and Burn Irish ome of Lord Lansdowne

RMER GOVERNOR GENERAL OF CAN- ADA'S ESTATE IN KERRY

**empt to Kill General Owen O'Duffy, Chief of
ish Civil Police, is Reported by Free State
overnment.**

(Canadian Press Cable.)
Sept. 25.—The Marquis of Lansdowne, who was informed the Times that his son, Lord Lansdowne, had been shot and killed, has been informed that the Marquis of Lansdowne, besides his several cabinet positions at his times, has served as governor of Canada, and later of India. His estates have long been in the hands of his family.

Sept. 25.—An attempt was made last night to kill General Owen O'Duffy, chief commander of the Irish Civil Police, in the back of a motor car. The attempt was made by a man who was driving a car with a machine gun mounted on the roof. The car was driven off the road and the driver was killed. The man who was driving the car was identified as a member of the Free State government.

Sept. 25.—James Stack, brother of General O'Duffy, was shot and killed yesterday at Tralee, Ireland.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

SISTER PRODUCTION TO ST. JOHN FILM

Henry MacRae, director of the virile Ralph Connor production, "Cameron of the Royal Mounted," now on at the Imperial, set his stage for some of the most effective scenes in the wildest locations to be secured along the famous Sundance Canyon of the Canadian Rockies. On a frosty morning in November the chase of the hero after one of the villains of the story took them over a mountain side where film fans will be electrified by the very unusual sight of a wild deer frantically crossing the path between the pursued and the pursuer in full view of the camera. Encouraged by this accidental occurrence, Mr. MacRae concluded to spend additional weeks of time so that he might inject into the picture such realism as could be secured by a continuation of these unusual and unexpected circumstances, with the result that "Cameron of the Royal Mounted" is one of the most spectacular pictures ever produced in this country. Ernest Shipman is the man who made this Connor story for a syndicate of Winnipeg investors. The picture, "Blue Waters" story soon to be started here.

SHIPMAN PICTURE SHOWING HERE NOW AT THE IMPERIAL

A foretaste of the class of picture to be expected from the New Brunswick Films, Ltd., is offered at the Imperial today afternoon, "Cameron of the Royal Mounted" is one of the very latest of the Shipman successes and a splendid production. Although past the age of the picture, it is the first one appearing here since he became prominently identified with the New Brunswick film industry. Those who are wondering what sort of picture it may turn out to be may be fully assured on the strength of a private view to which special guests were invited that while not by any means the biggest money getter in the Shipman series, it has in a few minutes made hundreds of thousands of dollars, and is a thriller.

PRICES ARE UP IN WALL STREET

Near East News and Reports of Better Business Conditions in U. S.

New York, Sept. 25.—(10-30)—The upward movement of prices attributed to the opening of the stock market in response to the more hopeful developments in the Near East situation and reports of improved business conditions in this country. Gulf States Steel was pushed up over three points to a new high record for the year, some of the recent buying being attributed to a group of Birmingham bankers. St. Joseph Lead and Owens Bottle also advanced more than a point to a new peak price. While the buying activity over most of the list, high oil, oil, chemical, equipment and public utility shares were most in demand. Atchafalaya and the advance in rails with a gain of two points and material improvement was noted in Southern Pacific and Chesapeake and Ohio Standard Oil of New Jersey resumed leadership in the oil group, mounting nearly two points, while Royal Dutch advanced one and gains of substantial fractions were recorded by Mexican Petroleum and Pan-American.

Consolidated and People's gas shares each climbed a point and were followed into higher ground by Davidson, Allied and American Agricultural Chemicals.

Other individual strong spots included Crucible, American Woolen and Famous Players, each a point or more.

Noon Report.

New York, Sept. 25.—(Noon)—Other speculative leaders in which fairly large short interest is supposed to exist fell into line with the upward movement in Gulf States Steel, that stock extending its gain to nearly five points. Country wide reports of increased retail business found expression in a demand for merchandising shares. Kresge jumping five points to a new 1922 high, Woolworth climbing 6 1/2 points to a new record, and the unsettled stock market place at midday when Mexican Petroleum was subjected to pressure on rumors of a reduction of oil taxes, the stock dropping 2-3/4 below Saturday's close. Republic Steel, Rock Island, American Smelting, United Retail Stores, Matheson Alkali and Willys Overland preferred also yielding to professional selling, the declines ranging from 1 to 2 points. Call money opened and renewed at five per cent.

ADVENTUROUS VOYAGE

Captain and Wife Crossed Pacific in Chinese Junk.

Victoria, B. C., Sept. 25.—After being tossed about by the giant waves of the Pacific for ninety-one days, Captain George W. A. Ward and his wife arrived here today in the Chinese junk Amoy. Practically one continuous storm buffeted the little ship and twice in typhoons she lost her rudder. Then, while Captain Ward was guiding his craft through a dense fog outside Victoria early yesterday, a great black form loomed dead ahead. Captain Ward slowed the tiller hard over and the steel hull of a Japanese steamer passed within four feet of the Amoy's stern.

The junk Amoy will be placed on exhibition at Vancouver, New Westminster, Nanaimo and along the whole Pacific coast, according to the present plans of her master, Captain George W. Ward. It will not return to China.

Horton & Son, Ltd.; casket, from New Brunswick Telephone Co. Ltd.; wreath, from Mr. and Mrs. G. A. Horton, and sprays from Master George Ward, Mrs. W. McBeth, Mr. and Mrs. J. C. Warren, Mr. and Mrs. H. Warren, Mr. and Mrs. G. H. Magee, Mr. and Mrs. P. L. Wilson, Mr. and Mrs. F. W. McBeth, Mr. and Mrs. Thomas Kerr, Dr. and Mrs. F. T. Dunlop, Mr. and Mrs. A. Ramsey, Mr. and Mrs. William Driscoll, John Gordon, George McLaughlin, Frank Pidgeon, Cyril Wilson and Miss Phyllis Wilson.

TURKS REFUSE TO CONFER IN LINES LAID DOWN

(Continued from page 1.)
decided upon by the Paris conference for settlement of the Turkish question, and hails the outcome as a great step toward lasting peace in the Near East.

The Peace Terms.

Paris, Sept. 13.—Although the British insist that their chief demand, mainly freedom of the straits, is embodied in the Near East conditions, it is generally conceded that the unanimous allied decision marks a reversal of policy on the part of Great Britain, from its former attitude of support for French diplomacy. Mr. Poincaré expressed the belief that the Near East crisis is over and that all danger of a civil war is past.

While agreeing virtually to all the Turkish claims, Lord Curzon insisted upon preservation of the neutral zones on the Asiatic side of the straits. The pledge is exacted from Kemal to observe these zones and not to cross the straits or the Sea of Marmara, until peace is signed. The previous contention of Great Britain that allied troops should continue to occupy Gallipoli is not mentioned in the note, but it is probable that a small allied force will remain temporarily on the peninsula.

The Greek forces are to retire from Eastern Thrace and Adrianople to a line to be fixed by the allied generals in agreement with the Greek and Turkish military authorities.

Neutral Zone.

A broad neutral zone will divide Eastern Thrace from Greece and Bulgaria in the treaty terms which will be decided at the conference. Both Yugoslavia and Roumania insisted upon this before they consented to the return of Turkey to Europe, although it is not mentioned in the note. It is thought probable that the Turkish military forces in Thrace and Adrianople will be rigidly limited and that the strictest guarantees will be exacted for the Greek minorities in these places.

The last-minute abandonment by Great Britain of her position was due, it is believed to a desire to avoid war, which many British officials, both at home and abroad, are now regretting. Pressure from British labor, which was united against hostilities in the Near East, is also thought to have played no small part in the decision of the British government.

The phraseology of that part of the note regarding Thrace is commented upon, as it sets forth that the three governments view with favor the desire of Turkey to recover Thrace, but support to this end is conditioned on the Angora government's promise not to send troops into the neutral zones pending the peace conference.

SEND 120,000 CATTLE TO THE OLD COUNTRY

That's What it Means with
Embargo Removed, Says
British Visitor to West.

Calgary, Sept. 25.—Great Britain will import most of Canada's surplus stock of cattle to the extent of approximately 120,000 head annually when the Canadian cattle embargo is finally removed, it was said by Wm. P. Chapman, president of the Livestock Traders Association of Great Britain Limited, upon his arrival here with E. Everett, his business associate.

INDIAN TARIFF

London, Sept. 25.—(Canadian Press) A fiscal commission on tariff appointed last year by the government of India recommends a policy of protection against discrimination and the appointment of a permanent tariff board of three.

IN CRITICISM OF SOCIALISM

German Magnate Declares it
is Preventing U. S. From
Assisting in Europe.

Berlin, Sept. 25.—The healing of Europe's ills is possible only through the aid of the U. S., but she will not help so long as she is convinced that Germany, as well as Russia and Austria, is infected with the intellectual malady of socialism, says a statement by Dr. Carl Friedrich von Siemens. He is an industrial magnate, a democratic member of the Reichstag and a member of the Imperial economic council. His statement was a scathing criticism of socialism. He declared that the statement from must be pre-empted by a socialistic leveling and oppression through state regulation of economies. To make further concessions to the masses spells democracy compromised and ruined.

CROWDED OUT BY REAL BEER

TOLEDO, Ohio, Sept. 25.—Real beer is crowding out the less-than-one-half-per-cent. variety here, according to Otto R. M. P. Chateau, secretary of the Buckeye Producing Company, which has been manufacturing near beer. He announced that his concern is converting its plant into a cold storage space. "People who can afford it will not buy near beer when they can get the real stuff," Cummow said, "and there is too much real beer in Toledo that the near-beer trade is slipping, and we therefore have decided to convert our plant into a cold storage factory."

FREE! Let Laughing Vivian

send you a liberal trial bottle of the new Liquid Veneer Mop Polish. Wonderful for renewing any type of furniture to their original beauty and finish.

Laughing Vivian says: "I use Liquid Veneer Mop Polish on my World Champion."

LIQUID VENEER MOP POLISH

It is a wonderful combination. The Liquid Veneer Mop has no metal exposed to scratch the floor. It is one mass of over 6,000 long, soft, fluffy, cotton strands which pick up an enormous amount of dust and dirt before washing becomes necessary.

"And it is so easy to wash! Simply pull swab (the cotton part) from frame, like a curtain from a rod, wash pass through a wringer, dry and replace and your mop is as clean and fluffy as when new. When the swab wears out simply buy a new one at a nominal cost, slip it on the indestructible frame and you have a new mop."

The handle is 24 inches long and adjusts to any position, allowing the mop to be used under the lowest pieces of furniture and in all corners. It is truly the Champion Mop of the World."

Your dealer will gladly show it to you. Price \$2.00. Smaller sizes \$1.75 and \$1.25. Send the coupon NOW.

LAUGHING VIVIAN.

Care of Buffalo Specialty Company, 107 Liquid Veneer Bldg., Bridgeport, Ont.

Please send me absolutely FREE a liberal trial bottle of Liquid Veneer Mop Polish.

The Megantic sailed from Liverpool for Montreal on Saturday.

The Regina arrived in Montreal on Sunday.

The Canopic arrived in Liverpool from Montreal on Sunday.

The Adriatic sailed in Montreal yesterday afternoon from Liverpool and today passengers left on the night train.

THE DEATH OF MRS. CHARLES B. OAKLEY, formerly Miss Florence McBrien of this city, occurred this morning at her home, 93 Thorne avenue, after a lingering illness. Besides her husband, she is survived by a young son, her father and mother, two sisters and two brothers. Many friends will be sorry to learn of her death.

MR. SPENCER'S NEW THEATRE

Fredericton House to be
Called The Capitol—In-
creased School Attendance

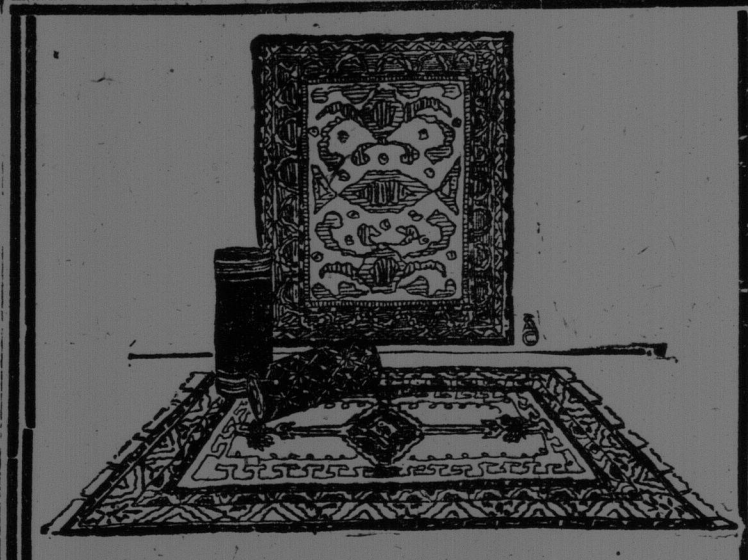

(Special to The Times)
Fredericton, N. B., Sept. 25.—A new picture theatre erected here by F. G. Spencer, 1410 Bond street, is to be called the Capitol. It is to be in operation by October 15. It is built on the site of the Gem Theatre at the corner of Carleton and King streets, but is much larger than the theatre which was destroyed by fire almost three years ago.

The increase in attendance in the schools of Fredericton is presenting a problem which will be considered on Wednesday by the school board. The solution, so far as the Morrison school is concerned, is likely to be the establishment of a third department there. At present it contains grades 1 to VI. Next year it is likely that grade VII will be added. A large increase in school population in the district known as the mills is the reason for the establishment of the third department. Fraser companies limited have brought in a considerable number of families.

In addition there have been an influx of population from rural sections and the number of commercial travellers making Fredericton their place of residence. Both are factors increasing the school registration.

Flying to Halifax.

Amherst, N. S., Sept. 25.—A government hydroplane en route from Antigonish to Halifax, landed at Tidnish on Saturday evening and remained there until ten o'clock yesterday morning.

Two-Toned Rugs Embellished

The clue to the discovery of that ultra-modern carpet in the house you visit was your hostess' understanding of the two-tone principle in selecting carpet colors.

You remember for weeks afterward the striking effect that is now obtained many ways by two strong colors predominating, with just enough touches of a third or fourth color to relieve the motif.

Blue, fawn, gold and shadings—black, grey and fawn shadings—brown, black and fawn and red retouching—there is never-ending variety and character to two-tone carpets. See the window and enquire about prices that begin at \$32.
