KILLED BY HIS BROTHER, WHO THOUGHT HIM DEER

Arthur Duplissea of Enniskillen Meets Tragic Death in The Woods

A sad shooting accident occurred yesterday at Enniskillen, N. B., in which a well known young man of that place, Arthur Duplissea, was killed in mistake for deer by a bullet from the rifle of his brother, Andrew. The fatality has caused a feeling of gloom throughout the community and there is deepest sympathy for all concerned, especially for the young widow and child of the deceased. The two brothers started into the woods yesterday afternoon about three o'clock in company with a friend named Howe, each taking a rifle. They separated, Arthur taking one course and his brother and Howe another. When the latter two got to a spot between Enniskillen and Hoyt stations they thought they saw a deer. Arthur fired and then, running forward to see if he had found his target, discovered to his horror that he had shot his brother. With Howe's assistance the wounded man was taken towards the railway, but he died before they got there. He had been shot through the jaw.

Besides his wife and child he is survived by his mother, Mrs. Duplissea of Fairville, and two brothers, William and James, the latter a former member of the 28th Battalion. The dead man was a brakeman with the C. P. R. last winter, and was favorably known to many friends who will be shocked and grieved to learn of his tragic death.

OUR TURNIPS TO U. S. MARKET

Shippers Paying \$3 For Potatoes - Death of Mrs. Mary J. Stafford

(Special to Times.) Fredericton, N. B., Nov. 10.—There is a fairly steady movement of turnips out of New Brunswick to the United States market with prices fifty-five and sixty cents a barrel. This is a fair price compared with other seasons. The crop is large and the demand not heavy. All the turnips required are coming forward to supply the market.

In the potato market things are quiet at present, with prices unchanged. Three dollars a barrel is the price being paid by the shippers. Stock is coming to the shippers in good condition. The potatoes have been well sorted by the farmers and there will be no further trouble from rot depleting the stock. Mrs. Mary J. Stafford, widow of Robert Stafford, died on Sunday in Marysville at the advanced age of ninety. She is survived by five sons, George, Samuel, John, Frederick and William, also two brothers, James Wister of Marysville, and Thomas Wister of Los Angeles. She was the widow of the west representative of Marysville, having come from Leppreau, Charlotte county, with the late Alexander Gibson, founder of the town and his party.

UNDER SPEEDY TRIALS

Cases up Today Before Judge Armstrong in County Court. In the county court this morning the cases of the King vs. Jas. Crawford and the King vs. Smith and Stanton came before Judge Armstrong to be tried by speedy trials. Crawford and Stanton pleaded guilty to breaking entering and stealing. Smith and Stanton pleaded not guilty to stealing lead from the city. J. M. Paterson identified a section of pipe by markings as belonging to the city and identified Stanton as being employed on a truck by the city.

S. A. Sewell, superintendent of the water and sewage department, identified the section of pipe as belonging to the city and the scrap lead as coming from Brussels street or City road. Jacob Freedman, metal dealer, testified that Smith sold him 1470 pounds of scrap lead on Oct. 9 similar to the lead exhibit and gave his name as Harry Goodwin of 17 St. Patrick street. On the 10th, he said, Smith returned with four coils of new lead pipe which he (Freedman) refused to buy. He said Smith returned next morning with a quantity of lead pipe cut into short lengths which he also refused to buy. Detective Biddiscombe gave evidence of finding a barrel and bag of cut up lead piping near the Canadian Brush Factory and of the arrest of Stanton. Acting Detective Saunders gave evidence of finding the lead and notifying Detective Biddiscombe and of the arrest of Stanton and later of Smith.

A man named Baxter was called and testified that the lead was stored in his barn by Gilberts, who had since gone away, and that he (Baxter) hauled it to Freedman's. He said that Smith received \$40.96 for the scrap lead and handed the money to Gilberts who paid Baxter \$8 for hauling the lead. Next day he said he found Gilberts Stanton and Smith cutting up the lead pipe in the barn. When Freedman refused to buy this they took it to the dump and left it there. Mr. Barry for Smith said that Smith had been drinking for some weeks and did not remember anything about the affair. He spoke of him as a good worker and having a good character until he began to drink six or eight months ago. Wm. M. Ryan for Stanton said that Stanton has a wife and five children, has been overworked and granted a pension which he would lose if convicted; that there was no intent to commit a crime and that he trusted his honor would take these facts into consideration. C. S. Hanington spoke of knowing of Smith's previous good character. The court was adjourned to 5 p. m. to make further inquiries.
