AVOID OPERATIONSThrough the Use of Lydia E. Pinkham's
Vegetable Compound

Two Interesting Cases

Some female troubles may through neglect reach a stage when an operation is necessary. But most of the common ailments are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear, take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Mrs. Edwards Avoids Operation
Wilson, N. C.—"For about a year I was not able to do anything, not even my housework, because of the pains in my sides and the bearing-down pains. I could only lie around the house. The doctor said nothing but an operation would help me, but I tried different medicines which did

no good, until my sister insisted on my trying Lydia E. Pinkham's Vegetable Compound. She said there was nothing like it. I know that she was right, for I began to improve with the first bottle and it has done me more good than anything else. I am able now to do anything on the farm or in my home and I recommend it to my friends."—LILLIE EDWARDS, R.F.D. 3, Box 44, Wilson, N. C.

Another Operation Avoided
Akron, Ohio.—"I can never praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I had such pains and weakness that the doctor told me nothing but an operation would help me. But my mother had taken the Vegetable Compound and she told me what it had done for her, and so I took it and I am glad to tell every one that it made me strong and healthy, and I have had two children since then."—Mrs. R. G. WESTOVER, 325 Grant Street, Akron, Ohio.

NIAGARA IN WINTER.
The countless thousands who annually visit the cataract of Niagara pronounce it the greatest natural wonder on the continent of America. Little less in sublimity and grandeur than the waterfall itself is the gorge through which the waters rush onward to Lake Ontario after their awful plunge over the cliff. For a little distance from the foot of the falls, the stream is comparatively placid; but gathering momentum as its channel narrows it fills the gorge and rushes over the rocks in foamy rapids; here breaking into delicate spray and there springing high into the air as it dashes against some rocky obstacle in its mad race for the calmer reaches of the bed below. Never are the famous falls more gloriously beautiful than during the winter months. A snowy mantle covers the surrounding shores. The rocks and boulders along the course become huge blocks of gleaming ice, and mammoth icicles form before the Cave of the Winds and down the steep sides of the gorge. But no power can check the mighty flood, whose emerald waters take on a deeper, darker hue from the whiteness of their setting. In unabated volume they sweep majestically along, tossing high in the air their rainbow-colored sprays as if in proud disdain of the tyrant ice-king's iron rule. The Grand Trunk Railway system offers exceptional facilities to reach "Niagara the Glorious."—Advt.

HAVE KIDNEYS
EXAMINED BY
YOUR DOCTORTake Salts to Wash Kidneys
If Back Pains You or
Bladder Bothers.

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which paralyze the kidneys in their effort to expel it from the blood. They become sluggish and weakened; then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, has been used for years to help flush and stimulate sluggish kidneys; also, to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.—Advt.
