**Grand Ducal Cruise.**  
The cruelties and vicious caprices of the  
Grand Duke Constantine of Russia are matters  
of history. The story of his ill-treatment  
of an officer of the name of Egoroff, at present  
though doubtless well remembered by his  
readers, will bear repetition. It is recorded by  
Harris in his "Russia and the Caucasus," and  
has performed nearly all the evolutions of  
the parable satisfactorily, when it suddenly  
became realistic, and would have met with  
the approval of the most fastidious of  
scholars.
