

per or iron pyrites losing much less than others. As much as 95 per cent. has been recovered, but generally the salvage is between 70 and 85 per cent. Theoretically, the loss of silver should be confined to that in the pigment and that in the slag, i. e., in the former about 1 oz. and in the latter 1 1/2 oz., or 2 1/2 oz. per ton of ore treated; but there is a variable loss somewhere between, which has never been discovered. (Later returns show the silver loss to be under 2 oz. per ton of ore treated, while there was a gain in the lead and gold over the assay of the raw ore.)

The cost of treating the ore at Canon City is from \$5 to \$10 (average cost, \$6), including the production of the pigment and matte. The price of slack coal delivered at the works is 50c. per ton, the coal mines being near the works. The price of coke is \$5 per ton at Canon City.

The cost of a plant to treat 250 tons of ore per day, producing about 20 tons of pigment and 40 tons of matte, is \$250,000.

ASK YOUR FRIENDS

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. Simply what Hood's Sarsaparilla does, that tells the story of its merit. One has been cured of indigestion or dyspepsia, another finds it indispensable for sick headache or biliousness, while others report remarkable cures of scrofula, catarrh, rheumatism, salt rheum, etc.

A NOVA SCOTIAN'S STORY.

A FALL FROM A WAGON AND WHAT FOLLOWED.

Mr. Abel Wile, of Bridgewater, relates a Remarkable Escape After Weary Months of Suffering—How it was Brought About.

From the Bridgewater, N. S., Enterprise.

For some time past it has been talked about Bridgewater that Mr. Abel Wile, a well known farmer who resides a few miles out of town, had been cured of a serious illness by the use of Dr. Williams' Pink Pills. The Enterprise having published the particulars of many other cures occurring in various parts of the Dominion through the efficacy of this remarkable medicine, felt a curiosity to investigate this local case in order to ascertain just what benefits had actually followed the use of the medicine in question. With that end in view a reporter was sent to interview Mr. Wile. The writer had understood that Mr. Wile was an old gentleman, and his first impression was one of pleasant surprise, for instead of shaking hands with a feeble gray-haired man, behold not a grey hair was to be seen, although some seventy-five years have passed over his head. Mr. Wile is now hale and active and his memory very clear, and he can tell many interesting stories of the early settlement of Bridgewater. When the reporter mentioned the object of his visit, Mr. Wile at once exclaimed, "Well, my dear sir, I might express it all by saying that I believe Dr. Williams' Pink Pills saved my life. This spring I was violently thrown from my wagon, and although I escaped having any bones broken, I sustained a severe strain in my right loin, which seemed to paralyze that part of my side and stomach. I experienced great pain and weakness, which, despite my efforts with different remedies, grew steadily worse, and for two months or more I suffered terribly. I could not properly digest my food, and got but little sleep at night, and at last began to think that it was only a matter of a few weeks when I would go the way of all men. But a happy day came and ended my misery. We were all good Baptists in our family, and in a copy of the Messenger and Visitor my wife read to me of some of the marvellous cures brought about by the use of Pink Pills, and I decided to try them. My wife went into town and purchased some, and from the first Pink Pills seemed to go right to the root of my trouble, and it was not long until I

could sleep good sound refreshing sleep, for the first time in eight weeks. I continued taking the pills until I had taken a number of boxes, when I considered myself completely cured, and from that out I went about my every-day duties as well as ever, and I thank the Lord that such a boon as Dr. Williams' Pink Pills has been given to mankind to help rid them of disease.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration, the after effects of la grippe, influenza, and severe colds, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions and are a specific for the troubles peculiar to the female system, and in the case of men effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark. They are never sold in bulk or by the dozen or hundred, and every dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood-builders and nerve tonics, put up in similar form intended to defraud. Ask your dealer for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

These pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, New York, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

DRAUGHTS-CHECKERS

All communications to this department must be addressed directly to the Checker Editor, Mr. W. Forsyth, 36 Grafton St.

TO CORRESPONDENTS

R. LIVINGSTONE, Clyde Bank, Glasgow. — Thanks for *Herald* which comes regularly. Have mailed a tardy reply to your favor. Did the missing number of *THE CRITIC*, Sept., 29 reach you?

"BRIDGEWATER." — Your solution to Problem 361 is the only correct one received. It appears below.

SOLUTION.

PROBLEM 361.—The position was: black men 4, 7, 8, 22, 24, king 23; white men 5, 14, 19, 21, 29, 30; white to play and win.

5 1 22-29 21 17 13-6
23-16 30 25 22-13 1 28
29 25 29-22 14 9 w. wins

GAME 242.—"DYKE."

Played recently between our checker editor (black, blindfold) and Mr. P. O'Hearn (white).

11-15 7 10 6-22 7-10
22 17 24-15 26 17 27 23
15-9 10 19 5-9 19-26
24 15 25 22 29 25 30 23
10-19 8-11 11-15 4-8
23 16 22 18 25 22 23 18
12-19 9-14 3-7 15-19
a-27 24 18 9 32 27 *31 26

a Mr. O'Hearn delights in original play, and generally manages to find an unfrequented path.

* This brings us to the position below which we present as

PROBLEM 363.
Black men 1, 2, 8, 9, 10, 19.

White men 17, 18, 21, 22, 26, 28.
Black to play and win.

The fact that the above occurred in actual play will give it a practical value that should commend it to our solvers.
