

## TWENTY-FIVE WERE PASSED YESTERDAY

Recruiting Results Better Than a Week Ago—Only Nine Rejected.

### INFANTRY UNITS LEAD

Irish and Forestry Battalions Equal With Two Men Each.

Only nine of those who applied for admission to the army were unsuccessful yesterday, 25 being attested out of 34 who came up for examination. This is better than for the same day a week ago. The infantry units all received a larger number than usual, the 208th and 28th sharing alike with two recruits each. The others gained as follows: 168th 2, 201st 2, 204th 2, 218th 2, 219th 1, No. 1 Construction 2, 69th Battery 1. No. 1 Pte. E. R. Wright of 12 Sackville street was received into the ranks of the 208th Irish Canadian Battalion yesterday, after having successfully undergone an operation several days ago which gave him this privilege. Pte. Wright is a soldier with much experience. He has served 12 years with the imperial army in the Royal Engineers, and later served through the South African war. Lately he applied for admission to the ranks of the 208th Battalion, but was informed that he would have to undergo a minor operation before he would be accepted.

Chance for Those Unfit. Sinclair, who began his duties at the armories yesterday, needs several men to complete his military police force, and either returned soldiers or men who are physically unfit for active service would be accepted for this duty. Those desiring this position should apply at the 10th P. A. orderly room, at the northeast end of the armories.

A squad of 25 men will be on picket duty on the downtown streets commencing today, whose duty will be to check slanders in saluting, to check dress and discipline conduct. They will also look after those in town without passes. The picket will be on duty all day and in the evening until 12 o'clock.

Special Force for Hospital. Authorization of the recruiting of a special force of men returned from the front or unfit for active service, to form the staff of the military base hospital, has recently been received by Lt.-Col. Richardson, officer commanding the base hospital. These men, who will now be taken on to replace those who are present on the staff, who are eligible for overseas duties, and many hope to leave for overseas shortly. It was at first reported that the men would be needed to bring the men up to the required strength. Recruits who desire to join this unit should apply to Sgt. McFadden at the military base hospital. The 32 men who were recently selected from the University Overseas Training Corps for commissions in the imperial army, will be before going overseas, to be assigned to their appointments. The men who have joined the O. T. C. since inauguration, but as all men must be competent to train for officers who join, a number of the applicants have been rejected.

COMMITTED FOR TRIAL. In the police court yesterday morning Harry R. Steele was committed for trial on a charge of not returning to the scene of an accident. Steele is alleged to have knocked down Richard Ryder, who was riding a bicycle on Dupont street.

## Say Acid Stomachs Need Magnesia

Cells Disrupted Magnesia Safest, Quickest and Most Effective Food and Acid Stomach Corrective

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles is due to the fact that it quickly neutralizes the excessive acid in the stomach and stops food fermentation—the direct cause of nearly all stomach trouble. Of the many forms of magnesia such as bicarbonate, citrate, carbonate, sulphate, etc., the most suitable and efficient for stomach purposes is purified magnesia, a teaspoonful of which taken in a little water after eating or when indigestion is felt will instantly neutralize or dissolve the excessive acid, stop fermentation and make painless and normal digestion easy. Be sure to insist that your doctor supply you with magnesia in the purified form—either powder or tablets. Stomach sufferers who follow this plan will avoid the use of medicines are astonished to find the stomach, once relieved of the irritating acid and gas, soon regains its normal tone and can do its work alone without the doubtful aid of artificial digestants.

## EIGHT DOLLARS A WEEK FOR AVIATION STUDENTS

Recommendation of Board of Control Passed by Council.

At a meeting of the city council held yesterday the urgency of training aviators for the firing line was recognized for the first time by a municipality. In that the council made a grant of \$8 per week each for students in this city preparing for the Royal Flying Corps. Another feature in aviation training also met with recognition which is of some interest, namely, that the grant operates only after the student has taken his aero club certificate, which up to the present has been the highest type of training given on this continent. After this, individuals flying by the students under strenuous conditions marks a departure in higher flying education not hitherto undertaken, and while of sensational interest, it is not unaccompanied by danger. The Canadian aviation fund has been formed by the war office that this training is deemed necessary to make a man fit for the work at the front.

## WOULD PURCHASE MILK DIRECT FROM FARMERS

Dr. Adams Believes in Municipal Control of Milk Supply.

PURER, CLEANER, MILK

Pasteurization Could Be Supervised by Plants Conveniently Located.

Dr. Fred Adams of the Toronto department of public health, when interviewed regarding the proposed municipal control of the milk supply of London, England, thought that it would be a very good thing for Toronto. By purchasing direct from the farmers would obviate the necessity of keeping a watchful eye on the 115 dairies in Toronto, and pasteurization could be supervised at four plants conveniently located in the city. It would, he thought, also make for purer milk. At present, when it is found that a dealer is buying from a farmer who is not handling the milk properly, the city cuts him off. This could be done better by the dealer, and under municipal control the city would be the dealer. At present, when a farmer is cut off it is generally found that a neighbor of his is shipping twice the quantity of milk into the city, in other words, the farmer merely ships the milk to a friend of his, mean cheapens his milk and saving of bottles, many of which are at present used by the housewives for preserves and other purposes. At present, milk might also be obtained, as at present, plain milk is lost. Fresh milk is not as regular as milk trains on Sundays and Monday's milk is an accumulation from the previous few days. While the dealers are not able to obtain Sunday's milk trains, he thinks the city could do so.

## PLAYGROUNDS CAN BE USED BY CHILDREN

Justice Masten Dissolves Injunction Granted by Justice Britton.

Justice Masten at Osgoode Hall yesterday dissolved the injunction granted by Justice Britton restraining the board of education from permitting children to use the playgrounds of the Rose Avenue School as a supervised playground. The grounds have been used for this purpose for the past six years, it was declared, and until recently no complaint of the noise had been made. The board of education then acted upon behalf of himself and neighbors. In dissolving the injunction Justice Masten said that it was only a short time before the nuisance, if it was a nuisance, would be ended.

## NICKEL REFINING QUESTION.

Hamilton Deputation Told That Location Would Depend on Influence.

Hon. Mr. Ferguson yesterday told a deputation from Hamilton, who asked that the nickel refining plant be established in that city, that they would have to use their influence with the company.

## HOTEL PROPRIETORS CENSURED.

The proprietors of the Ward House and Spencer House at Niagara Falls, were censured by the Ontario License board yesterday for branches of the liquor act. Sentence was suspended in both cases.

## IN TRENCHES TWO HOURS WHEN KILLED

Corp. W. E. Mawson Met Death When Struck by Shell.

### IN YESTERDAY'S LIST

The Names of Twenty-Seven Citizens of Toronto Appeared.

Four officers and 23 men from Toronto were mentioned in yesterday's casualty list. Two of the officers are reported as missing, five are missing, one is ill and eleven are wounded. Of the men, two have died while prisoners in Germany, four previously reported wounded and missing, and one is believed to have been killed in action; five are missing and one man is ill and eleven are wounded.

Corp. W. E. Mawson, of Toronto, was killed before he had been in the trenches two hours by the explosion of a shell. He enlisted in August, 1915, and for some time was instructor of musketry in England for the 51st Battalion. He came to Canada a year ago, and is supposed to have taken part in an engagement on the 1st of July.

Pte. Wesley Henderson, 151 Duke street, has been missing since July 25. He enlisted with the 1st contingent and has been at the front nearly two years. He was only 19 years of age, and was in the dairy business in Toronto. He has two brothers at the front.

Gunner K. A. R. Allen, 188 Les avenue, is in the hospital at Boulogne and is dangerously ill from wounds received on July 15. News of his injuries was received some time ago, but the announcement of his serious illness was only received yesterday.

Pte. W. J. Simons, 9 Durie street, who enlisted a year ago with the 74th Battalion, has been slightly wounded. He was formerly employed by the Steel and Radiation Company, Fraser avenue. He is the oldest of ten children, and the family came from England eight years ago.

Pte. W. G. Bloom, 178 Dovercourt court, is reported wounded with a gunshot wound in the knee, and a contusion of the ankle, and is in the hospital at Chatham. He enlisted two years ago with the 36th Battalion. He was born in Ottawa and has lived in Toronto for the past six years.

Pte. Charles Malcolm, 77 Kimberley street, has been wounded after being in the trenches only four days. He had been a member of the Queen's Own, but had been transferred to the 83rd and left with that battalion in April of this year.

Lieut. E. H. Sae, 311 Avenue road, an artillery officer, was wounded on August 5, after serving at the front about four months. He went overseas originally with the 35th Battalion, but later transferred to the artillery. He is a graduate of Upper Canada College, and had commenced a law course at Osgoode Hall.

Pte. R. E. Rice, 27 Roxborough Drive, is in a serious condition in a hospital in France as a result of wounds received on July 14. Both legs have been amputated. He is 21 years old, and was a member of the Q.O.I.T. before enlisting.

## WILL HAVE SETTLERS' CABIN AT EXHIBITION

Plans Have Been Changed and Bushmen Will Erect Hut.

The it was understood a week ago that as a result of the destruction in the recent bush fires of the model settlers' cabin, built to house the Timbimbin district exhibit of grains and other agricultural product at the Exhibition, there would be no display of this building, but a change in plans brought down for that purpose, will start work assembling a log cabin on the original site selected, opposite the grand stand. After the loss of the log cabin, others were cut and hewed and they are now on the Exhibition site awaiting erection on the site provided. One of the most prominent locations on the grounds.

The intention is to make the cabin the permanent home of the Timbimbin district agricultural exhibit. The minerals, however, will remain in the government building. The exhibit will be thoroughly representative of the farming industry of the clay belt.

## TO RAISE NEW BATTALION.

Peterboro and North Hastings Unit Will Be Commanded by Major Johnston.

KEPNE, Ont., Aug. 10.—According to private word received in this district, new battalion is to be recruited in Peterboro and North Hastings and is to be commanded by Major W. D. Johnston. Major Johnston has a brother, Lieut.-Col. Johnston, now overseas, and a son, Lieut. Dulton Johnston, recently reported wounded. In 1900 and 1901 Major Johnston was in charge of the Royal Canadian Dragoons at Stanley Barracks, Toronto.

Pictured.—Three generations in khaki: Sapper William Hately, Sergt. Stewart and his son, Graham Stewart, in this week's issue of the Toronto Sunday World.

## ATTRACTIVE WEEK-END TRIP.

The charming Muskoka Lakes are brought within easy reach of those desiring an ideal week-end trip. The five tour from Toronto to around Muskoka Lakes and return for \$5. Tickets good to leave Toronto Saturdays, 10 a.m. and 10 p.m. and to return not later than 2:05 a.m. daily. 12:01 noon daily except Sunday. Sleeping car on 2:05 a.m. train, ready for reception of passengers night previous. Further information, list of hotels, illustrated descriptive matter, etc., from Grand Trunk city office, northwest corner King and Yonge streets, Toronto, 51st.

## PROGRAMS FOR TODAY

THRILLS!

Annie Little, who will shortly be seen in "Nell Dale's Men Folks," recently completed under Frank Borzage's direction, had a narrow escape from injury while taking a prominent part in the Flying A rodeo presented by the American-Mutual Company's cowboys. In "A Race for a Bride," one of the features of the rodeo, she was pursued on horseback by a score of cowboys, the first to overtake her carrying off the "bride" by snatching her from the saddle. Pete Morrison, one of the star performers of the Flying A corral, outdistanced his rivals and lifted Anna from her galloping mount, but his horse became overbalanced and started to fall on her. Another rider, Manuel Sampson, spurred his horse alongside at the risk of crushing her between the horses and with one arm lifted her unhurt to his own saddle.

Australian Notes

Raymond Longford, a prominent Australian picture producer, has returned with his large company of players from New Zealand, where they have been filming a historical subject. The working title of this picture is "The Mutiny on the Bounty," and its length will probably be eight reels. It deals with an early incident in Australian history, the mutiny of the crew of the ship "Bounty," carrying Governor Bligh from England to New South Wales.

The story gives many opportunities for spectacular displays and the picture should mark a new era of production in Australia.

The New South Wales Government is at present releasing a series of films dealing with the training of soldiers in the various camps within the state. Three have already been released, the first dealing with the training of infantry, the second with field artillery, while the third is devoted to the light horse section. Each picture has been taken by Burr-Lives, the government photographer, and they are about the clearest topical films the writer has yet seen.

## CLEO MADISON BUSY AGAIN.

Cleo Madison of Universal is finding new vigor and strength for her work, now that she has given up directing, to play the leading role in "The Challenge of Sorrow," a coming Bluebird, under the direction of Rex Ingram. Miss Madison formerly spent all her leisure moments preparing for her photoplays and burned much midnight oil, with the result that several weeks ago she was on the verge of a nervous breakdown. Now, she says, she can assume that hard emotional role in this modernized version of "La Tosca" without suffering from the strain.

## ALWAYS A HERO.

Another Bluebird soon is to bring its way into prominence when J. Warren Kerrigan and his company complete the filming of "The Social Buccaneer," the romantic role in which "Jack of Hearts" now is putting all his efforts. It is a part which Kerrigan from head to foot, and it is a modernized Robin Hood story of an adventurer who takes from the wealthy to give to the poor. Of course, Kerrigan turns hero in the end.

E. A.—Cleo Madison is with the Universal Company. Marguerite Clark may be reached at the Famous Players' studio, New York. Beverly Bayne is with Metro in New York.

Alec—Betty Brown is in her early twenties. Address her care of the Esplanade Film Company, 1333 Argyle street, Chicago. Anita Stewart is not married. Thank you for your interest in this department. You are no trouble, and I am glad to hear from you at any time.
