From the *Chicago Inter Ocean.*)

"Another of those startling, unreal, but fascinating romances of this remarkable Frenchman. It will be read with absorbing interest. M. Verne appears to exercise as complete a control over the elements, with his fertile pen, as his great contemporary Gustave Dore with his brush."

(From the *New York Tribune.*)

"But what other work can we place by the side of "The Wreck of the Chancellor? We do not pretend to be able to find one. Very few men now living have the power of writing as Verne writes; still fewer of dashing upon so splendid a canvas a picture so varied, so crowded, so full of original power."

(From the *St. Louis Republican.*)

"A very dashing, pleasant, and interesting book. The translation is careful and intelligent."

(From the *New York Sun.*)

"Jules Verne's position grows more secure with every new work which comes from his pen. He is one of the most prolific of writers, yet his stories improve with time instead of growing weaker, and each is as finished and as forcible as though it were the sole production of the author."

(From the *Chicago Times.*)

"A strange startling romance, full of absorbing interest. A book that will delight the reader."
