WHAT DO THE PHYSICIANS SAY OF

M'LANE'S VERMIFUGE, PREPARED BY FLEM-ING BROS.?

EFListen to the testimony of an eminent physician in favor of M'Lane's Vermifuge, which is now universally acknowledged to be the best in use; even members of the medical faculty (who are so often opposed to the use of patent medicines) cannot withhold the approval of this invaluable remedy:

LIND, Stark Co., Ohio, January 8, 1849. I have used Dr. M'Lane's Worm Specific, prepared by Fleming Bros., Pittsburgh, Pa., in my private practice, and am prepared to say that the unparalleled success with which I have prescribed its use, both for children and adults, induces me to say the most in its favor of any specific or patent medicine ever before brought to my notice. The mode of adminis-tration, the smallness of the dose, and the certainty of its efficacious effects, give it, in my opinion; a de-cided advantage over any other medicine of the kind before the public.

Purchasers will be careful to ask for DR. M'-LANE'S CELEBRATED VERMIFUGE, manufactur-ed by FLEMING BROS. of PITTSBURGE, PA. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it al-ready known. Nay, few are the families in any civilized coun-try on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the sub-tie and dangerous diseases of the throat and hungs. While it is the most powerful antidote yet known to man for the formida-ble and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for in-fants and young persons. Parents should have it in store arainst the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERNA PECTORA. sares more lives by the consumptions it prevents than those it cures.
