PROSPECTUS OF THE ANNUAL JOURNAL OF THE Medical and Surgical Society of Nova-Scotia and New-Brunswick.

IT would be superfluous to enter into an inquiry relative to the advantages which result from the honest detail of interesting Medical cases. The various periodical Journals, which have already enriched the science of Medicine in other countries confirm this fact. The modifications of disease, and the peculiarities of practice, which such Records exhibit must be interesting to every zealous Member of the Profession; and as these morbid varieties are not confined exclusively to any particular country, it is but reasonable to infer, that much important information may be collected in our Provinces, which if embodied in an Annual Journal, would form a work of practical utility.—With this conviction the Annual Journal of the Medical Society of Nova Scotia and New-Brunswick will be offered to the Profession, and published early in the Fall, if sufficiently encouraged.—The Editors therefore open it for the reception of Medical and Surgical Communications, and solicit patronage not only from the Profession in Nova Scotia and New-Brunswick, but also from its members in Canada, Prince Edward's Island, and Newfoundland: And as the Republication of Science acknowledges no political distinction or exclusion, a similar appeal is made to the Professional gentlemen in the Eastern parts of the United States. The Journal will be devoted principally to original matter, but that it may be particularly serviceable to gentlemen in secluded situations, occasional selections will be made from the latest authors, comprehending the most interesting improvements in the healing art.—The Publication will be conducted by ROBERT BAYARD, M. D. D. C. L. Member of the Medical and Surgical Society of Nova Scotia and New-Brunswick, and formerly Lecturer on Obstetrics and on the diseases of Women and Children, in New-York, &c.

Each volume will contain about 400 pages—price 2s. As it is desirable that the names and residences of the Subscribers should be immediately known, a Prospectus and Subscription-sheet will be left at the store of KEATOR & SANDS, St. John; CLEMENT H. BELCHER, Halifax; and at the different Medical or principal Book-stores in Quebec, Montreal, Boston, New-York, Philadelphia and Baltimore. Cases and Communications, and the names of Subscribers, forwarded by private conveyances, or by post, (the postage being previously paid) may be directed to "DOCTOR BAYARD, Saint John, New-Brunswick."

N. B. The first volume will contain, amongst other original matter, the following articles:— The state of the Medical Profession in Nova Scotia and New-Brunswick. An Account of the Erysipelatous Inflammation which prevailed in New-Brunswick in 1826—7 and 8. The effects of Venesection in particular cases of Dropsy. Obstetrical Observations relative to the practice in different cases of Parturition, and in the diseases incident to Child-bed Women, illustrated by cases. Effects of position in fractures below the Knee, in preventing or accelerating the process of ossification by inducing a morbid or healthy action of the secreting and absorbent vessels of the part.
