RESERVOIR BRIDGE TO BE BUILT SOON

Board of Control Approves Agreement Between City and the C.P.R.

CONSTRUCT SUBWAYS

Will Open Up District North of C.P.R. and East of Ravine.

Approval of the agreement between the city and the C. P. R. for the con-struction of a reinforced concrete etructure to carry the railway tracks across the reservoir ravine to replace the present track bridge, was given by the board of control when submitted by Works Commissioner Harris yesterday. When the city makes application to the railway board the C. P. R. will give consent to an order for the erec-

tion of a subway under the railway at a point to be selected by the city east of the ravine and west of Maclennan avenue, and will contribute to the cost an amount equal to the sum which the company would be directed to contribute toward a subway at Summer-hill avenue, if a subway were ordered compensation for lands taken or injured "in connection with such subway

of a recent investigation by the department of the apple orchards thruout the province, made while the trees were in blossom.

In the Lake Eric counties the bloom this year was 10 to 25 per cent. of normal; in the inland counties of mormal; in the inland counties of the company those portions of Summerhill avenue and Maciennan avenue are done and Maciennan avenue are done and Maciennan avenue and Maciennan avenue and Maciennan avenue co-terminous with the limits of the company's right of way.

Mr. Harris will oppose the opening and construction of any office highways across the railway of the company between Yonge street and the easterly limits of the city at railievel. He held that this was a reasonable proposition and declared that in common with the railway companies the city was spending millions of dollars to abolish existing grade crossings, and that it would be impolitic and wasteful to create anew dangerous conditions which in the future would be costly to rectify.

To Construct Subways.

The subway to be constructed at the partment of the appoint of the appoint of the province, made while the trees were in blossom.

In the Lake Eric counties the bloom this year was 10 to 25 per cent. of normal; in the inland counties of Brant. Middlesex, Oxford, Huron, Bruce and Lambton, five to 25 per cent. The Lake Ontario counties and from 30 to 60 per cent, with the best prospects east of Bowmanville.

For the Georgian Bay district no averages could be obtained but the crop will be considerably lighter than for many years. The best bloom was found on the trees of summer and fall varieties.

Mr. Hodgetts was optimistic of a fair crop this fall, and he predicted that a higher quality of fruit would be realized. Last year the crop was fair but the quality unusually poor, the worst quality ever produced in this province, he said. This year better weather conditions prevail and in the late of the province and the province in

The subway to be constructed at one future, time east of the bridge would afford communication at sepa-rated grade between the district lying to the north of the C. P. R. tracks and the section to the south.

According to the agreement between the city and the railway company, Summerhill avenue and Maclennen avenue are to be closed when the built, and the company form its construction that if the city desires it can provide an Asquith avenue, sustained injuries to under-crossing for pedestrian traffic arms and head yesterday afternoon at Summerhill ave. Any damage claims when struck by a motor car, driven by William E. Cowieson, Queensville, arising from the closing of the thoroperty-owners on account, but Mr. boy was taken to the Hospital for that ris gave it as his opinion that Sick Children in the police ambulance. the abolition of the Maclennan avenue grade crossing, which was a menace was to public safety, and the provision of a means of communication by separated grade thru the subway to the the bridge already referred to, would minimize, if not entirely obviate, the probability of success for such claimants. The same reasoning applied to Summerhill avenue.

tate their erosion of the German strength.

finance commissioner to prepare the issue of bonds for \$4,000,000 for harbor improvement work and \$720,000 for hydro purposes. Of the latter amount \$325,000 will be provided for sub-stations and other equipment to supply power to the various munition plants in the city.

The money to be raised for the harbor improvement is to meet expenses

control prohibiting the holding of re-cruiting meetings at the city hall. Mayor Church told a deputation of returned men that they could continue the meetings, as the order-in-council passed by the government gave them authority and nobody could interfere.

EXPECTS MEAGRE CROP OF APPLES THIS YEAR

Director of Ontario Fruit Branch of Department of Agriculture Reports on Prospects.

The apple crop in Ontario for the present season while not a failure will be much lighter than for several years. The early varieties give promise of a fair harvest, but the winter varieties will be far below normal. P. W. Hodgetts, director of the Ontario fruit branch of the department of agriculture, gave out the results of a recent investigation by the department of the apple orchards thruout the province, made while the

ated, the bloom was noticeably heavier than elsewhere.

The prospects were excellent among the tender fruits. Not only in the Niagara district but thruout the province, if the weather continues favorable, peaches, plums and pears will be normal. Sweet cherries are light, but sour cherries will be an average crop. average crop.

STEPPED IN FRONT OF AUTO,

Seven-year-old Teddy Thorne, 57 standing kehind a hydro pole as the car approached, and suddenly stepped from the sidewalk before the driver had time to pull up.

CHARGED WITH STEALING Mariam Hart, rooming at 8 Bond street, was arrested last night by Detectives Guthrie and Nursey on a charge of stealing \$223 from Mrs. The works commissioner informed the controllers that it would be necestable to acquire a street reservation money from Mrs. Clark's bedroom.

CHICAGO RECRUITS FOR FORTY-EIGHTH

Toronto Highlanders Plan to Invade Windy City for C.E.F. Kilties.

ARRIVALS FROM STATES

British Mission in Middle West Sends Men From Indianapolis.

Plans for a recruiting campaign at some United States city, most probably Chicago, by the 48th Highlanders, are well under way, and it is expacted that they will be approved by the militia department at Ottawa. The success of the 238th MacLean Battalion in securing 2,000 recruits during a visit to Boston is quoted as evidence that a similar effort by the Toronto Highlanders would bring forward enough British-born recruits in Chicago to make up to strength the new 48th Highlanders Overseas Battalion, for which a staff of officers has already been apointed, and which has already raised 150 C. E. F. men, and a band of pipers. The whole regiment, with bands, may make the visit to the States.

The British recruiting mission has offered a new office for enroling British-born recruits in the middle western states, at Indianapolis, Indiana.

The first two recruits enrolled at Indianapolis for the Canadian Expeditionary Force arrived in Toronto yesterday. They were examined at the Toronto mobilization centre. The two recruits from Indianapolis were Richard H. Mawly, born in Ramsgate, Emgland, and Chas, S. Bruce, born in Dundee, Scotland. Both Joined the mounted riffes.

New York Men Arrive.

Two parties of recruits, 48 men in all, arrived in Toronto yesterday from the British mission, New York City. They joined C. E. F. units as follows: 10th Royal Grenadders, 12; Q. O. R., 7; 109th Regiment. 6; 110th Irish Regiment and No. 14 R. R. Draft, each 4; Army Medical Corps, 9; Mounted Rifles, 3; York and Sincee Forestry Draft, 2.

One hundred and three recruits were deatt with aitogether at the armorles yesterday. Only eight were rejected. Sixty-three were enrolled with C. E. F. units and 38 with the Royal Grenadiers, 11: 48th Highlanders, 5: 109th Draft, 6; 110th Irish Regiment and No. 14 R. Draft, each 14 Army Medical Corps, 9; Mounted Rifles, 1; Royal Canadian Dragotos, 1. Canadian Engineers, 1: Divisional Signating Co. 1; C. A. M. C., 9; C. A. S. C. 1; U. T. Co., 2; No. 2 Railway Construction, 6; York and Simcoe Forestry D

CONSCRIPTION WORRIES INSURANCE ACTUARIES

Unless Government Assumes War Risk, Few Called Overseas Will Be Insured.

Actuaries of the life insurance comanies are much concerned over the effect of conscription upon the policies carried by the corporations, and the matter was discussed at a meeting of the officers' association yesterday Unless the government is willing to assume the war risk few of the 100, 000 to be sent overseas will be able to insure their lives while on active ervice. At present there are fev volunteers who are able to pay in HE French in the Champagne made an advance more important than surance, and unless they are insured the amount of ground captured would indicate in some fighting in by the municipality they will go to the the night. The enemy was striving to regain some positions which he front without any protection for their

lost between Monts Carnillet and Blond, when the French sallied from their families. Some of the large corporations positions and captured a German trench. While this action was proceeding, state that insuring the lives of solthey also captured other fortified ground, 325 by 650 yards in extent. This diers has been a losing business so fighting gives the French some local tactical advantages calculated to facilia far, and that the whole matter will have to be reconsidered. It was a question if the war clause calling for \$150 extra premium for enlisting paid The British and French are relying chiefly on their artillery for present them for the losses.

results against the enemy. The retreat of the Germans put them inside of It has been the general practice two parallel lines, so that the British pressure is towards the south and the soldiers desiring insurance since the rench pressure is directly opposite them towards the north. The Anglo- war clause was added to the policies rench heavy artillery, as a result, fires upon the two main German lines to forego covering the war risk. The of supply and it even imperils their retreat down the Scarpe and the Aisne men carry it themselves, and if they Their possession of the high ground and their command of the are killed at the front their benefit air, render the German counter-fire largely ineffective. The Germans are the companies, plus compound interclaries receive the amounts paid into If the insured died at the front his family would get about \$30 in-Cana- stead of \$1000. If he returned home dians shall have no easy victory in their coming general offensive, for they and was discharged from the the insurance would automatically have massed a tremendous force of artillery in a zone six miles deep behind their front. At the slightest sign of movement in the Canadian lines, they come into force again. He may be in send over profuse barrages of fire. Stewart Lyon telegraphs that one of a weakened state of health; but no re-examination by doctors would be the chief duties of the Canadian artillery is to bombard the more troublesome of the German batteries. Airmen have to fly over the German lines

GRAND TRUNK WORKMEN THREATEN TO WALK OUT

Are Dissatisfied With New System of Paying for Work Done.

Dissatisfied with a new system in-oduced by the Grand Trunk officials in the shops at the foot of Spadina some fifty men employed in the boiler before launching their general offensive. They can drive him from the La department Bassee position either by direct attack, or by making advances further east-ward at Lens and at Warneton. This action would eventually compel the enemy to evacuate his La Bassee lines. It is probable that the Ballion was a superscript of these men have been with the comenemy to evacuate his La Bassee lines. It is probable that the British will pany for many years, and it is stated that if the officials do not remedy the present system of paying employes a walk-out by the latter will be unavoid-Russian attacks, really reconnaissances, occasionally disturb the quietness reporter for The World last night refused to discuss the matter, concentrate their efforts against the Austrians, rather than against the Ger- far as to say the number of men that
