YUKON SCANDALS UP AGAIN Sir C. H. Tupper Puts His Charges in a Resolution.

Vigorous Charges Against the Officials, Mr. Ogilvie and Minister Sifton—He Asks for a Reyal Commission to Be Appointed With Proper Powers to Investigate Complaints.

Ottawa, June 28.—Sir Hibbert Tupper moved in the House yesterday afternoon, rose and for the second time this session arraigned the Government, and especially the Minister of the Interior, for the maidministeration of the Vukon, speaking up to 6 o'clock in general condemnation of the conduct of some of the officials, and being especially severe on Commissioner Oglivie and his methods in making his investigation. He expressed regret at having to criticize the conduct of officials, and, inasmuch as he would, in the course of his speech, have to animadvert upon the personal character in connection with public matters, he quoted a number of English and Canadian precedents in justification of his course. Amongst the Canadian cases quoted were those of Hon. A. G. Jones' attack on the Chief Justice of Nova Scotia, Mr. Mulock's attack on Judge Traverse, and Hon. David Mills' attack on Mr. Hayter Reed and other Government officials in connection with the Bremmer fur matter.

Reed and other Government officials in connection with the Bremner fur matter.

The Commission Fad.

Sir Hibbert next called attention to the present Government's fondness for issuing commissions, with very full powers to investigate, on the alimnest suspicion of every trifling case, and compared it with the reluctance with which the Government had approached an investigation of Yukon affairs, and the very limited powers given Commissioner Oglivie, when an enquiry was airdily granted.

Mr. Oglivie's Appointment.

He severely criticized the appointment of Mr. Oglivie's Appointment of Mr. Oglivie's to investigate the ichnarges made by the Miners' Association and others, not only on account of this relationship by marriage with the Minister of the interior, but also on account of the unfitness for the position from lack of experience and legal training, and declared that it was Mr. Oglivie's legal adviser, Mr. Clement and not Mr. Oglivie was singularly lacking in that authority which English and Construiced the investigation, admitting or excluding what evidence he pleased. He declared that Mr. Oglivie was singularly lacking in that authority which English and Canadian precedent showed was necessary for the proper carrying out of an investigation, and instanced his inability to project witnesses or to pay the expenses of witnesses.

Hew It Was Conducted.

He read copiously from the report of evidence taken before Mr. Oglivie, to

How It Was Conducted.

He read copiously from the report of evidence taken before Mr. Oglivie, to show the reanner in which the investigation was conducted, and said that Mr. Oglivie and Mr. Clement seemed to think they were holding a court instead of conducting an investigation. He said that, despite the manner in which the investigation was conducted, the result had been to show most nefarious conduct on the part of officials.

Juige McGuire's Advice.

Juige McGuire's Advice.

Judge McGuire had given Gold Commissioner Fawcett advice on hypothetical questions with regard to his office, and afterwards became interested in gold claims. He continued, at considerable length, reviewing the evidence taken by Mr. Oglivic, holding that it disclosed a very rotten state of affairs, amongst other things showing that Gold Commissioner Fawcett was afraid of the very shadow of Major Walsh, who terrorized over him. A Crack at Landerkin. A Crack at Landerkin.

After recess, Sir Hibbert continued his criticism. Shortly after a very smart little "scrap" between him and Dr. Landerkin took place. Sir Hibbert was proceeding to show that in the case of the so-called election frauds in Manitobs the Federal Government promptly took action to have detectives sent out to ferred out evidence, when Dr. Landerkin interrupted to know if that referred to an officer of the Inland Revenue Department in Winnipeg, who drew salary for nothing. Persuring in his interruption, after being warned by Mr. Speaker, Dr. Landerkin provoked the observation from Sir Hibbert that the remarks were "mauding."

BREEZE IN THE SENATE.

The Drummond County Railway Parchase Bill the Cause.

Ottawa, June 28.—In the Senate yesterday afternoon the Drummond County purchase bill was introduced by Hon. R. W. Scott, and an attempt made to proceed with the second reading, without the Grand Trunk lease bill, but Sir Mackanie Bowell vigorously protested that the two bills should be discussed together, in the same way they had been in the Commons, although, or course, they would poss as separate bills. The Drummond County purchase, he said, was a simple matter, which could be easily understood, it being merely whether the road was worth what was to be paid for lit; but the Grand Trunk lease was a very different affair, involving an immense amount of money and covering the very lengthy period of 99 years, and it behoved the Senate to more with caution, and demand the fullest possible information. There were details which had been asked for and not furnished, and until they were given he must protest against the Drummond County bill being proceeded with.

After some discussion, Hon. David Mills agreed to bring down all the in.

Chicago Stock Yard Men Have Gone Back to Work, But in Other Lines

Chicago, June 28.—The demands of the unskilled Stock Yards workmen in several departments have been met and the men returned to work yesterday, but in other departments the workmen went out during the forenoon to enforce their demands.

Several hundred painters, who demand an increase of 2% cents an hour, joined the strikers' tranks yesterday. Another conference was held between representatives of the packing firms in regard to arranging as settlement of the troubles. Most of the packers were in favor of

granting the demands of the men. It was believed that an amicable agreement would be reached before night, and that by to-day all the strikers will have re-turned to work. The strikers claim that they have 1,200 men out.
