THE
INTRODUCTION.

ALL Commerce is founded upon the Wants, *natural* or *artificial*, *real* or *imaginary*, which the People of different Countries, or the different Classes of Inhabitants of the same Country, are desirous, in defect of their own single Abilities, to supply by *mutual* Intercourse. If this Commerce be carried on between the Inhabitants of the same Country, with the Growth or Manufacture of that Country only, it is called HOME CONSUMPTION: which is so far serviceable, as it preserves the several Professions and Stations of Life in their *due Order*, as it promotes Arts and Sciences, with a Rotation of Industry, Wealth, and mutual Good Offices between the Members of any Community. For these Reasons, Traffick, merely of this kind, is of great Importance, though it neither *increases* nor *diminishes* the Publick Stock of National Treasure.
