

thetia and a Simple Method of Estimating Chloroform;" Prof. C. S. Sherrington, F.R.S., and Dr. H. E. Roaf, Liverpool, on "Lock-jaw."

Papers are also promised by the following: Dr. Harvey Cushing, Baltimore; Dr. P. T. Herring, Edinburgh; Dr. F. G. Hopkins, F.R.S., Cambridge; Prof. Waldemar Koch, Columbia, Mo.; Dr. S. J. Meltzer, New York; Dr. Sutherland Simpson, Edinburgh; Prof. L. B. Mendel, New Haven; Prof. Porter, Boston; Prof. Jacques Loeb, Berkeley, Cal.

Paper by Prof. F. S. Lee, New York, on "The Causes of Fatigue in Certain Pathological States."

*Ophthalmology*: The section of Ophthalmology will meet under the presidency of Robert Marcus Gunn, F.R.C.S., London. The following provisional programme has been arranged:—

Tuesday—"Rare Forms of Choroiditis."

Wednesday—"Sympathetic Ophthalmia."

Thursday—"Affections of the Lacrimal Passages."

Friday—"Visual Tests for Marine and Railroad Service."

Most of the buildings of the University will be utilized in connection with the meeting. On the ground floor of the Main Building, in addition to the Post Office and Reception Rooms, there will be rooms for the regular meetings of some six or eight sections. The second floor, in addition to special offices for the Secretariat and the Editor of the *British Medical Journal*, will be devoted almost entirely to the Museum, which will afford some 12,000 square feet for exhibitors. Already a large amount of this space has been disposed of to leading manufacturers of instruments and drugs in Great Britain, the United States and Canada. This alone will be one of the most interesting parts of the Association to Canadian visitors. Accommodation for other sections will be provided in rooms closely adjoining the Main Building. It is expected that the new Convocation Hall will be completed in sufficient time to enable the ceremonies of the official reception, on the evening of the 21st of August, and the public addresses to take place there. Already the committee is actively engaged in providing accommodation for the host of visitors that is expected. Queen's Hall, Wycliffe Collage, Annesley Hall, the Fraternity houses and other buildings adjacent to the University will probably be utilized, and many of the citizens are already offering their hospitality. The Committee on Entertainment have a most excellent programme prepared. One of the interesting features of which will be an excursion to Niagara Falls, at the invitation of Sir Henry Pellatt. Owing to the exceptionally favourable travelling rates, which have been obtained over the Canadian lines of steam and rail, the attendance will be made very easy, and physicians wishing to avail themselves of the privileges of this meeting should communicate with the Secretaries at an early date, in order to obtain accommodation.
