OTTAWA,

JAS. A. GOVIN, - - Proprietor.

— IS THE —  
Favourite Resort of the Leading Public men of the Dominion attending the annual Sessions of Parliament.

Ministers of the Crown, Senators, Members of Parliament, Public Officials, as well as those having business with the various Departments of the Government. It is also the head-quarters of those having dealings with the princely Lumber Manufacturers in the great Pine Valley, of which Ottawa is the acknowledged centre.

The Russell House being central, almost abutting on the magnificent PARLIAMENT and DEPARTMENTAL BUILDINGS—the pride of the Country—is thus conveniently situated for those visiting the City on public business. But the location is also everything that could be desired alike for the man of business and the man of pleasure. A few minutes walk brings the guest of the Hotel within reach, not only of all the principal business resorts, but also of the most splendid Mountain and Valley Scenery that can be seen anywhere, as also of the two almost unrivalled Waterfalls—the Chaudiere and Rideau—and of the extensive Manufacturing Establishments and Depots of the leading Lumbermen. But, besides the beautiful scenery, which, it may be mentioned, includes the magnificent Ottawa and two of its grand tributaries—the Rideau and the Gatineau—there are in the immediate neighborhood, beautiful Lakes and apparently never-ending woods, which afford opportunities for the finest Fishing and Shooting that can be obtained on the Continent.

The Russell House affords excellent accommodations for 300 guests; its table is abundantly supplied with Viands of the choicest description, in season, and nothing is left undone to make every visitor feel comfortably "at home."

Omni-buses meet the Arrival of every Train and Boat.

\*In examining the table it must be borne in mind that it relates only to business done in Canada. This comprises the whole of the business done by the local companies, but only the Canadian business of the British and American Company. The Etina's total income was \$4,350,897.30 in 1879. Of the "1883 of "Policies become claims" in the case of the ETNA LIFE, \$533,000 was by the maturity of Endowment Policies—i.e., policies payable at death or the end of 10, 15 or 20 years if living. In the other 19 companies, all combined, only a total of \$21,943 of this excellent kind of insurance was paid in 1879.

\$30,000 was added by the ETNA LIFE, the past year, to its Government Deposit, making it the largest of any Company, and nearly 4 times that of most Canadian Companies.

The superior standing of the ETNA LIFE is shown by its total income being \$4,350,897.30, and by its Canada Branch income being nearly equal to the combined premium income of the whole 9 British Companies, or that of the 3 lesser American Companies, or that of all the Canadian Companies but one. This one has been 32 years getting \$50,223, while the Etina's \$307,647 has grown from less than \$100 in the past 11 years.
