that the greatest battle of the campaign on the western front has been in progress for three days, and is still continuing, little information concerning the event is allowed to reach the public. Paris is awaiting the outcome with unusual interest and confidence.

After last night's report showing substantial progress made by the Allies, the French war office this afternoon made the brief announcement that there was nothing to be added. It was also stated that no information would be given out for at least twelve hours.

Tonight's official report adds little to the public's fund of information so far as the situation in the sector to the north of Arras is concerned. It says that a violent artillery duel has taken place, the front remains unchanged, and that the Allies hold all the ground captured.

Regarding the fighting in Alsace the report is more enlightening. Advanced parties of the French have reached the outskirts of Metzeral, and the French artillery is holding the enemy communications between that town and Munster. The latter town is important because of its railway connections with Colmar, from which lines radiate in every direction.

Official Announcement.

The official communication says:

"In the sector to the north of Arras a violent artillery duel has taken place today. The front here remains unchanged. We hold all the ground we have captured.

"In Alsace we have fortified the positions which we took yesterday, and continue to make progress here. Our advanced parties at the end of the day had reached the outskirts of Metzeral. We have advanced along both banks of the Fecht. We hold under our fire the enemy's communications between Metzeral and Munster. Further prisoners, machine guns and a very large quantity of war materials, notably rifles and cartridges, have been taken by us.

"There is nothing to report concerning the situation on the remainder of the front."

May Be Great Effort.

Whether the operations now in progress are an attempt of the Allies to break through the enemy's lines is not known, but operations all along the front to the Vosges to the sector north of Arras are being conducted on a large scale and with lavish use of explosives.

SIR JOHN FRENCH'S REPORT.

LONDON, June 18.—10:15 p.m.—The following report from Sir John French, commander-in-chief of the British forces on the continent, was given out here tonight:

"The fighting in the northern and southern portion of our front continued throughout June 16, in co-operation with the attack of our ally about Arras. East of Ypres all the German first line trenches, which we captured, remained in our hands in spite of two counter-attacks, which were repulsed with heavy loss to the enemy. We were, however, unable to retain those of the enemy's second line trenches, which we had occupied in the morning.

"East of Festubert, as a result of a further attack on the afternoon of the 16th, we made a slight advance, and judging by the number of dead Germans in the trenches captured by us, our artillery fire was very effective."

DENIES GERMAN RIGHT TO DESTROY U. S. BOATS

Washington's Reply to Note on W. P. Frye About Ready.

WASHINGTON, June 18.—The American reply to Germany's last note on the sinking of the sailing ship Wm. P. Frye by the Prinz Eitel Friedrich, has been practically completed and soon will go forward to Berlin. It will not admit the German contention that any American ship with contraband may be destroyed, provided it is paid for.

British Artillerymen at Their Gun Awaiting Order

This picture was taken near the ruined village of St. Eloi, where fierce hand-to-hand fighting occurred. The whole neighborhood was strewn time and again with British and German dead. This gun is cleverly hidden, practically nothing but the muzzle being visible.

NORWAY MAY BE NEXT TO ACT ON GERMAN PIRACY

LONDON, June 18.—10:10 p.m.—The Christiania correspondent of the Reuter Telegram Company sends the following:

"The press today demands a clear statement of the Government's position regarding German submarine activity. The Morgenbladet says if the Government persists in leaving its attitude doubtful Parliament must take its voice heard."

Norwegian Steamer Sunk.

A dispatch to the Exchange Telegraph from Copenhagen says:

"The Norwegian steamer Svein Jarl, a vessel of 1,135 tons, has been torpedoed and sunk. The Norwegian newspapers allege that German spies were aboard the Svein Jarl and other steamers which have been torpedoed before they left port. The newspapers urge the Government to take energetic action."

A dispatch to the Morning Post from Christiania says that the crew of twelve men of the Norwegian steamer Svein Jarl are missing. The captain of the steamer was rescued.

Public Anger Rising.

"The anger of the public and the press is rising daily over German attacks on neutral shipping," says Reuter's Stockholm correspondent.

"Newspapers of all shades of opinion are protesting energetically against the capture of the Swedish steamer Torsten and the sinking of the Swedish steamer Verdandi, both of which carried certificates that they had nothing aboard which the Germans could consider contraband. Some of the newspapers are discussing the question whether, in addition to protests, the Swedish Government should not consider adopting such form of reprisal."

REPORTS SAY BULGARIANS AGREE TO JOIN THE ALLIES

LONDON, June 18.—Reports are in circulation in London today that Bulgaria has come to an agreement with the allied powers.

These reports lack confirmation, although the buoyancy of the Petrograd bourse is taken in London as an indication that important events are near at hand.

The opinion is generally expressed here that there is now no chance that Bulgaria will enter the war on the side of Germany and Austria.

WINE AND WATER TO CHRISTEN WARSHIP

Super-Dreadnought Arizona To Be Launched Today at New York.

[Canadian Press.]

New York, N. Y., June 19.—Gay with flags and bunting, the huge hull of the superdreadnought Arizona, sister ship of the Pennsylvania and one of the two largest in the New York navy yard, today awaited the signal for her launching at high tide this afternoon. The state whose name she will receive was represented here by a distinguished delegation. Governor W. P. Hunt led the official party, which included United States Senator Henry F. Ashurst and Miss Esther Ross, the sponsor.

They had brought a carbuoy of water, the first spilled over the Roosevelt dam, to be used in an unusual double christening.

This was said to be the first instance of a vessel of the United States navy being named with both wine and water. The decision to use champagne as well as water was made by Governor Hunt in the face of protests from both national and state Women's Christian Temperance Union leaders.

ADVERTISING MEN SWARM TO CHICAGO

[Canadian Press.]

Chicago, June 19.—Advertising men swarmed into Chicago today to attend the annual convention of the Associated Advertising Clubs of the World, which opens tomorrow. The convention will continue a week. It is expected that ten thousand delegates will be in attendance. Among those present is J. Selby Henderson of Winnipeg, Man.

MOROCCAN BRIGAND RODE NEAR TO DEATH

Pretender to Throne Had Safe Conduct, But Troops Fired.

[Canadian Press.]

Madrid, June 19.—Raisuli, brigand and pretender to Morocco's throne, had another narrow escape from death, according to the Heraldo, when ten members of the suite were killed by the fire of Spanish troops near Arzilla, a Moroccan seaport.

Desiring to visit the region he formerly controlled, Raisuli asked Gen. Marina, military governor of the Spanish zone, for a safe conduct, and his request was granted. Accompanied by forty native notables, he was on his way toward Arzilla when a brisk fusilade was opened by a detachment of troops. Only the swiftness of his horse saved Raisuli.

An inquiry begun by the military authorities has not revealed whether Gen. Marina's order regarding a safe conduct for Raisuli was not received, or whether it was misunderstood. Several junior officers have been arrested, and an effort will be made to fix responsibility for the attack.

Late last month a dispatch from Paris said official information received there from Morocco indicated that Raisuli was conducting an agitation among the natives in the district of Charb. It was reported that this agitation was inspired by German agents.

STORM IN MICHIGAN DOES MUCH DAMAGE

One Man Killed and Two Others Fatally Injured.

[Canadian Press.]

Detroit, Mich., June 19.—At least one person was killed, two others fatally injured, many were slightly hurt, and thousands of dollars worth of property was destroyed late yesterday by a severe wind in a storm which swept over the southern and central sections of Michigan.

200,000 AUSTRIANS AND FLEET AT POLA

ROME, June 18., via Paris, 11:45 p.m. —An official statement from the Italian naval headquarters staff signed Vice-Admiral Thaon Di Revel, was given out tonight as follows:

"This morning Austrian destroyers on a scouting expedition, shelled a section of the coast railroad near Fano and Pesaro (on the Adriatic). No one was hurt. Trifling damage was done to a small part of the line.

"The cities of Pesaro and Rimini, although quite undefended, were bombarded. The damage, however, was unimportant. A few private houses were struck, and three civilians were slightly injured at Rimini."

A refugee coming into Rome from Pola, the Austrian naval base on the Adriatic, reports that the Austrians have about 200,000 men in strongly entrenched positions there.

This man is one of the very few to get away from Pola. He says that on the day war was declared there was not one civilian in the place. He says the Austrian fleet is at Pola.

GERHARD TO TELL TALE TO HOLLWEG

Will Explain American Situation to Chancellor Before Reply Is Framed.

HAS LITTLE REAL NEWS

Can Only Make It Clear That People Are Solidly Behind Wilson.

[Canadian Press.]

Berlin, via London, June 19.—Dr. Anton Meyer Gerhard, whose long report to Foreign Minister Von Jagow, Dr. Alfred Zimmerman, under secretary of foreign affairs, and Count Montgelas, head of the American section of the foreign office, acquainted these officials fully with the status of public opinion in the United States, will be given an opportunity to make a similar report direct to Chancellor Von Bethmann Hollweg before the actual work is commenced of preparing the German reply to the second United States note regarding submarine warfare.

No Early Reply.

Whether Dr. Gerhard, who was sent to Germany by Count Von Bernstorff, ambassador to the United States, will visit headquarters and present his facts to Emperor William in person has not been decided. In any case, the German reply probably will not be ready for delivery in less than ten days or two weeks.

Extended conferences between representatives of the various departments concerned will be required to unify the views of the foreign office, the ministry of marine and the naval general staff for presentation to the United States.

These conferences and deliberations have not yet begun, and therein nothing to show what direction the current of German policy ultimately will take. It still is an open question whether the reply will be another ad interim communication or a definite rejoinder.

Has Little News.

It may be stated regarding Dr. Meyer Gerhard's report that the information brought by him contained little which was absolutely new to the foreign office and its chief value lay in presenting a report of the strength of the various currents of public opinion in the United States and the attitude of President Wilson and his advisers in a more positive and convincing form than would have been possible in a written communication. He is understood to have made it clear there is no doubt the American people are standing solidly behind the President in his insistence upon guarantees against a repetition of such an incident as the sinking of the Lusitania, and equally certain that no important section of the American people favor war if it can be avoided honorably.

Capt. Joseph Heliwell of Walkerville is reported killed. His relatives live in Toronto.

Capt. T. G. Delamere of Stratford is reported slightly wounded.

Capt. George Wilkinson of Windsor is reported wounded in the side and arm by shrapnel.

Lieut. Fred K. Campbell of Mount Forest is reported seriously wounded.

Lance-Corp. Leigh Ransom of Oakland (Brant County), who was originally with the 9th Battalion, but was transferred to the 3rd, is officially reported killed.

To receive two returned letters, stating that her son was killed, and to get a telegram from Ottawa announcing that her son was not on any casualty list, has been the experience of Mrs. M. A. Barker, 171 Forest road, Galt. Several days ago she had a letter written to her son, Pte. George C. Barker, of the 1st Battalion, returned and marked "Killed in action." A telegram was sent to Ottawa asking for particulars, and the reply, received yesterday, was to the effect that there was no George C. Barker on any casualty list, and as far as known he was still serving his corps. However, a second letter written to Pte. Barker has also been returned to the anxious mother, and it was first marked "Wounded," but this word was crossed out with a pencil, and "Killed in action" written in his place. Mrs. Barker is much worried as to the fate of her son, despite the Ottawa message.

A few days ago we closed this transaction, buying outright a magnificent stock of oriental rugs, which transaction has caused a general upset in the rug pricing of our own stock of rugs; but the advantages to our customers in this purchase are so very great that we would have rendered them unfaithful service had we not instantly seized upon the opportunity to bring them to our customers rather than let them go to some other city.

CAPT. HELIWELL DEAD; CAPT. WILKINSON HIT.

[Special to The Advertiser.]

WINDSOR, June 18.—Word was received in Windsor late this afternoon that Capt. Joseph Heliwell, of Walkerville, who went to the front with the first Canadian contingent with the rank of lieutenant, has been killed while in action at the front. Capt. Heliwell is the first officer who left from Windsor and Walkerville to be named in the list of dead, and it is believed that he met his death in a recent battle in France when a large number of Ontario men were killed and wounded.

Capt. Heliwell served for many years as captain in the 21st Regiment Essex Fusiliers, stationed in Windsor. He was employed by the Canadian Bridge Company at Walkerville and was one of the most widely known young men in the border cities. He was single. His relatives are in Toronto.

Capt. Wilkinson Wounded.

Just prior to receipt of the news that Capt. Heliwell was killed, word was received that Capt. George Wilkinson, in command of the company comprising nearly all of the Windsor boys who went with the first contingent, had been wounded while in action in France. He had been shot through the hand and side, but is doing well in a hospital in France, according to the dispatches.

Capt. Wilkinson is a native son, having resided in Windsor all his life. He conducts a large boot and shoe establishment on Ouellette avenue and is one of the best known business men in the city. He is married.

STRATFORD CAPTAIN SLIGHTLY WOUNDED.

[Special to The Advertiser.]

STRATFORD, June 18.—Cables received today by Mrs. Delamere from her husband, Capt. T. Delamere, in command of the Stratford company, 1st Battalion, stated that he had been slightly wounded, "But doing fine."

STRATFORD, June 18. — Capt. T. G. Delamere, in command of the Stratford company of the first contingent, has been wounded in action in France. This afternoon Mrs. Delamere received a cable from her husband to this effect. The message merely stated that he had been slightly wounded, but was doing fine. He is now in one of the military hospitals, but the name of it had been censored out of the letter. No official word had been received by Mrs. Delamere from the militia department. This makes the second Stratford officer to be wounded, the other being Capt. J. L. Youngs.

Thompson Getting Well.

In a letter to his sister, Pte. Thomas Thompson of this city, who was wounded, says that he is in the hospital with a bullet in his arm. He expected at that time to be back in the trenches in a week or two.

GALT AND PRESTON MEN ARE WOUNDED.

[Special to The Advertiser..]

GALT, June 18. — Word is coming indirectly of more Galt men being wounded. Pte. Harry Drinkwater, with the 18th Battalion, writing to his mother, tells her that he was told by Pte. Bobby Clark, a wounded Galt man of the first contingent, that Archie Pettigrew, son of Mr. and Mrs. Archie Pettigrew, Water street south, a driver with the Motor Transport Corps, had been wounded. The parents have never received any word to this effect, and only last week received a letter from their son, in which he stated that he was doing all right.

In this morning's casualty list of the 1st Battalion the name of Rowland Summerfield appears under the seriously wounded. He is a Preston man and enlisted at Galt. He was reported wounded some time ago. His wounds, which, it is learned, are shrapnel in both legs, must have been serious.

BRANTFORD BANDSMAN REPORTED MISSING.

[Special to The Advertiser.]

WOODSTOCK, June 18.—It was learned in this city today that Private Angus Fairbairn of Toronto is reported among the missing from the Canadian contingent. He was a member of the 12th York Rangers, which he joined at Toronto, later transferring to the 48th Highlanders at Valcartier. Formerly he was a member of the 22nd Regimental Band, this city, and was employed at the Canada Furniture Manufacturing Company. He is a nephew of R. W. Wright, this city.

BRANT DRAGOON RECEIVES INJURY.

[Special to The Advertiser.]

BRANTFORD, June 18. — Signaller James Emmott is the latest local casualty notified from Ottawa. Emmott left with the 25th Brant Dragons, first contingent and transferred to the 4th Battalion, with whom he was fighting when wounded in desultory fighting in Ypres neighborhood. He was employed at the Massey-Harris works and his parents and brothers reside at 10 Spring street.

BRUSSELS LOCALITY HAS THREE WOUNDED.

[Special to The Advertiser.]

BRUSSELS, June 18.—Harold Good, Roy Holmes and H. Knox, all formerly of this locality and who have been doing duty at the battle front in France, are reported wounded in the recent fierce encounters.
