One Great Fact

NEEDS to be known about this store. We are the largest retail importers in our line of business in this city and we think we are not far behind any of the Wholesale dealers and our trade is growing.

This statement is made upon the best data obtainable and believed to be true. We advertise the fact for business, not boastful reasons, but there is a trade argument in the fact that we want to emphasize.

What made the business—merely the best goods in the largest variety and the least prices. That's the whole case, no matter what's the rattle and talk, the special pleadings and promiscuous statements served up to you in the daily papers concerning hats.

You may come here in confidence that the prices are as low or lower and the variety as good as you can find elsewhere, generally vastly better. Perhaps you have found it out. Possibly not.

If not, investigate and settle the question. Think of the immense stock of Men's, Youths' and Children's Hats that we carry in a store as large as this. Enough to put a hat on the head of every man, boy and child in Toronto and have some left. Is this not the store for you to come to, where money is saved, where large dealing is done?
