HOME NEWS.

The Minnie Browne, a new barque of 1022 tons register, was launched on Monday week at Maitland.

Ottawa, June 25.—The Governor General will leave Quebec for the Sussex Review on Wednesday next.

The corner stone of the new Beet Root Sugar Factory at West Farnham, Que., was laid on Wednesday week.

Mr. C. H. MacIntosh has been unseated as Mayor of Ottawa by decision of the Court and a new election has been ordered.

Ottawa, June 25.—Warren Smith arrived this afternoon, accompanied by Mr. Ross, of the Halifax Rowing Association. He brought a shell with him.

The capital stock of the St. John Cotton Company is being freely subscribed in sums of from \$500 up to \$10,000; meanwhile work on the site of the new mill has been commenced.

The Dominion Alliance for the Suppression of the Liquor Traffic convenes at St. John Friday, July 15th. Every temperance organization both close and open are asked to send delegates.

Jos. Tomlinson, C. E., of the Department of Railways, has gone to Rat Portage to hurry on the completion of the bridges over the two branches of the Winnipeg River on the Canadian Pacific Railway.

It is proposed to start a pulp factory in Ottawa, with a capital of \$20,000. The pulp is to be made out of sawdust, of which a large quantity can be made from the saw mills in that locality. The stock is to be sold to paper mills for the manufacture of printing and wrapping paper.

On Tuesday last a bye-law granting \$3,000 to Messrs. Kettlebrun, Ross & Sharp, to aid them in establishing a boot and shoe factory in Walkerton, Ont., was carried by a vote of 51 of the ratepayers. The bye-law binds the firm to employ from 30 to 50 persons steadily, in their factory.

The "Rocky Mountain Stock Company," composed of Messrs. Andrew Allan, Robt. A. Smith, John Cassils, Frank Stephen, Walter Wilson, T. D. Milburn, of Montreal, and F. S. Stimson, Compton, are applying for incorporation. The Company have a capital of \$500,000, and intend to embark in stock raising in the Bow river district.

St. John, June 25.—The ceremony of laying the corner stone of the St. Croix cotton mill at St. Stephen was performed by the Masonic Grand Master, Hon. B. R. Stevenson, yesterday. There were about six hundred Masons in line, including the St. John Encampment, of this city, and St. Bernard Commandery, of Eastport, Me.

The Grape Sugar Refining Company of Canada, whose headquarters are to be at Walkerton, Ont., have given notice of application for letters patent. The capital of the Company is \$100,000, and the names of the applicants include Messrs. E. A. C. Pew, James MacLaren, Hon. R. W. Scott, Sayers Hagar, of Canada, and a number of New York capitalists.

The Messrs. Shaw, the great American tanners, have bought the Foundry block, near Woodstock, containing 8,500 acres, as well as another block north of it, for \$30,000. They have bought this land on account of the hemlock trees which are growing on it. We understand that bark was lately worth, on the cars in Massachusetts, \$12 per cord.—*Forton Capital.*

We are pleased to announce that Sir Charles Tupper has authorized the construction of a branch line to the town of Oxford, Cumberland Co., and the survey commences to-day under the supervision of Mr. Archibald, of the I. C. R. It will leave the I. C. R. at Oxford Station and proceed on the east side of the river to a point opposite the Woollen Mills.—*Post.*

The dry dock scheme approaches its conclusion. The \$25,000 required by the City have been deposited in the bank. The Dominion Government have passed a Minute of Council guaranteeing one per cent per annum, or \$10,000 a year. The British Government have given their guarantee for a similar amount. These, with the City's guarantee, made up three per cent. We understand that Mr. McPherson's property at the North-end, south of the Sugar Refinery, has been chosen as the site. Thus another stage in the progress of the city has been reached.—*Hs. Herald.*

Winnipeg, Man., June 26.—Some half-breeds who have arrived at the Grand Valley at the Assiniboine on their way here report that hostilities have commenced between several bands of Crees and Sioux, near Wood Mountains. In one engagement, of the latter twenty-eight were killed, the Cree loss being about equally heavy. The half-breeds who have come direct from the Missouri ascribe the cause of the outbreak to Sitting Bull's desire to come east, which the Crees object to. More fighting is expected, as both tribes are well armed, and have a good supply of ammunition.

NEWS FROM ABROAD.

London, June 24.—The Irish Parliamentary party will give a banquet to Parnell next week, in celebration of his 35th birthday.

New York, June 22.—The vessels in port to-day hoisted flags in honour of the abolition of compulsory Hell Gate pilotage, which goes into effect to-day.

London, June 23.—The *Standard* says the entire population of the United Kingdom will be shown by the coming census to be about thirty-five millions, and the increase in the decade is a little over four millions.

Denver, Col., June 26.—There has been an Indian outbreak in Western Utah, and in a raid and skirmishes several Indians, six soldiers, and over twenty cattle-men were killed. Troops are pursuing the Indians.

Cincinnati, June 24.—Prof. Ormond Stone, of the Cincinnati Observatory, observed the comet last night. He says it was moving rapidly north. He is quite positive it is not the comet of 1802, but thinks it may be that of 1807, whose return was not expected by astronomers for seventeen hundred years. He thinks it is the same comet as that seen about June 3rd by Dr. Gould in South America.

London, June 23, despatch to Halifax *Chronicle*:—At yesterday's levee at St. James' Palace, the Prince of Wales received Sir John Macdonald cordially. On Monday Sir John proceeds to Norwood, a beautiful suburb ten miles from the Exchange. To-day Dr. Clark again assured him that he could discover nothing radically wrong, but Sir John still suffers from languor and a sense of prostration.

London, June 25.—The House of Commons last night discussed Sir Wilfrid Dawson's motion that Parliament should legislate in the direction of local option in the direction of the liquor traffic, according to a resolution carried last session. Mr. Bright admitted that there were difficulties in the way, but said that the question was growing continually, and with constant promise for its future results. The vote for the motion stood 196 against 154. The temperance party evinced much rejoicing at the result. The press this morning is somewhat divided on the question, but it is admitted generally that the liquor laws must be amended.

New York *World's*:—London despatch says: Advice from Dublin say quietness prevails throughout the country. The farmers have harvested the biggest hay crop for fifty years, and the root crops promise to be unprecedentedly abundant. Archbishop McCabe's pastoral of Sunday denouncing the League and sharply reminding the clergy that their mission is not to incite war but promote peace and concord, has thrown Leaguers into confusion. It is known, moreover, that Dr. McCabe is in this, as in many other instances, the direct mouthpiece of the Pope, and the pastoral will have great weight, not only in the arch-diocese of Dublin but throughout Ireland. Many landlords who fled during the boycotting period, are returning home, and there are signs on every hand that the agitation has nearly burnt itself out.
