Well Known Players Make Announcement of Organization

Something new in baseball in Saint John is transpiring, the organization of another league, called the Independent Amateur League. Announcement of the plan is made in a statement which the Times-Star was asked today to publish, bearing the names of well-known local players.

It is headed "To the Sporting Public of Saint John" and reads as follows:—"In the interests of sport and for the pleasure of all followers of the grand old game of baseball, we the undersigned athletes announce the formation of still another baseball league to be known as the Independent Amateur League of Saint John. Let this announcement may occasion merriment, real or affected, in certain quarters, we wish to make the following statement.

"Some of our number have been professionals. Others have for some reason or other been classed as professionals. We have all paid the penalty. But, in view of present circumstances, that this penalty should continue indefinitely and that banishment for life from participation in all sport should be meted out by men who say they have the best interests of sport at heart,—by men who say they are loyal to Saint John, and this in the face of the fact that professionalism is dead and all so-called professionals ready to repudiate the past and return to the fold,—this we declare most emphatically unfair, unjust and unreasonable.

As Hiram Sees It

THE SETTLEMENT — We haven't had no ottomobed accidents out here yet—but Hanner he's here and he's got a car. We was kind of hopin' yesterday that she'd be a chance to use it when a feller went speedin' along about fifty mile an hour and come mighty nigh goin' over on a turn in the road. I callate most all the fools in town is busy now drivin' ottomobeds. They ha'nt got no sense at all. If they had a little more sense they'd go onto put up a sign that nothin' faster'n a yoke of oxen is allowed on our road. We won't hev no road soon if them there speed-hounds don't stop racin' along in all kinds o' weather. We'll be glad when Mr. Ford gits them there cheap air-planes goin'. Then the chance fer these edgits gittin' their necks broke 'll be a lot better—an' the rest of us kin go our ways in peace. A feller needs eyes an' ears all over his head when he goes along the road these days—yes, sir.

NOTED WORKERS AT ROTHESAY SCHOOL

China, Japan and India Represented at Summer Classes of Church of England

China, Japan, and India will each be represented at the Church of England summer school to open at Rothesay tomorrow.

From China comes Miss E. W. McIntosh, B. A., who has been working in the Diocese of Honan since 1915, and is now stationed at Kweitch. Miss McIntosh's home is at Rothesay. It is interesting to know that one of her fellow-missionaries at Kweitch, is Dr. Catharine Davis, sister of Miss Travis of Hampton.

Miss Audrey DeBlais of Charlottetown, P. E. I., is working in the Diocese of Nova Scotia. She has been there since 1912, and has many friends in this province who are eagerly looking forward to seeing her at Rothesay this week.

Rev. J. Cooper Robinson, D. D., has the distinction of being the veteran missionary of the Canadian church. Ever since 1888 he has been working in the Island Empire of Japan. He comes rich with experience. His illustrated talks on Japan are being looked forward to with keen interest. And seeing that Japan is Canada's nearest non-Christian neighbor, and one with whom she is likely to have many dealings in the future, what Dr. Cooper Robinson says to say will appeal to a wide audience.

TWO FROM TORONTO

From Toronto there are coming an old friend and a stranger. Canon Vernon is well known in this province. Previous to his appointment as secretary of the Council for Social Service, he was stationed in the neighboring diocese of Nova Scotia. He is a graduate of King's College, where he was a contemporary of Bishop Schofield and Archbishop Scovill. For many years he edited Church Work.

Canon Savers is a stranger to these parts. Previous to becoming rector of St. Matthew's, Toronto, he was rector of Peterborough, and then of Coburg, Ontario. He served as chaplain during the war, and is known as a good organizer, and a forceful preacher. His lectures on training boys and girls in worship are expected to arouse keen interest.

The summer school will open on Wednesday night at 7.45. It is anticipated that it will be well attended.
