Never Questioned. Royal Baking Powder is absolutely pure and wholesome. It is made from highly refined, pure, cream of tartar, an ingredient of grapes. Not an atom of unwholesomeness goes into it; not an unwholesome influence comes from it. It perfectly leavens the food, makes it finer in appearance, more delicious to the taste, more healthful. Its superiority in all the qualities that make the perfect baking powder is never questioned. ROYAL BAKING POWDER Absolutely Pure No Alum

COMMERCIAL APPLE CROP LARGER THAN LAST YEAR. Washington, Sept. 22—Present indications are that the commercial apple crop of the United States this year will be far in excess of that of last year, but less than that of 1912 by several million bushels, according to announcement made by the department of agriculture.

THE WEST AND THE WAR

"When the war broke out we may have been the least little bit put out; but the people of the west are not easily downed and they set their teeth, put on a bold front, and proceeded with their work," said C. E. McPherson, assistant passenger traffic manager of the C. P. R., who has paid a visit to headquarters, from Winnipeg. "The people had that little depression; and now we have the war. On the other hand, the people in the west consider their resources, which are limitless; they look forward to the future—the immediate future and they see abundant prosperity. The crop was not quite so large as was expected. On the other hand, look at the prices, which will probably be enhanced during the winter. There will be an increased acreage showing in the immediate future, which will make a great difference in the total

can speak of their high spirit with confidence, because I know them. They are not in the least cast down. No disruption has been suffered in any quarter. There may have been a little slackening here and there; but, in other directions there is activity."

There is more catarrh in this section of the country than all other diseases put together, and the last few years were supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. The effect is instantaneous. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

THE Gurney-Oxford means perfection this year. It has many splendid points, of which these are the most important:— The Gurney-Oxford Economizer (not to be had on any other stove) is such a convenient method of regulating the fire and saving fuel that it certainly should be on the stove you buy. The fire is supported on grates that supply lots of air; coal doesn't smoulder, it burns, leaving clean, clear ashes—not clinkers. Clinkers mean waste. The heat goes directly to the oven where it should—over and under and around the oven, heating it evenly in every corner. It can't get up the chimney; it must do its work. These, briefly, are the devices that make the Gurney-Oxford the most perfect piece of stove mechanism ever devised.
