

LOCAL NEWS

The monthly meeting of the Community Boys' Council was held last evening in the Y. M. C. A. Reports from the various city churches in regard to co-operative church work were submitted at the meeting.

Mrs. Fred Rous, daughter of Mrs. A. H. Hanington, is expected to arrive in the city at noon today from Toronto to meet her husband, Lieutenant Rous, who is returning from France on the Melita.

The Rosebud Day receipts amounted to \$2,288.65. The Local Council of Women under whose auspices the day was conducted, are much pleased with the success of their undertaking. The money is to be used for buying furnishings for the Children's Home in Garden street.

A party of six Canadian officers arrived in the city yesterday aboard the freight steamer "Telegraphus." Temporary cabins had been erected on the deck of the steamer. The officers were by no means of means pleased with their accommodations for the trip across.

CALLERS ON ACTING MAYOR.

Acting Mayor Fisher had a rather busy afternoon yesterday. As a result of negotiations regarding the widening of the corner of Mill and Union streets, S. H. White, of Sussex, one of the property owners affected, accompanied by his lawyer called on the acting mayor and discussed the proposal. Commissioner Fisher will have a report to make to council on the matter. Acting for the public utilities board, D. F. Maxwell, engineer, also called in search of information for use by the commission in reaching a decision on the complain of the N. B. Power Company that their tracks in Rodney wharf had been seriously affected by deterioration in the city's wharf property. Mr. Maxwell was referred to Commissioner Bullock and was also in conference with the city engineer on the matter.

New Coal Mines.

A. G. Robinson, of Fredericton, has opened a new mine four or five miles east of Minto at Iron Bound Cove. The prospects are very good and stripping operations are now under way. The seams are from six to eighteen feet under the surface. Mr. Robinson visited a new district at the Westmorland-Kent boundary line about three miles east of the Intercolonial railway. The find there is similar to that at Beersville.

Divorce Court.

The court of divorce and matrimonial causes met in Fredericton yesterday. Mr. Justice Crockett presiding. A. J. Gregory, K. C. counsel for the plaintiff in the suit of Fitzrandolph vs. Fitzrandolph, appeared and moved that the case be set for the next term of the court. The motion was granted and the court adjourned sine die.

"Regular as Clockwork"

You can foretell the future

You say "The man who could foretell illness would make a fortune!" Of course no man can—in the sense you mean. But you can tell pretty accurately what to expect your own body to do.

How?

Get this simple physiology:

Your body machine has to be repaired. It also must have fuel to supply heat and energy. Your food supplies both repair material and fuel. But a furnace always produces ashes and clinkers. If these accumulate, the furnace becomes clogged and cannot work properly.

If your bowels become clogged—you suffer from constipation. Perhaps you hurry to work or play and neglect to obey Nature's call. Waste matter stagnates in the bowels. You go right on eating, drinking, working. What happens? The constipation becomes established. Waste matter undergoes decay, fermentation and germ action. Poisons are formed, absorbed, carried all over the body. They attack the weakest part of you first.

Then you know you're sick. In reality you've been getting sick since you missed that first movement.

If you want to keep well—wholly well, all the time, so that you're on your toes every day, remove the waste.

Many people take pills, castor oil, purgative mineral waters to force the bowels to act.

These act, but they irritate, tire out the intestinal muscles, make the trouble worse.

Others take "salts" which attract water to the intestines and flush the bowels—about as gently as a fire hose. A re-action follows that makes the intestines dryer than ever and aggravates the constipation. You needn't do this and weaken your system just because all of your ancestors did.

The Nujol Treatment moves the waste regularly, and easily. It is a purely mechanical process, absolutely harmless, based on a simple principle—that you can move a softened mass out of a tube more easily than a hard, dry one. It doesn't gripe—you won't know you have taken anything until after a few days your bowels move at the regular hour. It makes you "regular as clockwork."

Don't try to foretell illness. Foretell it. Don't wait until you are sick. Keep well now. Your druggist has Nujol.

Warning: Nujol is sold in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
