

THE MAYOR GRIES NALT

And the Executive Starts in to Reduce the Estimates.

THE KNIFE SKILFULLY APPLIED.

City Treasurer Coady's Statement About the Area of the Town Called Down by Ald. Gillespie—But the Mayor is Included in the Acreage—A Lively Clash at the Police Department—But His Friends Come to the Rescue—The Board of Works Must Stand Firm Under.

The Executive Committee held a special meeting yesterday, to consider the draft estimates. The Mayor, Mr. Coady, Mr. Gillespie, Mr. Clark, Mr. Ald. Vokes, G. S. Macdonald, Messrs. Dods, Hallam, Gillespie, Saunders, Smith, and Coady. The Mayor presided and the Chairman of the Board of Works, Mr. Coady, presided over the meeting.

The Mayor made a statement of the estimates, stating that a reduction in the salaries estimates must be made in order to reduce the total to the \$1,700,000. He stated that the estimates for the year 1890-91 are \$1,700,000, and that a reduction of \$100,000 is necessary.

The Mayor's statement was met with a storm of protest. Mr. Gillespie, Mr. Clark, and Mr. Ald. Vokes all spoke against the proposed reductions. Mr. Gillespie stated that the Mayor's estimates were based on a false basis.

The Mayor replied to the objections, stating that the estimates were based on the best available information. He stated that the City of Toronto is in a difficult financial position and that reductions are necessary.

The meeting adjourned until next week. The Mayor's position is now very difficult, and it is expected that the estimates will be revised.

The Mayor's position is now very difficult, and it is expected that the estimates will be revised. The Board of Works must stand firm under the pressure of the Mayor's demands.

BLAINE AND BEERING SEA.

BRITISH FORCE AGAINST THE SECRETARY'S ACTION.

Force Will Meet Unlawful Force—And New Uncle Sam Shifts Base and Puts in a Claim to Full Ownership of the Seal.

LONDON, June 11.—The Standard protests strongly against Mr. Blaine's sending cruisers to Behring Sea. It says if he attempts to employ force against British subjects or property he will be employed on his side also.

The Standard says that the greatest object of the British Government is to maintain its rights in the Behring Sea. It states that the United States is acting unlawfully.

The Standard also mentions the actions of the British Government in the Behring Sea. It states that the British Government is determined to maintain its rights.

The Standard continues its criticism of the United States' actions in the Behring Sea. It states that the United States is acting in a manner that is contrary to international law.

LOOKING INTO CANADA.

WINDY, JUNE 11.—CUSTOMS OFFICER TUNNANT OF GRENA, INTERVIEWED REGARDING THE TRUTH OF STATEMENTS THAT NUMBERS OF DOKOTA SETTLERS WERE CROSSING THE SAME TRACK, NEAR BOMBAY, MONTANA, AND A TREE NEAR HOWARD LAKE—A THUNDERBOLT IN THE NORTH END.

June, up to date, has been a month of much rain and wind, and much lightning. There has been a storm of some kind or other almost every day for the past two weeks. But nothing of a fatal nature was recorded until last evening, when John Hamilton, an employe of the rolling mills at Swanton, was struck dead by lightning.

John Hamilton was struck dead by lightning while returning from his day's work in the Lake Shore road. About 5 1/2 o'clock several of the workmen from the mills were caught in the heavy thunder shower. John Hamilton, who was some distance ahead of the others, took shelter under a tree opposite the front of Howard Lake.

John Hamilton was struck dead by lightning while returning from his day's work in the Lake Shore road. About 5 1/2 o'clock several of the workmen from the mills were caught in the heavy thunder shower.

THE OFFICE SHOULD STAY AT HOME.

That's What the Faithful are Saying About the Vacant County Court Clerkship.

There was a great fight in the Reform camp yesterday when it became generally known that Hon. A. R. Ross, the late County Clerk, had a good grip on the clerkship of the County Court. Until the statement appeared in 'The World' it was only known to a few of the Reform Club members.

The Reform Club members were very angry at the news. They felt that the clerkship should have been given to a Reform member. They stated that the Reform Club has a right to the clerkship.

THE DOC AND HIS DULCINEA.

MRS. ANDREWS SUPPLANTED BY HER DAUGHTER.

In Evening the Discarded Woman Causes the Arrest of Her Recent Admirer on a Charge of Murder—The Quasi-Suicide of an Ingeroll Movement—Tripp Out on Bail.

WOODSTOCK, June 11.—Dr. M. E. Tripp of Ingeroll appeared before William Grey, J.P., to-day on the charge of murdering his mother, Hannah Tripp, and was allowed to go on his own recognizance for \$200 to appear before Police Magistrate Field on June 17.

This case is an interesting one. About 10 years ago while Tripp was living in Norwich he gave his some opinion for some complaint from which she was suffering and the never struck from the scene. It is understood the prosecution are basing their case largely on a deposition made by Mrs. Christopher Andrews of Ingeroll.

The name of Mrs. Andrews has been associated with that of Dr. Tripp before. On Feb. 27 last she and Dr. Tripp were arrested in Detroit at the instance of her husband, Christopher Andrews, who had traced the runaway Mrs. Andrews to that city.

Mrs. Andrews refused to return to her husband. What has since come between the doctor and Mrs. Andrews is not generally known. Mrs. Andrews' young and rather pretty daughter, Emmaline, intruded themselves between the doctor and her mother and threatened to shut the latter out entirely.

Mrs. Andrews' deposition contained charges against the doctor that are horrible to think of. She accused him of gross immorality and of neglecting his mother. She also accused him of neglecting his mother.

Mrs. Andrews' deposition contained charges against the doctor that are horrible to think of. She accused him of gross immorality and of neglecting his mother. She also accused him of neglecting his mother.
