## PRESENTATION TO DR. J. H. GILLIS

Interesting Event at Matapedia—Dr. Gillis the Recipient of an Address and Chair

### LEAVES FOR MONTREAL

(Special to the Graphic)  
The members of the Liberal-Conservative Association of Matapedia spent a very pleasant evening on Sept 30th. The object of the gathering was a presentation and address to Dr. J. H. Gillis who was leaving Matapedia to reside in Montreal.  
The meeting was largely attended by leading Conservatives from Runnsmead, the Main River, Mann Settlement, McCalls Mountain and Flatlands.  
The presentation and address was made by the Secretary Treasurer to which the Dr. replied, and in well chosen words expressed his regret at leaving scenes and association to which he had become so deeply attached.  
Speeches were then made by all present who by their eloquent language testified to the high esteem in which the Dr. was held.  
The Dr's. resignation as president of the association was accepted with many regrets and Mr. David Wheeler of Runnsmead appointed in his place and will no doubt prove himself as the Dr. has done, a worthy champion of a worthy cause. Below is given in full the address made at the presentation.  
J. Howard Gillis, M.D. C.M., President of the Liberal-Conservative Association of Matapedia.  
Sir—  
As a meeting of the Association (at which we regret you were not present) it was decided that in recognition of your high standing, in this association, and the community at large, to present you with a students chair.  
We need not assure you that we are most highly pleased, at the opportunity it affords of giving testimony to the high esteem in which you are held as President of this Association, and as a citizen.  
From our pleasant and intimate connection with you in this Association and our knowledge of your professional ability, we can readily testify to the zeal, affability, and efficiency, which has ever been manifested by you.  
In no ordinary degree are you beloved, respected, and confidentially trusted, by the people whom you came in daily contact with in the exercise of your chosen profession.  
It is impossible for us to express in words our regrets and disappointments, when we realize that you are about to leave the work you are so nobly performing in this place; and in which you have been so remarkably successful, for in you we lose a model citizen, and the afflicted a benefactor, and a friend.  
In the city of Montreal where we understand you will reside we feel sure knowing your character and ability, that in that growing city, you will acquit yourself in a way that will crown your efforts with success; and bring honor, to yourself, and your profession, and the country and race from which you sprung.  
We feel sure that you will never forget the friends and associations of days gone by; and that in whatever part of the world your lot may be cast, you will still hold sacred, and dearest above all others this spot of God country which we stand on to night, and which with the most beautiful word in the Anglo-Saxon tongue we call Home.  
We now take great pleasure in presenting you with this chair, and we feel sure that you will long treasure it not for its intrinsic value alone, but for the warmth and good feeling towards you, which has inspired the presentation.  
On behalf of the Liberal-Conservative Association of Matapedia, Quebec.

## ST. LEONARDS TO BE RAILROAD CENTRE

Will Have Connection With C.P.R. Grand Trunk and International Lines.

### EARLY OPERATIONS

St. Leonards, Oct. 23.—It is reported here that the Grand Trunk Pacific Railway will begin the operation of trains from Moncton, N. B., its eastern terminus, to Edmundston, N. B., during the coming month. At this town and four some miles along the St. John river the new road is parallel to the Canadian Pacific railroad; in fact the C.P.R., has built a considerable stretch, entailing expensive excavation, to the north of its former route, to permit the Grand Trunk Pacific to have its course next to the river.  
The St. John Valley railroad, which will run from the city of St. John to the towns along the St. John river, has reciprocal relations with the G.T.P. which will be of great mutual advantage. This will enable the new transcontinental road to reach St. John over the St. John Valley tracks, and will give the latter a connection with St. Leonards, which now has the Canadian Pacific and the International lines.  
Van Buren, which is across the river from St. Leonards, in the State of Maine, is, it is understood soon to be entered by the Aroostook Valley line, which now runs to New Sweden, sixteen miles below Van Buren.

## PRESENTATION TO THE LATE CHIEF

Ex-chief Christie Presented With an Address and Handsome Cabinet of Cutlery

### GOES TO TRURO

On Wednesday evening the members of the Fire Brigade held meeting in their rooms, when they presented Mr. W. J. Christie their late chief with a handsome cabinet of silverware and table cutlery, and an address.  
Mr. Christie who leaves shortly for Truro, has done wonders in the organizing of the Firemen's club and it is with sincere regret that everyone heard of his approaching departure.  
When seen by our representative both Mr. and Mrs. Christie had not words to thank the brigade and their friends for such a gift, feeling that they were all too unworthy for such an expression of appreciation, but the brigade thought otherwise and so does all who know Mr. and Mrs. Christie.  
The following is the address: William J. Christie, Esq., Town of Campbellton, N. B.  
To each one of us as members of the Fireman's Club of the town of Campbellton there has come a deep feeling of regret on learning that you, our chief and leader for the past four years are about to sever your connection with us, and take up your home in another province.  
During the years that you have been our head there has always existed the most kindly feeling among the members towards you, and they have held you in their highest esteem. No greater harmony could have prevailed than that which was at all times evident.  
Before the term of your office the Fire Brigade of the town consisted of a few firemen receiving yearly remuneration of ten or fifteen dollars. You were not long in seeing the defects of this system, and feeling that unity was necessary, the
