

plan of finance for the appropriation of the missionary grants for the present year.

22. That after mature deliberation we do not see our way clear to make any change in the present mode of appropriating the mission grants, but would earnestly recommend the Conference to carry out this plan faithfully.

23. That with regard to the current payment of mission grants by the Superintendent of Missions, we are of opinion that the Stationing Committee should specify the more needy circuits to which the funds in hand shall be paid during the year, and that the rest of the circuits shall wait for the payment of the grants till the succeeding Conference.

24. That the Committee recommend that the travelling expenses and other incidental expenses connected with several of the stations be paid out of the Contingent Fund, and that a sum adequate for this purpose be reserved by the Stationing Committee, and appropriated to that Fund.

SECOND REPORT OF FINANCE COMMITTEE.—All the members being present, the subject of Connexional debts, and especially of encumbered chapel estates, being taken up for consideration, it was resolved,

25. That the Superintendent of missions be instructed to set apart for the payment of chapel fund debts the \$600 granted by the English missionary committee for chapel fund purposes.

26. That he shall pay the shares in the Building Society, and the interest on the debt accruing, and that he shall then pay the interest of other loans and hand over the balance of the grant from England to the Treasurer for mission purposes.

27. That the sum raised by the Chapel Fund in Canada be appropriated in the ordinary way.

28. That the General Superintendent be recommended to spend three months in the visitation of the Eastern Districts, Montreal, Johnstown, Cavan, Toronto and Milton, in connection with the interests of the *Evangelical Witness*.

29. That the Assistant Superintendent be authorized to
