**REARER BOARD**

If you are building or going to complete some undecorated rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this material and durable board for walls and ceilings in all classes of buildings. We carry a large stock in assorted sizes.

**MAIL ORDERS**

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

## DALHOUSIE WINS FROM BATHURST

By Margin of Two Points Stewart Cup Goes to Dalhousie.

On Friday night before one of the largest crowds that ever witnessed a curling game at the Shiretown Dalhousie defeated Bathurst by a score of 81 to 29 thereby winning the "Stewart Cup" which is played for each year by both towns. Bathurst brought up two of its strongest rinks in the former rink and won out by a score of 18 to 13. On the other rink, however, both teams fought desperately for the lead right up to the last. Dalhousie won by a score of 19 to 11. Their total in the two rinks game them a victory over their opponents, the final score as stated above being 81 to 29.

Owing to the fact that the "Limited" was late play did not start until 10.30. By that time the ice was in good condition. Both Dalhousie rinks did some splendid curling, while Bathurst played its usual good game. Below is a summary of those who participated:

Dalhousie	Bathurst
S. L. T. Clifford	Bill Kingston
Jas. Gould	C. W. Ellis
M. McKay	E. P. McKay
F. Barbier	Ed. Shirley
Skip 13	Skip 18

S. Beckingham	J. H. Dunlop
A. B. McKinnon	C. C. Johnson
D. Stewart	W. Thibodeau
J. B. McKay	F. McLaughlin
Skip 19	Skip 11
	29

The games finished about 1.15 a.m., after which the curlers assembled in the curling rooms and enjoyed a light supper.

## D. CHAMPOUX WAS INTERVIEWED

Enthusiastic About Bridge Across Restigouche—The Lumber Business

The Quebec Telegraph of a recent date has the following interview:— That the lumber business is at present at a very low ebb and even lumbermen are unable to predict when an improvement will begin, is the statement made by Mr. David Champoux, president of the Campbellton, N. B., Board of Trade, manager of the Chaleurs Bay Mills and secretary-treasurer of the Matapedia Lumber Company, who, with his wife and daughter is at present staying at the Chateau.

Mr. and Mrs. Champoux and daughter are leaving on a three months' trip on Thursday next to France, Italy, Belgium and England. They will return to Canada in May next. They leave for Montreal to-morrow from whence they will go to New York and embark on La France.

Mr. Champoux was disinclined to discuss the lumber situation at all. The business is very bad he states, and at present there are no signs of improvement. The reason why, he cannot tell. When it will improve he has no idea.

He was much more enthusiastic, however, in discussing the necessity for the interprovincial bridge between Quebec and New Brunswick, stating that anyone who knew the country there could not fail to endorse the project. A delegation of Campbellton residents, he states, will wait on the Quebec government to-morrow in an endeavor to rouse more interest in the project and to point out the great mutual advantage that would result to both provinces by the erection of the bridge.

It would appear that it is proposed to divide the cost between the Dominion, Quebec and New Brunswick, the Ottawa Government to pay half and the two provinces each 25 per cent of the cost. New Brunswick, he states, is ready at any time to put up her share of the cost and he hopes that as a result of the delegation meeting with the Quebec government that this province will feel the same about the project.

Mr. Champoux denies the rumor, that he has disposed of his timber limits in Quebec and states he has no intention of doing so. His visit to Europe is in no way connected with business.

Mr. Champoux has varied interests in Nova Scotia and Quebec. He is manager of the Chaleurs Bay Mills, secretary of the Matapedia Lumber Company, secretary-treasurer of La mill owners, who hold limit and freehold land at Restigouche and Quebec. He is also president of the Couture Rheault, Ltd., Mout. Joli, Quebec, a director of the Canadian Forestry Association and a director of the Southern Fire Protection Association.

**GIRLS' CONFERENCE.**

A meeting of ten age girls was held in St. Andrew's hall Tuesday evening when Miss Mary R. Allison, Girls' Work Secretary, Miss Olive Ziegler, National Girls' Work Secretary for the Methodist Church addressed the meeting on the work of the "Canadian Girls in Training," which work will be taken up here by the different churches. Wednesday evening the Methodist S. S. group held a supper in the Methodist S. S. hall, and a very pleasant time was spent.

**WANTED.**

## DEFINITE ANSWER WITHIN TEN DAYS

Dominion Government Ministers Promise Early Consideration of Bridge Matter.

The delegation composed of Messrs. W. D. Duncan, D. A. Stewart of the Campbellton Board of Trade, Thos. R. Busted and Hugh Sellers from the Municipality of Mann returned Saturday from Ottawa, and are very enthusiastic. They are confident that the Dominion government will place in the estimates for this year a sum sufficient to carry on the work. The delegation was given an attentive hearing by Mr. McCurdy, Minister of Public Works, and Mr. Wigmore, New Brunswick's Cabinet Minister, both of whom promised to bring the matter of a grant before the Council immediately and support same. These gentlemen promised a definite answer within ten days. It is altogether likely the matter will be dealt with on Saturday next.

The whole matter is now up to the Dominion government. If the answer is favorable, the necessary surveys will be made at once and by next fall tenders will be called for so that the work might be commenced during next winter.

DALHOUSIE.

Dalhousie, Mar. 15.—On Wednesday the Dalhousie Curlers had as their guests four of Campbellton's strongest rinks. Play started in the morning at an early hour and continued until the dinner hour. Dalhousie's rink led by Andrew Barbier succeeded in beating Fred P. Wetmore's rink by a score of 17 to 10. At the same time S. L. T. Clifford was leading a rink against R. K. Shives of Campbellton, and he, too, succeeded in bringing his team victory, the score being 14 to 10. In this game Mr. Clifford played his best game this year.

In the afternoon J. B. McKay of Dalhousie lined his rink up against Max Mowat. The game was a walk-over for Mr. McKay, Dalhousie winning out by 20 to 2. The other rink was occupied by James Gould's rink of Dalhousie and Thomas Wran's of Campbellton. He said to Jim's credit that he played a masterly game. The scoring was close throughout, but Dalhousie came out the victors by 13 to 11.

It is interesting to note, that with the exception of Mr. Andrew Barbier, who is one of the old curlers, all three men who led the Dalhousie rinks are young curlers, and judging by the way they have been playing all winter, Dalhousie will be a dangerous contender for next winter's curling honors.

Below is a summary of the players who participated:—

Dalhousie	Campbellton
C. Goss	H. R. Humphrey
A. Miller	E. A. LeGallais
D. S. Trueman	Fred Kerr
F. P. Wetmore	Reg. Shives

## WANT GAME PLAYED OVER

Chatham Would Like to Play Sussex At Bathurst Rink.

Efforts are being made to bring a representative delegation will arrive in Chatham and Sussex hockey team together on the big ice surface at Bathurst. The game at Moncton, in view of the incompetency of the Referee, turned out to be a farce, and was not in any way the test of the relative strength of either team. The M. P. B. of A. A. U. of C. officials did not display enough interest in the game to have a competent official in charge. It was to have been expected that two referees, one representing each league would handle the match. Several influential citizens of Bathurst, with Mr. W. J. Fenwick as the active promoter, are desirous of seeing the teams at Bathurst. Chatham has expressed its willingness to play there and the decision of the Sussex team in the matter is being awaited. If the Sussex boys are good sports they will accept the proposition made to them by Bathurst, which we understand to be very attractive.—Chatham World.

Oh, yes, the game at Moncton was a farce because Chatham did not win. The referee was incompetent because he did not happen to be Mr. Brown. Anything else? The Chatham hockey team of 1921 is going down in the hockey history of N. B. as the poorest of sports. Anything to win and no sportsmanship. They have not yet learned that it is harder to be a good loser than a winner.
