### FERNHILL CEMETERY

At a meeting of the new board of directors of Fernhill Cemetery in the board of trade rooms last night, the proposal to increase rates for building monument foundations was discussed and it was decided to make no increase for the present. A possible increase in the charges for perpetual care of monuments was referred to a committee.

The election of officers took place as follows:— Election of officers and committees resulted as follows: Judge Forbes, president; Col. E. E. Sturdee, vice-president; executive, Judge Forbes, Dr. James Christie, R. W. Fries, John Ketchum, J. A. Likely, Peter Campbell, Lot committee, Col. Sturdee, John K. Schofield, E. L. Rising, F. E. Harrington, Geo. Kimball and C. E. Scamell.

### MORNING NEWS OVER THE WIRE

Vincent Astor is seriously ill in New York at the home of Mr. and Mrs. R. P. Huntington, parents of Miss Helen Huntington whom he is to marry on April 30.

Sir William Whyte, for years second vice-president, and director of the Canadian Pacific Railway, died yesterday in California. He had been expected to return to Winnipeg, Man., in a short time as his health had seemed better. Sir William was a native of Fifehead, Scotland, having been born in 1846. He came to Canada in 1868 and filled many minor offices on the Grand Trunk railway where he worked as freight clerk, station agent, business, and conductor for about twenty years. Later he joined the C. P. R. and became general superintendent of the Ontario division. He rose to the office of vice-president, and director. Sir William retired about two years ago, and later went to San Diego, Cal., for his health.

The Borden cabinet at Ottawa is somewhat short-handed through the illness of some ministers and the absence of others in travel. Hon. T. W. Crothers, minister of labor, is now convalescent. Hon. Frank Cochrane, minister of railways and canals, is now in London.

### THE BAPTIST MINISTERS

(Maritime Baptist.) The Tabernacle United Baptist Church has extended an unanimous call to Frederick P. Dennison (Ile.), of North River, to take up his pastoral duties May 1. Rev. J. H. MacDonald, D. D., has been secured by the German street church to supply the pulpit for the pastor, Rev. P. S. Porter, during the latter's absence in England.

The Glace Bay Baptist church extend a call to Rev. A. T. Dykeman, of the West End Baptist church, Halifax. (This call Mr. Dykeman has accepted, and will commence his ministry in Glace Bay in the middle of April. The Glace Bay church is fortunate in securing Mr. Dykeman for their pastor.

Rev. C. A. Tjader, pastor of the Penobscot group of churches, New Brunswick, purposes leaving his field of labor at the end of the period for which

### Want Pink Cheeks—Red Lips?

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is there is not enough red corpuscles in the blood—under a microscope the blood is thin and watery. The flesh is flabby too. Well known physicians assert that the regular administration for several months, of three-grain hypo-nucleate tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. For self-administration, obtain from any of the best apothecary shops.

### FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

### Nyal's Spring Tonic

### DISEASE IS DUE TO BAD BLOOD

To Cure Common Ailments the Blood Must be Made Rich and Red

Nearly all the diseases that afflict humanity are caused by bad blood—weak, watery blood poisoned by impurities. Bad blood is the cause of headaches and backaches, lumbago and rheumatism; debility and indigestion, neuralgia and other nerve troubles, and disfiguring skin diseases like eczema, and salt rheum show how impure the blood actually is. No use trying a different remedy for each disease, because they all spring from the one cause—bad blood. To cure any of these troubles you must get right down to the root of the trouble in the blood, and that is just what Dr. Williams' Pink Pills do. They make new, rich blood and thus cure these diseases when common medicine fails. Mrs. John Jackson, Woodstock, Ont., suffered from both nervous troubles and a run down condition and experienced a complete cure through the use of Dr. Williams' Pink Pills. She says: "I was a sufferer for a number of years from neuralgia, and a general debility of the nerves and system. I had tried several doctors and many medicines but to no avail, until I began Dr. Williams' Pink Pills. At the time I began the Pills I had grown so bad that I could hardly be on my feet and was forced to wear elastic bandages about the ankles. The pain I suffered at times from the neuralgia was terrible. I had almost given up hope when I began the use of Dr. Williams' Pink Pills. In the course of a few weeks I felt an improvement, and I gladly continued the use of the Pills until I was once more quite well and able to attend to all my household duties." If you are ailing begin to cure yourself today with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.80 from The Dr. Williams' Medicine Co., Brockville, Ont.

he accepted the call of the churches, May 1, to revisit his homeland, Sweden, during the summer; after which he hopes, God willing, to go to the parts of the United States or Canada. Penobscot will, therefore, be without a pastor from May 1, and any minister desiring a new field of labor would do well to communicate with either of the clerks of the Cardwell or Penobscot churches.

### THAT TIRED FEELING IN THE SPRING

That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils and other eruptions are signs that it is impure; and it is also a sign that your system is in a low run-down condition in which it will be easy for you to contract disease if exposed to it. Ask your druggist for Hood's Sarsaparilla. This old standard tried and true blood medicine relieves that tired feeling. Get Hood's today.

### REVIVES FEDERATION OF CATHOLIC SOCIETIES

At a well attended open meeting, held in the rooms of the A. O. H. in Union street last evening in honor of visiting members of the provincial board, able addresses were heard and matters of interest discussed. George McDermott, president of Division No. 1, presided. A federation of Catholic societies which has many times been discussed in this city, was revived by the meeting. Canada was advocated by some of the speakers.

At the meeting of the provincial board in the Park Hotel yesterday afternoon it was decided to erect a memorial to the Irish immigrants buried on Partridge Island. Preparations were made for the convention to be held in August in Fredericton.

Among the speakers of the evening were E. C. Barry, of Fredericton, provincial president; A. D. Francis, of Sydney, vice-president; W. O. Hayden, of Halifax, secretary; M. P. Haley, of Fredericton, treasurer; A. C. Smith, of Sydney; John Doherty, of Westmorland; Rev. C. J. McLaughlin, chaplain of the order; Rev. M. F. Howland, Daniel Mallin, K. C., and H. O. McNamee. All the speeches were of a high order. The work of the order was reviewed, but Mr. Hayden, of Halifax, reviewed the matter of the federation of all the Catholic organizations for the purpose of securing union and strength. This suggestion evoked considerable ap-

### What Dyspeptics Should Eat

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity, therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphate of magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphate of magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphate of magnesia from your druggist, eat what you want at your next meal take some of the bisulphate of magnesia as directed above, and see if I'm not right."

### RADIUM FOR DEAFNESS

Berlin, April 12.—A congress of European ear specialists will meet in Cologne on April 26. Special attention will be devoted to the question of the treatment of deafness and other affections of the ear with radium and mesothorium.

Doctor Hugel, who has been using radium for deafness, semi-deafness, sclerosis of the ear, and buzzing noises, claims entire success in the last half of eighty or ninety cases so treated.

French specialists are reported to be skeptical regarding the value of radium for ear troubles. German specialists are divided in opinion.

## OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLD OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any

drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.
