STERLING ALGUIRE'S MILK AGITATOR,
PATENTED APRIL 15, 1868.

STERLING ALGUIRE PATENTEE,
FARMERSVILLE, ONT.

For particulars address

J. B. HARRIS, ASSIGNEE,
Belleville, Ont.

The attention of factory men is respectfully called to the following testimony from one of the best factories in Oxford County:

NORWICH, ONT., Aug. 26, 1868.

J. B. HARRIS,

DEAR SIR,—Your Agitator needs no recommendation, it will recommend itself, and every cheese manufacturer can become convinced by giving it a fair trial; for my part I would not have it taken out of my two vats for twice the price. No cream can possibly rise, and it cools the milk to the same temperature as the water with one quarter inch stream of water.

v5-17-1t

Respectfully yours

H. S. LOSEE.

Markets.

Toronto Markets.

CANADA "FARMER" Office, Sep. 11th, 1868.

THE Produce market since our last report has been quiet and dull. Barley has been offering, but the receipts have been light since the decline in prices. Only a very few loads of wheat have been offering on the street market.

FLOUR—The market is still dull. Holders have been asking \$6 for No. 1 super, and buyers have refused to buy at that price. Some lots were offered to day at \$6 85 and found buyers at that price; choice brands might bring 6c. more, or \$6 90. There are very few buyers, however, at these prices. Extra is selling in broken lots at \$7. Superior is nominal, offering at \$7 25 without buyers.

Oatmeal—Only a retail demand; selling at from \$6 50 to \$6 75.

Cornmeal—Selling at from \$4 to \$4 5c.

Wheat—There are only a few lots in the market. Spring wheat is in fair demand, but prices are weak. There are buyers at \$1 25 here. Fall wheat is nominal at \$1 30. There are no lots on the market, and it is impossible to give correct quotations. Midge-proof sells at about the same rate as spring. There is, as yet, very little coming in on the street market. Street prices are—Spring and Midge-proof \$1 27 @ \$1 28; Fall \$1 30 @ \$1 33, according to quality.

Oats—The market remains unchanged. Holders are asking 51c. for car lots. There are no buyers at over 48c. to 50c.—on the street market buyers were paying 51c.

Butter.—Coming in slowly; holders are firm, believing that buyers will have to come to their terms; we quote dairy from 20c. to 22c.; round lots 18c. to 20c.; those packed in small lots sell at 19c.; rolls on the market 25c. to 27c.

Eggs.—Selling on the market at from 11c. to 13c.; shippers are paying 11½c.

Cheese.—Only a retail trade doing; worth from 11c. to 12½c.

Pork.—In few hands; holders are asking \$24, with a few small lots selling at \$23 75.

Bacon.—Selling in small lots at 11c. to 12½c.; market is very bare.

HAY AND STRAW.

There is not much hay yet coming in. Prices continue to be well maintained. We quote hay at from \$11 to \$15. Straw is rather low; and ranges from \$6 to \$8.

Barley.—The recent decline in the United States markets has lowered prices here. The receipts from farmers' teams have in

consequence fallen off very materially. On no day this week has there been over 5,000 bushels received on the street market, and the receipts by car have also been greatly diminished; not amounting by half to those of the previous week. The decline has depressed the market; few large lots have been offering, and there has not been much desire to buy. To-day there were buyers of cargo lots at 95c. On the street market prices have ruled steady during the week from 95c. to 97c. There seems to be no likelihood of an immediate advance from these prices, as the tendency of the U. S. market is downward.

Peas.—There has been nothing doing in car lots—prices are nominal at 95c.; on the street market from 95c. to 96c. was paid.

Montreal Markets.—Sept. 11.—Flour.—Superior Extra, \$7 25 to \$7 50; Extra, \$6 80 to \$7 00; Fancy, \$6 25 to \$6 50; Welland Canal, Superfine, \$5 90 to \$5 95; Superfine No. 1 Canada wheat, \$5 90 to \$6 30; No. 1 Western wheat, \$5 90; No. 2 do. \$5 60; Fino, \$5 20; Middlings, \$4 50 to \$4 75; Pollards, \$3 to \$3 50; Bag Flour, \$3 to \$3 10.

Wheat—Canada Fall, \$1 30; Canada Spring \$1 30; Western \$1 30. Oats—Per 32lbs. 45c. to 50c. Barley—Per 43lbs. 90c. Butter—Dairy 20c. to 21c; store packed 19c. to 21c. Cheese—Factory, 10c. to 10½c. per lb.; Dairy 9c. to 10c. Eggs—14c. Ashes—Pots, \$5 75; Pearls, \$5 30c. Pork—Mess, \$24; thin Mess, \$24 50c; Prime Mess, \$16 75c.; Prime, \$16 5c. Lard—16c. to 16½c. Peas—\$1 10c. to \$1 12½c. Eye Flour—\$4 50c. Oatmeal—\$6 50. Cornmeal—\$4 to \$4 10.

Milwaukee Markets.—Sept. 11, noon.—Wm. Young & Co.'s report.—Wheat—Receipts, 91,000 bushels; shipments, 70,000; No. 1 wheat dull at \$1 67½ to \$1 68; No. 2 do. at \$1 53½ to \$1 54. Flour nominal. Pork firm at \$29. Freights unchanged.

Chicago Markets, Sept. 11, noon.—William Young & Co.'s report.—Wheat—Receipts, 80,000 bushels; shipments, not reported. No. 2 wheat quiet at \$1 56½. Corn dull at 97½c.; receipts 77,000 bush.; shipments, 118,000 bush. Pork unchanged.
