"Since many years, I had a desease which made me suffer very much. Remarking, by the "Thanksgivings" of your Review, that many cures had been obtained by invoking the Precious Blood, I promised that, if I would obtain relief during six months, I would have a mass said in honor of the Precious Blood and would have my cure published in "The Voice of the Precious Blood;" since then I have felt no pain, and I therefore come with joy to accomplish my promise."

"In the springtime of 1896, my right arm was taken with a strange soreness which made it swell to an enormous size and which seemed to defy all medical science. The strong remedies which I applied to it, after the counsel of my friends, made it an object of horror and pity. was considered as finished; I even had attacks of delirium which threw my relatives into consternation. All at once a great light came to my mind... The oil of the Blessed Sacrament! So many have been cured by this simple remedy! And if Our Lord communicates such virtue to the oil which burns before the image of his Holy Mother and other saints, what power should He not give to that which is consumed in His Adorable presence! My confidence was not vain, as soon as I began to apply it to my arm the pain diminished day by day, and, at last, completely ceased. Since, I have been able to work at the ferm and my friends tell me I have even been imprudent. theless my cure is lasting. Praised, loved and glorified be the most holy, most august and most amiable Sacrament of the Altar, by all, everywhere and forever."
