WAR OVER IN EAST AFRICA Sir James W. S. Lengerman Reports the Germans Defeated There Sir James W. S. Lengerman who has arrived in New York from South Africa on the White Star liner Lapland on his way to attend the Dominion Trade conference at Vancouver, B. C., said: "The attempt to start another rebellion with De Wet was an echo of the one which took place two years ago. The Rand miners threatened to strike in June of this year, and the rebel agitators tried to get the men mixed up in another rebellion. The strike did not occur, and consequently there was no rebellion and that was the end of the matter. The war in East Africa is practically over, and what is going on now is guerrilla fighting. The South African military leaders know the country and also are thoroughly conversant with the proper methods of conducting a campaign in the most vigorous fashion which the Germans have by now discovered for their cost."

THE BIG LEAGUES Race in Both Leagues Becomes More Uncertain Dodgers Win and Lose Red Sox Climb Back Into Lead of American League; Detroit Shut Out by Philadelphia; Giants Win Another and Make it Twelve Straight

The race for the championship of both major leagues becomes more interesting day by day as the season draws to a close and it is impossible to pick a winner. As a result of the Brooklyn Dodgers dropping the second game in a double header with Cincinnati and the Phillies and Braves both winning their games the race closed considerably and the race becomes more uncertain. Tyler pitched a great game for Boston, holding his opponents to three scattered hits. The Giants continue to win and have now clinched twelve straight games and tied one. This is the team's third straight year. If they continue at the rate they are going they are very apt to spoil one of the leading team's chances to top the pennant.

In the American League the Red Sox climbed back into first place, noosing out the Tigers, who were defeated by Connie Mack's aggregation. Myers held Ty Cobb and company to three hits, which is certainly going some. Shove was lucky to get away with his game against the White Sox. Both teams had errors which would settle any game. The Woman—Here's a wonderful thing. I've just been reading of a man who reached the age of 40 without learning how to read or write. He met a woman and for her sake he made a scholar of himself in two years. The Man—That's nothing. I know a man who was a profound scholar at 40. Then he met a woman, and for her sake he made a fool of himself in two months!

AUSTRIAN MEAT PRICES RISE Even "Cargil" Horse Headquarters Sell at 56 Cents a Pound. Further confirmation of repeated statements that the food situation in Austria-Hungary is becoming serious and that prices have almost doubled during the last year is found in a table of comparative prices based on the average rates throughout the Austrian part of the Dual Monarchy compiled by the Vienna Arbeiter-Zeitung and reprinted in the London press. The table, which gives the prices in cents a pound for the last week in July, follows: Beef, forequarters ..... 1915 1916 100 100 Beef, hindquarters ..... 66 112 Pork ..... 64 112 Horse, forequarters ..... 32 52 Horse, hindquarters ..... 34 56 Flour ..... 8 12 Beans ..... 14 24 Rice ..... 24 30 Butter ..... 60 90 While there have been assertions in the Austrian press that the harvest this season is exceptionally good, reports from Croatia quoted by the London papers tend to show that conditions in that province are far from cheerful. In meantime food contractors and dishonest contractors are busy trying to make fortunes out of the necessities of the people and the government. recent issue of Az Est, the leading Budapest newspaper, tells of the sentencing of three lawyers named Elias, Brill and Sep, to two, three and two years respectively, for "violating the state contracts for supplies for the military hospital at Debrecz."

INNOVATION AT THE IMPERIAL CATCHES ON Playlet a Distinctive Feature—Excellent Pictures Also Are Enjoyed Entertainment in the big Imperial Theatre took a new twist yesterday and judging from the large attendance and the very favorable comments, a twist that will prove highly popular. After treating the people of St. John to motion picture shows in all their diversified forms, adding a little wholesome vaudeville from time to time and during certain periods a cultured vocalist or two to the list, the Keith house now enters the realm of the spoken drama in all its variety.

KLARK-URBAN COMPANY DELIGHT IN "BACK HOME" Judge Priest Stories of Irvin Cobb and Two Great Pictures at Opera House The Klark Urban Company scored another success last night at the Opera House with "Back Home." It is called a comedy, but has one little touch of tragedy. The play is a skillful dramatization of the well known stories of the same name that ran serially for some time in the Saturday Evening Post, written by Irvin Cobb. The chief charm of the play lies less in the plot than in the expression of the many and varied characters to whom we are introduced. Among them is a priceless jewel of a dandy servant whose awful humor is too much for a mere human to resist. More important is the figure of "Judge Priest," a brave and ultra-conscious gentleman of the old school, well known to all those who have read the stories, and genuinely likeable. As a play "Back Home" has a genuine appeal and includes much good and enjoyable entertainment. It is worth seeing.

HOME FROM WEST P. C. Sharkey Contrasts Some Conditions There and Here P. C. Sharkey, accompanied by his wife and son, returned home yesterday after an extended visit to Western Canada. Speaking of his trip, Mr. Sharkey said it was one of the most enjoyable he ever had. It was thirty-four years since he last visited the west, and constantly clamoring for the unrestricted use of submarines. The story is that "disillusionment about submarine warfare is now complete in official circles and that such hints have been given to the more tractable editors and orators as must convince them of the futility of their demands. The Chancellor, so it is said, has for the first time laid all the facts before the leaders of the several political parties, informed the newspaper correspondents of the appalling losses suffered by Germany in attacking commerce, and by these and other means succeeded in persuading them that submarine warfare does not pay.
