

THEY TELL THEIR NEIGHBORS

Women Tell Each Other How They Were Helped by Lydia E. Pinkham's Vegetable Compound

Woodbridge, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles. I would have headaches, backaches, pains between my shoulders and under my shoulder-blades and dragging down feelings on each side. I was sometimes unable to do my work and felt very badly. My mother-in-law told me about the Vegetable Compound and I got some right away. It has done me more good than any other medicine I ever took and I recommend it to my neighbors. You are welcome to use this letter as a testimonial if you think it will help some poor sufferer."—Mrs. EDGAR SIMMONS, R. R. 2, Woodbridge, Ont.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

ANSWER THIS QUESTION AND END YOUR COLD

How can you expect to get rid of that wintry cough or stuffy cold so long as your liver is clogged up and your system is too rundown, tired out and upset to throw off the cold as Nature intended?

Build yourself up! Take a good tonic, as your doctor would advise. Dr. Thacher's Liver and Blood Syrup has helped countless numbers of people because it contains only ingredients that are known to physicians for their corrective and health-building properties. It will help Nature cleanse and tone your liver, soothe the tired and over-taxed nerves, improve digestion, nourish and build up your system and send purer, healthier blood coursing through your veins to keep you feeling fit these crisp, wintry days.

Try it tonight! Just a spoonful after the next few meals will tell others what a big difference it makes in the way you look, eat, sleep and feel. You will be completely satisfied; otherwise druggists will return the small cost of the bottle.

Dr. Thacher's Liver and Blood Syrup is sold and recommended by B. A. Mitchell, 114 Dundas street and Taylor's Drug Store, 300 Richmond street, half block south of Dundas in London; J. W. Craig in Dresden; E. M. Crosthwaite, St. Mary's; W. A. McIntyre, St. Mary's; and John E. Warner, Alvington, and by leading druggists in every city and town.—Advt.

MOTHER!

"California Fig Syrup"

Dependable Laxative for Sick Baby or Child

Hurry Mother! Even constipated, bilious, feverish, or sick, colic babies and children love to take genuine "California Fig Syrup." No other laxative regulates the tender little bowels so nicely. It sweetens the stomach and starts the liver and bowels without griping. Contains no narcotics or soothing drugs. Say "California" to your druggist and avoid counterfeits. Insist upon genuine "California Fig Syrup" which contains directions.—Advt.

Corns

Never Use a Knife!

It is so easy to get rid of a corn. Blue-jay ends them. Stops the pain instantly. Then the corn loosens and comes out. Does away with dangerous paring. Get Blue-jay at your druggist.

Blue-jay

J.S. ADMITS ONLY THOSE VACCINATED

Detroit Bars All Canadians Without Certificates To Protect City Against Smallpox—Epidemic of Virulent Disease Still Spreading At Border Points.

DEATH LIST AT WINDSOR REACHES SEVEN

Special to The Advertiser.

Windsor, Feb. 25.—Beginning tomorrow morning, all Canadians will be forced to show vaccination certificates to gain admission into the city of Detroit, according to regulations made public tonight by the Detroit health authorities, who have the sanction of the Federal authorities in their action. This action has been taken as a result of the outbreak of black smallpox in places along the Canadian border.

One death and several new cases were the toll taken today by the epidemic of smallpox which was caused by the persons affected attending the funeral of a plague victim. The death list now stands at seven.

Miss Marie M. Meloche, 28 years old, died this afternoon at her residence, 735 Langlois avenue, Windsor. She had been ill seven days. Her brother is recovering from the disease.

Seven Deaths. The first victim, Gordon Deneau, 54 years old, died at his home on Moy avenue here two weeks ago. The other six succumbed to the disease within the past 36 hours, and Windsor today is face to face with a real epidemic. Scores of others are seriously ill.

Suffering from black smallpox, the most deadly of its kind, William Lavin, 45, 218 Parent avenue, Windsor, was taken to the Central Hotel, East Sandwich street, which has been commandeered for isolation hospital purposes.

Vaccination of school children and factory workers was continued today. The work was suspended this afternoon when the supply of vaccine ran out.

Theatres, schools and public buildings will not be closed, Dr. F. Adams, medical health officer, said. At a special meeting of the board of education this evening it was decided to engage three extra nurses for work in the schools while the present situation exists, and it is believed that all of the 6,000 school children will have been vaccinated by Wednesday night.

Confer With Board. It was decided to place with the board of health the decision as to the schools remaining open as members of the board felt the health authorities were in the better position to judge. The majority of the members of the board of education are in favor of closing the schools as long as public meetings are being held or places of amusement allowed to remain open.

Several of the schools are used in the evenings as community centers, and the gyms are very generally used. The board decided to begin vaccination certificates would be required from all those who wish to make use of school property during the evening hours, and school officers will be placed at school doors to enforce the rule.

Dr. L. H. Hyttenrauch, medical officer of health for the board of education, this evening gave the board the history of the smallpox cases. He said it was not surprising that live physicians should not have diagnosed the Deneau case as smallpox, because so few medical men in

Canada Press Despatch. Toronto, Feb. 25.—Hon. Dr. Forbes Godfrey, provincial minister of health, tonight confirmed the report from Windsor that the type of smallpox which is threatening the Border Cities is the most virulent known to medical science.

"It's what is known as 'Bloody smallpox,'" he said. Dr. Godfrey stated that twenty-six doctors were now engaged in vaccinating the residents of the district and that he believed a thorough-going campaign in this respect would stop the spread of the epidemic.

"The whole trouble is that the people won't be vaccinated," he added. "If the people were vaccinated there would not be any smallpox."

The minister stated that the government had no intention of quarantining the area affected. If the United States authorities wished to enforce a quarantine at the border, Ontario would have nothing to say, as such a step was quite legitimate.

CADET'S FATHER WANTS FULL INVESTIGATION

Major Arnold Arrives in Toronto On Way To Military College.

Canadian Press Despatch. Toronto, Feb. 25.—Major Arnold of Regina, father of Cadet Arnold of the Royal Military College, Kingston, who left that institution without leave, arrived in Toronto this afternoon, leaving an hour later for the eastern city.

Major Arnold is very serious over the situation in which his son is involved at the college, and is determined to back him up in every possible way. He concurs in the demand made by his son for a full investigation into the causes of his going away from the college, and will use every effort to have the events preceding the affair subject to the fullest scrutiny.

LAWYER RECOVERING. The condition of J. P. Moore, city lawyer, who has been confined to Victoria Hospital for the past two weeks, is reported showing marked improvement.

COMMITTEE WILL CONSIDER A CUT IN INCOME TAX

Passed On After Getting Second Reading in Provincial House.

BAN INDUSTRIAL BONUS

Canadian Press Despatch.

Toronto, Feb. 25.—Several government bills, including those establishing a bounty for iron ore, wiping out discrimination in the mining tax, and giving the alumni federation of the University of Toronto the right of nomination of eight members to the board of governors to the university, were given second reading in the legislature today with opposition.

W. C. O'Brien's bill increasing exemption in municipal income tax was given second reading and sent to the municipal committee. Concerning the case in which several troopers were on trial before Judge Denton of Toronto, for assaulting their comrade, Trooper Bowen, Hon. W. F. Nickle took opportunity to state that as long as he was attorney-general he would discourage the promiscuous use of the lash.

Premier Ferguson, in the absence through illness of Hon. George Horst, minister of public works and highways, introduced a bill to create a commission of the House to advise the minister of highways on roads. One clause in the bill prevents any members of a municipal council from being a member of a suburban road commission.

Gray Quite Service. Attorney-General Nickle advised the House that Evan Gray, superintendent of insurance, would not leave the service of the province until after the session. He has accepted a position with a private firm.

Premier Ferguson, reviewing the conference with the Quebec cabinet ministers here Saturday, said it was held to come to a reciprocal arrangement with Quebec on succession duties to prevent double taxation of industries. Both were agreed that the abolition of bounties of industries by municipalities. The Ontario government, he said, had under consideration the abolition of such bounties for the allowance of fixed assessments for a limited number of years.

They also discussed uniformity of traffic regulations. The premier said there would be further conferences of officials of the two provinces to work out greater detail.

On Defalcations. Hon. Manning Doherty asked the government about a newspaper article claiming that an audit had

revealed defalcations in government departments. The premier said that unfortunately there had been defalcations, and that several of the defalcations had disappeared. Hon. W. E. Ramey contended that the House should get the information before the press. The premier said he thought the main facts of the newspaper story were well known, as the treasurer had mentioned these facts in his budget speech.

F. C. McBrien, moving the second reading of his bill to raise the municipal income tax exemption from \$2,000 to \$2,500 for the householder, and from \$1,000 to \$1,250 for others, and increasing the exemption for each child from \$200 to \$300, said he was not trying to exempt the wealthy, but trying to arrange a more equitable taxation.

Hon. Manning Doherty said that by increasing the exemption on moderate salaries he might be plac-

ing a greater burden on the low-salaried or paid man because the less in revenue would be made up on ordinary property taxation. Premier Ferguson said the bill if passed might deprive small municipalities of a considerable revenue, as in small towns and villages there were few people getting over \$2,500 salary. It might be confined to larger places, he said. However, he favored the exemption being increased on children. The bill went to the municipal committee.

Ask Bounty On Iron. Hon. Charles McCrea in moving second reading for the iron ore bounty bill said there was no pig iron in Canada produced from outside Canada. The object of the bill was to create production in Ontario of the

raw material. Ontario had a tremendous tonnage of low grade iron ore. The bill followed the recommendations of a commission appointed by the iron industry. It was proposed to pay a bounty of one cent per unit on raw iron ore, the province paying one-half cent and the federal government one-half cent. If iron ore ran 60 per cent the bounty would mean 60 cents a ton. Canada, he said, would be in a bad state if the United States, to conserve its supply, placed an embargo on iron. He said that if this encouragement were given there were people prepared to spend millions in development. The federal government would be consulted in a few days.

Hon. Mr. McCrea also got second reading for a bill making all mines taxes 3 per cent on profits above \$10,000.

The House adjourned at 5 o'clock.

Archbishop Bans Knickerbockers

Declares They Are Sign of Immodesty.

Canadian Press Despatch.

St. Boniface, Man., Feb. 25.—Knickerbockers for winter sports were forbidden for women and girls of the St. Boniface Archdiocese in a sermon delivered Sunday by His Grace Archbishop Beliveau from the pulpit of the St. Boniface Cathedral. The archbishop characterized the wearing of knickerbockers as "dangerous and immodest."

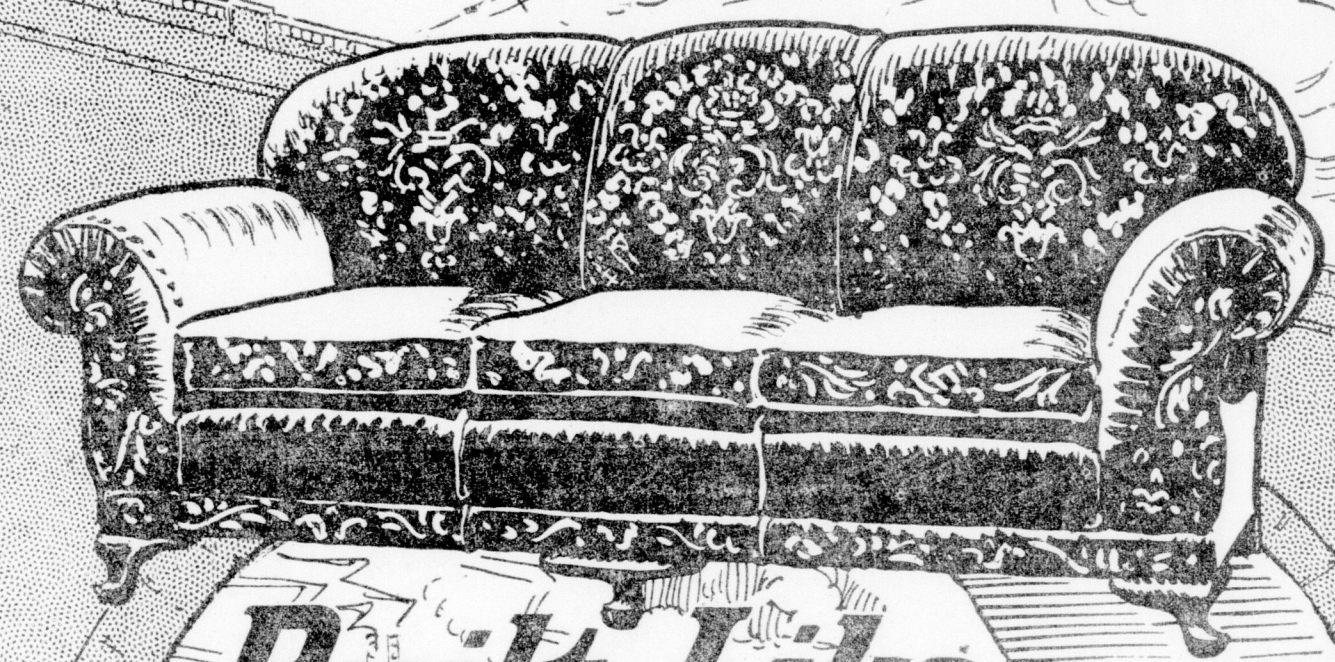

A LARGE ASSORTMENT OF SANI-BILT CHESTERFIELDS AND UPHOLSTERED FURNITURE

Now On Display

At **Kingsmill's**

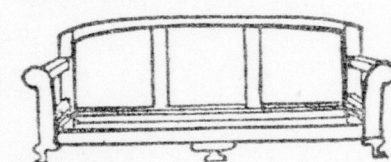

The Store With The Stock

Furniture, Draperies and Floor Coverings—Second Floor.

Built Like a Bridge

MODERN bridges are built to stand the mighty strain of traffic. Here is upholstered furniture that is built to stand the heavy wear and tear of the modern home. Yet, in spite of its rigid interior construction, Snyder's "Sani-bilt" Living-Room Furniture is COMFORTABLE. It is built with this idea always in mind. "It must give rest and relaxation. It must be soft, springy and very comfortable." And it is!

The Splendid Frame

Upholstered furniture cannot be comfortable if the frame is weak or flimsy. That is why we make our "Sani-bilt" frames of best Canadian hardwood, put together in the strongest manner known. "Sani-bilt" Upholstered Furniture is, therefore, comfortable when new and comfortable after many years' use.

Construction, indeed, is a most important matter where upholstered furniture is concerned. You cannot be too careful how you buy. The finest-looking, un-named chesterfield may be put together, inside, like a packing case and filled with the cheapest fillings. The guarantee tag attached to every piece and the trade mark, which you will find under the cushion, protect you when buying

Snyder's "Sani-bilt". They are your insurance.

"Sani-bilt" Construction is Guaranteed

The interior construction of Snyder's "Sani-bilt" Furniture is of such excellence that we guarantee it unreservedly. We, also, guarantee that all the materials—covers, cottons, fillings, springs, burlap, webbing—are new, clean, fresh and sanitary. To further add to the construction excellence, we equip all "Sani-bilt" Furniture with Marshall Sanitary Spring Cushions.

Widest Range of Prices This strongly-built, mothproof Living-Room Furniture is sold in the leading furniture stores throughout Canada. The prices range in very wide variety, so that every purse can be accommodated. Look for the "Sani-bilt" guarantee tag attached to every piece and the "Sani-bilt" trade mark under every cushion.
