N.F.LAMMATORY RHEUMATISM—Mr. S. Ackerman, commercial traveler, Believille, writes: "Some years ago I used Dr. Thomas' Electric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me.

Returned to Canada.

Many World readers will remember the addresses of Miss Isabella Crosthwaite, a missionary to China, when home on furlough, about six years ago. She has just returned to Canada, having spent the intervening years in mission work among the Chinese in the City of Tientsin, in the hoorth of China. While there she was a frequent visitor in the palace of Li Hung Chang, being often—sequested to be present with Lady Li during her illness. Her missionary work has been very successful, and she returns with many thrilling experiences to relate in her lectures this winter. She was in China throughout the war with Japan, and narrowly escaped death several times at the hands of the Chinese.

A most extraordinary case of child-desertion occurred Saturday evening. A well-dressed young woman wheeled her perambulator on to the platform in front of the Richardson House, King and Spadina, put a stick under the wheel to keep the carriage from moving, and went away. About dark Mr. Richardson heard the cries of the 2-year-old child which was in it, and brought her into the house. He notified the police, and the baby's father, a resident of Mitchell-avenue, claimed and took away the child, after an all-day search, on Sunday evening.

Berlin, Sept. 21.-One of the most extraordinary results of drunken frenzy ever known in the country has just occurred in East Prussia. The Composition of the count of the lad were at once begun. They are lead to be carried and convicted and Schlott himself, had been drinking heavily, and formed a frenzied sort of court martial. The culprit was summarily tried and convicted and Schlott himself, sentenced his son to be beheaded. Preparations for the prompt execution of the lad were at once begun. They bound him hand and foot and placed his head upon the stump of a tree. One of the wretches secured an ax and the "sentence of the court" was actually about to be carried out when the terrified boy's mother and elder brothers, attracted by his screams, rushed to his rescue. They wrested the ax from the "executioner's" hands and then ensued a flerce struggle between the rescuing party and the drunken creatures, who wished to put the boy to death. It resulted in a victory for the mother and her sons. The boy, during the encounter, had grown suddenly silent, and it was found later that fear had not only made him dumb, but deaf as well, and physicians say it is doubtful if he will ever recover the use of his faculties again.

Famed in many ways the capital of Famed in many ways the capital of the Prairie Province is above all things else a musical city. This fact is much in evidence in many ways, and prominently so in the number of pianos sold in that city. A representative of this journal is informed that of the Heintzman & Co. piano alone nearly 200 are to be found in the families of the best people of Winnipeg. It is there that recently several of the most expensive pianos manufactured by this firm have been sent. The peoples' taste is shown in the character of their selection, for the fame of the Heintzman & Co. piano is world-wide.

Mayflower Assembly in Luck.

The handsome silver trophy offered by the I abor Day Demonstrat on Committee to the body showing the best general appearance in marching, floats, etc., was presented by Delegates George W. Dower and Andrew McCormack to Mayflower Assembly, No. 6564, K. of L. Thongshoremen, last evening. There was a good attendance. The cup was won last year, that being the first time it was competed for, by the stonceutters, with the longshoremen a good second, but this time the order has been reversed, the latter scoring 90, and the former 80 points, out of a possible 100; Mayflower Assembly scored full points in marching and general appearance, but obtained only 20 out of 30 in floats. The crowning struggle is to be next year, by reason of the fact that winning the cup in two successive years entitles the holders to retain it permanently, so redoubled efforts are already being made to prepare a magnificent display for that occasion.
