TO ABOLISH TOLLGATES.

Motion to this Effect to Be Made in York County Council.

At the November meeting of the York County Council yesterday, John McPherson, M.P., moved that the toll-gates on the roads of the county be abolished.

Promptly at 2 o'clock, Mr. McPherson moved that the toll-gates be abolished.

The communications were read and referred to their proper committee.

From Thomas Caswell, City Solicitor, asking for an assignment of the county's interest in the agreement between the Mimic Electric Railway Company and the County of York, whereby the company acquired the right to operate on the Lake Shore.

The president of the railway company refused to recognize that agreement and says it is not binding upon his company.

The solicitor further states that the company has been informed that the track is in a terrible condition, and the company simply repudiates the agreement.

Mr. McPherson moved that the company be asked to postpone the sale of the lands for this year, and thus afford him time to get a better description of the lands, and avoid what has been necessary the past two years, viz., the withdrawal of hundreds of parcels after the expense had been incurred.

The lands liable for sale this year are almost entirely those growing out of the sub-division of farm lots in the front part of Etobicoke, York and Scarborough, and the descriptions are so imperfect as to make it almost impossible to sell.

From Mrs. Daniel Dineen, asking for a rebate of tax of No. 1, toll-gate, Dundas-street, claiming there has been great falling off in travel, occasioned by the making of the new road across the river.

From S. T. Hummerstone, stating that he had made application at the County Treasurer's office for information concerning certain securities said to have been made by the council, and that he was unable to procure the desired information.

The treasurer afterward wrote a reply to him, to the effect that the County Clerk for the information, but that the County Treasurer had it. Mr. Hummerstone wanted to know if the securities were payments that have not been audited, and further stated that the treasurer had produced his cashbook for inspection he might have been enabled to get some light on the matter, but the cashbook was not produced.

From W. Bannin enclosing a statement of the receipts and expenditures of the Teachers' Institute of the northern division of York County. The receipts amounted to \$190.75, and the expenditures \$127.22, leaving a balance on hand of \$62.53.

From C. Britnell & Co., asking for \$1200 for extra labor on the stone abutments of the Russell bridge at Wood-bridge.

D. Evans, Etobicoke, commissioner for Dundas-street, presented his report, which showed an expenditure since the year to Nov. 1, \$1721.12, in order to keep within his appropriation he had to leave the purchase of stone until after Feb. 1 next. He reported the section in good condition.

The Weston High school report showed that \$350 had been received for fees.

Mr. Woodcock, Newark, gave notice that he was instructed to lay before the council a statement showing: (1) The assets and liabilities of the county in parcel of property separately; (2) The separate property, including court chambers, treasurer's and clerk's office, and the rate of insurance premium paid; (3) The rate of interest paid by the city of Toronto for Division Court sittings; (4) Mr. Goulding, York, gave notice of a motion providing for the abolition of toll-

Drug Store Burglars Convicted.

Albert Kupits and Fred Collier, the drug store thieves, were yesterday convicted and remanded for sentence. Riordan was discharged. Druggist McLaren, who bought a large portion of the goods, was the principal witness, and was reprimanded by the magistrate. Crown Attorney Curry explained that a case could not have been made out against the prisoners without using McLaren as a witness, which explained the reason that he was not arrested. He remarked that it was a matter that should be brought before the Druggists' Association.

Our baby was very sick last July and we were cured, were yesterday convicted and remanded for sentence. Riordan was discharged. Druggist McLaren, who bought a large portion of the goods, was the principal witness, and was reprimanded by the magistrate. Crown Attorney Curry explained that a case could not have been made out against the prisoners without using McLaren as a witness, which explained the reason that he was not arrested. He remarked that it was a matter that should be brought before the Druggists' Association."
