This institution, which was started three ears ago for the purpose of rescuing homess men from the many low dives that ded in the city, held its annual med last night to receive the financial statemen and elect officers for the ensuing year.

and elect officers for the ensuing year.

Since starting almost 70,000 beds have been occupied, every one of which has been paid for, so that in no wise has it a pauperizing effect. A clean bed, hot and cold baths, a clean nightshirt, sitting-room and well ventiated dormitories are what is provided for the small sum of 10 cents.

When the new building which is now being erected in Queen and Jarvis-streets is completed there will be nothing equal to it on this side of the Atlantic. During the past year about 23,000 beds have been used and 658 men have obtained employment through the agency of its employment bureau.

The officers elected for the ensuing year: President, Rev. H. C. Dixon; vice-president, B. E. Bull; secretary, G. H. Parkes; Treasurer, J. M. Treble; Directors, W. H. Pearson, W. H. E. Massey, Dr. J. B. Willmott, C. E. Clarke, W. H. Orr, W.T. Giles.

Mercer, the well-known adjutant of the Queen's Own, the well-known adjutant of the Queen's Own, and S. H. Bradford and J. E. Titus, two hard-working members of the junior bar, has just had added to it Mr. John King, Q.C., formerly of Berlin, who has become a resident of Toronto. Mr. King, the head of the new firm, is one of the lecturers of the Law School and is well-known throughout the province as a crown officer in criminal prosecutions and an able jury counsel. The present offices of the firm are opposite the Court House, Adelaide-street east, but are likely to be removed to another building. The firm's name is King, Mercer, Bradford & Titus.

Canadian Grocer have appeared during the seven years' existence of that valuable journal, but the fall number is a gem of the first water. The publishers claim that it was never equalled and The World unhesitatingly agrees. Typographically it is perfect. The numerous photogravures and lithographic illustrations are excellent, but its value to the trade lies in the many meaty articles dealing with matters pertinent to grocers. The J. B. McLean Publishing Company have made this paper absolutely indispensable to every grocer, and the grocer who does not receive it weekly is neglecting his business. Under the able conduct of Mr. W. L. Edmonds, the editor-in-chief, the paper has made wonderful strides the past year. journal, but the fall number is a gem of the

The closing day of the Markham Fair yesterday witnessed an enormous gathering on the grounds, equal to that of any previous occasion. Three special trains were run out on all our goods. PLUG, CUT PLUG from the city and all were crowded. The TOBACCO AND CIGARETTES from the city and all were crowded. The display in all classes of exhibits was highly creditable, and attracted universal attention. The speeding in the ring was the great feature of the afternoon, and the grand stand was crowded with those anxious to see the contests. Unfortunately the rain began to fall at 4 o'clock, and rather interfered with the arrangements and with the pleasure of the great crowd. The Controllers of Inland Revenue and of Customs, who had been in town holding a tariff conference with the farmers, visited the fair in the afternoontand was shown the exhibits by the officers of the association.

Chago, Oct 6.—Wheat—The large clearances of wheat and flour for two days in succession had a strengthening effect on the market and, although it was raided by the bewrs later to about the closing figures yesterday, it was evident that less long wheat remained to be liquidated. For this reason shorts were willing to stand out on their lines, and most of the room traders took profits and closed up their trades. The situation is unchanged and we see nothing but moderate and temporary railies, with a tendency toward lower prices.
