Public Opinion.

Montreal Herald: It is the chief grievance against the National Policy in its present form, that it has maintained prices for goods that have to be bought, above their just values, while the sources of income for the consumer are not artificially increased.

St. Thomas Journal: If the Dominion Administration is going to turn huckster why should it not buy the fruit-grower's apples, the cheese-maker's cheese, the breeder's cattle, the farmer's wheat, and the fisherman's fish? Why draw the line at butter?

Toronto Sentinel: That Mr. Dalton McCarthy would adorn the highest court in the Empire is beyond question. But Canada cannot spare the member for North Simcoe. This country has always had need of fearless, independent men, and this need was never greater than it is to-day.

Hamilton Times: The Division Court Act is susceptible of amendment; anything cheapening the process is to be commended, but its provision for compulsory payment of debts by able debtors might well be applied to the County Courts' Act. Some luxurious dead-beats might not like it, but honest men would be the gainers.

Montreal Gazette: When there is no competition from outside, protection, we freely admit, is of no use, and when outside competition ceases, it will be time enough to take down the tariff wall. But since just now there are rainy days commercially the world over, the Canadian people will conclude like wise men to keep their umbrella up.

Hamilton Herald: Sir Oliver Mowat is showing his usual long head in the way he is handling Leader Haycock of the Patrons. Haycock has been placed on the committee to strike the standing committees and he has been allotted a nice little room all to himself, where he can sit and smoke, stroking his chin whiskers and thinking what a fine fellow he is.

Quebec Chronicle: The elections are not far off, and in the event of an exciting campaign, when every resource of a resourceful enemy will be brought into play, it is well to be prepared at every point. That the fight will be a bitter one, when it does take place, is clear. We believe that it will be the most active campaign which has taken place in our country since Confederation.

Mail and Empire: Mr. Laurier once said that he would plead with Mr. Greenway for a remedy if wrongs were found to exist. Mr. Tarte understands that there are wrongs, and upbraids the "fanatics" of Ontario for their continuance. Would it not be better for Mr. Laurier to plead at Winnipeg according to his promise than to have his party in the West irritating and offending the Roman Catholics and his party in the East offering unmerited insults to the Protestants of Ontario?

To whom it may concern—and that is nearly everybody.—This is to certify that I have used Coutts & Sons' "Acetocura" on myself, my family and hundreds of others during the past fifteen years for headache, toothache, rheumatism, sciatica, sprains, cuts, boils, abscesses, scarlet fever, chills and fever, and also with good success on myself (as I was able) in an attack of yellow fever. I can hardly mention all the ills I have known its almost magical power in curing, such as croup, diarrhoea, biliousness, and even those little but sore pests to many people—corns. The trouble is with patients, they are so fond of applying where the pain is—and not where directed, at the nerve affected. And the trouble with the druggists is that they also want to sell "Something just as good," which very often is worse than useless.

Wishing you every success in your new establishment, and that a more enlightened public may appreciate the blessings of your Acetocura, is the fervent wish of
Yours truly,

CAPT. W. M. SOMERVILLE.
