**Mercantile Summary.**  
 The English barley crop is stated to be good  
 this year and that its malting qualities will be  
 quite up to the average.  
 The Quebec *Chronicle*, says a very small  
 number of the fall sailings have as yet arrived  
 in port; we learn that the fall fleet is much  
 larger than last year, and likely to some extent  
 to make up for the falling off in the spring. A  
 large number of the vessels to arrive have been  
 already chartered on the other side. Our ship-  
 ping list of vessels sailed for Quebec and Mont-  
 real and not arrived in port, up to the 17th ult.,  
 shows one hundred and ninety vessels for Quebec  
 and forty-one for Montreal—total, 231.  
 THE CHEESE manufacture in Canada is rap-  
 idly expanding in importance. But a few years  
 ago we imported this article largely from the  
 United States; now the tide is turned; we pro-  
 duce not only sufficient for home consumption  
 but export a great quantity annually. Some  
 time was required to get our manufacture fairly  
 introduced into the British market, but that  
 object has now been fully attained, and Cana-  
 dian cheese is well received there. At Ingersoll,  
 which is the centre of the chief producing dis-  
 trict, a sale was held at the end of August.  
 Several thousands of boxes were sold and  
 shipped, prices ranging from 7½ to 9c. Forty-  
 two factories were represented at the sale.
