Tarte's Policy On Harbors.

Nothing For Victoria But Money
Without Stint for Little
Eastern Harbors.

Yukon Misgovernment Has Its
Results—Trips for Wives
of Faithful.

From Our Own Correspondent.

Ottawa, Feb. 24.—The week in parliament has been increasingly dull from a business standpoint. The debate on the cottontail resolutions is still in progress, and although the Conservatives are disposed to allow the resolutions to pass, it does not suit the purposes of the government to facilitate the progress of business. Parliament has been in session almost a month, and practically there is nothing accomplished. The government is putting a bold face on its unpopularity with legislation, and coolly asks the private members to surrender one of their days for government business. It is expected that the debate on the resolutions will terminate during the coming week, and then the opposition will insist upon seeing something of the ministerial measures.

SLIGHT TO VICTORIA.

The impudent letter which Mr. Tarte caused to be sent to the Victoria board of trade has been the subject of many members of parliament, and at an early date Col. Pol will take occasion to haul the Minister of Public Works and the Minister of Marine and Fisheries. Mr. Tarte in his letter makes it clearly understood that he does not desire to intend to do anything for Victoria. He says that everything which the government is asked to do cannot be accomplished in four years; but he says that the work like the improvement of Victoria harbor is left untouched, the government can spend \$500,000 on the construction of the locks at St. John's, and he says that the government is asked to do nothing for Victoria. He says that the work like the improvement of Victoria harbor is left untouched, the government can spend \$500,000 on the construction of the locks at St. John's, and he says that the government is asked to do nothing for Victoria.

A MONTREAL SCANDAL.

Along with the clamor for public works which the government has to face are scores of applications from hangers-on of the Liberal party. One of the most glaring instances of this has just been perpetrated in the appointment of Mr. James McShane, ex-M.P., to the position of chief commissioner of the harbor board. The nomination is not made directly by the government, but by the members of the harbor commission, who are chosen by the federal authorities. Mr. McShane has absolutely no qualifications for the position; in fact, he is a man who has hardly told the difference between the bow and the stern of a vessel. Victoria people, who are well acquainted with shipping, and who know how essential it is to have a man as harbor master who from long experience has learned all about the harbor and the needs of the different classes of vessels visiting a port. There is such a man available in Montreal, and it is a pity that the government has not seen fit to appoint him. The appointment of Mr. McShane is a scandal, and it is a pity that the government has not seen fit to appoint him.

A SYCOPHANT'S REWARD.

The action of Sir Louis Davies in sending Major Gourdeau to Paris in charge of the fisheries exhibit is severely criticized by the public. The appointment of Major Gourdeau is a scandal, and it is a pity that the government has not seen fit to appoint him.

FRENCH AND THE FLAG.

Some of the French-Canadian politicians are getting to be very sensitive over the slightest allegations of disloyalty. The Minister of Marine and Fisheries, Mr. Tarte, is a man who is a sycophant, and it is a pity that the government has not seen fit to appoint him.

MARRIAGE NO FAILURE.

By the way, the wife of Senator Dandurand has been appointed lady commissioner for the Paris exposition, and another Quebec lady, wife of a member of the editorial staff of the Patrie, has been appointed by his lady commissioner. In this way the favored Quebec continue to reap the rewards of the government.

PACIFIC CANAL.

On three different occasions this week the Pacific canal matter has been discussed. A point has been reached in the connection with this enterprise that unless definite action be taken by the Canadian government may just as well withdraw from the arrangement.
