

# WOMEN'S FOREIGN MISSION SOCIETY.

---

The Women's Foreign Mission Society regret they cannot show such a good record this year as last, which closed with twenty-eight members, and one hundred and thirty-four dollars to send to the Central Society for transmission.

Four members only have been added during the current year; one has moved, one resigned, and one very dear to us all has been removed by death; six others, whose time we believe is fully occupied otherwise, have not renewed their subscriptions, so that we now stand twenty-two in all.

Treasurer's statement appended will show the financial result so far, but by sale of articles in hand we hope, by close of our financial year in March, to increase this amount by thirty or forty dollars more. All of which is respectfully submitted.

M. S. CHISHOLM,

*Secretary W. F. M. S.*
